GUELPH EXPECTS STIRRING CONTEST ON RADIAL MATTER

Beck Supporters Will Fight Grand River Railway Agreement.
TO PUSLINCH LAKE
Projected Line Brings Pleasure Resort Closer to "Royal City."

Guelph, July 18.—The controversy which is being waged over the proposed agreement between the city of Guelph and the Grand River Railway Company, a subsidiary of the C.P.R., is gathering force, and indications are that before Aug. 11, when the bylaw goes to the vote of the people, there will be a stirring contest, reminiscent of the battle in Hamilton. At any rate that is what Beck supporters say, and before long it is safe to say a campaign will be in full swing.

Supporters of the proposed agreement do not relish the criticism emanating from Toronto and elsewhere, and the mayor and others, apparently resentful, make a point of emphasizing that the people of the Royal City are quite capable of looking after their own affairs, that they give the assurance that if the vote is favorable the agreement will be submitted for the approval of the Hydro Commission.

It is urged by those who are behind the agreement that the Guelph radial railway, run by the city has been losing money, that it would be better in the hands of experts and that a connection with Hepler and a spur to Puslinch Lake would meet a long felt want by the public. They also assert that they fall to see where it interferes with any of Adam Beck's plans, the Ald. Hannigan, who is doubtful of the agreement, takes another view.

According to the agreement, which was published today for the first time, the Grand Company shall on certain conditions for a period of 25 years from the first day of September, 1919, undertake the management and operation of the radial railway.

YOUNG LOCHINVAR!

Their Deeds Shall Live Forever TODAY IS "DER TAG"

Shakespeare To the Returned Heroes.
"He that outlives this day and comes safe home, Will stand a-tip-toe when this day is nam'd; He that shall live this day, and see old age, Will yearly on the vigil feast his neighbors, Then will he strip his sleeve and show his scars, And say, 'These wounds I had on Crispin's Day,' Old men forget; yet all shall be forgot, But he'll remember with advantages, What feats he did that day. Then shall our names, Familiar in his mouth as household words, Be in their flowing cups freshly remembered. This story shall the good man teach his son; And Crispin Crispian shall ne'er go by From this day to the ending of the world, But we in it shall be remembered; We few, we happy band, we band of brothers."

The Song of Victory

Now is the winter of our discontent, Made glorious summer by this sun of York; And all the clouds that low'd upon our house In the deep bosom of the ocean buried. Now are our brows bound with victorious wreaths; Our bruised arms hung up for monuments; Our stern accents changed for merry meetings; Our dreadful marches to delightful measures. Grim-visaged war hath smoothed his wrinkled front."

PEACE DAY MESSAGE TO CANADIAN PEOPLE

Enter Upon a New International Era, With a New Charter of Liberty—Joy Bells Will Ring Out the Notes of Peace in All Parts of the Empire.

Ottawa, July 18.—Sir George Foster, acting prime minister, today issued the following peace-day message to the Canadian people: Tomorrow throughout the world-wide realms of the British empire, the advent of peace will be gratefully acclaimed with mingled feelings of sorrow and gladness.

For nearly four and a half years this peace has been fought for, longed for, and prayed for by countless war-worn millions, who in the meantime have been called upon to make incalculable sacrifices of life and property. The conclusion of the armistice on November 11 last, brought this peace within sight, and the signature of the treaty at Versailles on June 28 last, practically assured its advent. Tomorrow we celebrate its actual establishment, we close the long, terrible chapter of the great war, and enter upon a new international era, with a new charter of liberty and security.

FREIGHT EMBARGO ON COAST TRAFFIC

Order Follows Piling Up of Merchandise Owning to Seamen's Strike.

New York, July 18.—A freight embargo on coast-wise traffic was announced today by the coastwise shipping companies operating under federal control, as a result of the strike of seamen and engineers along the Atlantic and gulf coast.

The embargo has been foreseen for several days as a consequence of the rapid piling up of great quantities of freight, much of it perishable, at Atlantic and gulf ports, through the tying up of ships by the strikers.

G. H. Brown, secretary of the Seamen's Union, claimed today that the entire shipping of the country would be virtually tied up within two weeks if the struggle continued.

Men on Ferris Strike. Officers, water tenders and firemen of the municipal ferry boats running between Battery Park and Staten Island went on strike late this afternoon without a word of warning.

TORONTO REJOICES IN VICTORY WON

Exultant Citizens Proclaim Defeat of Germany by United Demonstration of Peace Thankgiving Throughout the City.

Never again, it is to be hoped, will the citizens of Toronto put on gala attire and gala faces to celebrate a glorious peace. For those two words, "never again," epitomize the cause that the British lion and his cub have fought for for five glorious, bloody years. Today the Prussian Junker and his myriads of Saxony and Bavaria, Austria and Turkey hurled to the dust, stripped of honor, pride of conquest and the spoils of war, the books of the clean nations and whine for a mercy-uncle's aid. Today that loyal patch of empire called Toronto rejoices without reservation, and for a peace which for all practical purposes began on November 11, 1918, but for this one glorious fact, "We have beaten Germany." From Balmly Beach to Sunnyside, from the lake front to uttermost North Toronto, goes up today a psalm of exultation for the wonderful thing that God, that the brave hearts of his chosen, has given to humanity—victory over Germany. What matter industrial troubles the world over? What matter the high cost of living, droughts in Saskatchewan, discord over transportation or the price of wheat? "We have beaten Germany!"

Last Night's Foretaste. Yonge street last night presented a very animated appearance, and good forecasts were given of what may be expected in connection with the events of today. Many vendors were selling flags, which commanded a ready sale, and the youngsters were busy letting off crackers, much to the consternation of not a few of the passers-by.

Everybody seemed in high spirits, and the atmosphere of peace appeared to prevail everywhere. The many decorations were generally admired. There was evidence all over the city of preparedness for the great day, and the people of Toronto can fairly be left to do justice to the occasion.

Among the numerous peace day celebrations which are scheduled for today, none are so unique as that planned by residents of East York. The citizens on the street have received permission from the city to close the street from 2 o'clock in the afternoon till 12 midnight, and it is the intention of the local committee to present every one of the forty returned soldiers who live on the street with a pair of golf cut links.
