WITHOUT FOOD FOR DAYS ENGLISH FAMILY SUFFER

Woodstock Citizens Relieve Their Necessities When the Facts Become Known.

WOODSTOCK, July 11.—(Special).—An English family named Kent, who have been in the city for several days, was found to be penniless and starving to death in a little room over Lawson's Bakery.

James Kent, head of the family, is a sober and industrious worker, and had been engaged for four months since coming from England on a farm near Norwich. He found it impossible to make things go sufficiently to support his wife and four children, and, in consequence, came to Woodstock to get work.

He did not find work when he came here, and for four days the family has been existing without a morsel of food and without a penny to purchase relief.

Their straightened circumstances were discovered by Peter Irving, a local auctioneer, who secured work for Kent. The latter, weakened by the absence of bodily nourishment, lasted only two hours at work, when he collapsed.

A collection was taken up and food secured for the family.

EIGHT OVERCOME BY GAS And Die in Pennsylvania Mine—Rescuers Nearly Suffocated.

HAZLETON, Pa., July 11.—Eight Italian miners were killed and five injured in an abandoned mine of the Lehigh Valley Coal Company, at Honeybrook, today. Two of the men were taken into the mine to measure the water. Then two more were sent in to assist them. It was believed that the force was inadequate, and the others were ordered to help them. When the men did not return after a reasonable time an investigation was made and the presence of fire damp was discovered.

Dr. John Farrer of Auderick was lowered by a rope into the mine, a distance of 160 feet. He was overcome and had to be hoisted out and revived. Later a rescuing party followed and was also overcome after one body had been recovered.
