## GOVERNMENT BROKE FAITH ON PROHIBITION QUESTION

St. Paul's Young Men's banquet, 8 p.m.

Hamilton, March 19.—Most of to-day was spent in committee work by the Dominion Council, R. T. of T. To-night the first report was presented. It was the report on temperance and prohibition, and it was adopted without discussion. It expressed gratification at the prohibitory law in Prince Edward Island and the work in Manitoba, but regretted the bad faith of the Ontario and Manitoba governments.

In case of the former, the report says the government has evaded fulfillment of distinct and repeated pledges by providing that the act shall come into force only on a popular vote of the people, taken under unfair and vexatious conditions. Continuing, the report stated that violations of pledges were regarded as immoral and the friends of prohibition were called to rise above party prejudices and show their disapproval of the breach of faith in the most emphatic manner. The Ontario Grand Council was authorized to appoint a committee to negotiate with the Dominion Alliance, with a view to obtaining pledges from parliamentary candidates. The Medal Committee and the official Organ Committee also reported. Satisfaction was expressed at the way in which the society's paper is being conducted.

**Police Points.**  
This afternoon Ezekiel Morton, familiarly known as "Mac," a colored man, was arrested on a most revolting charge. His 16-year-old daughter Mary charges him with indecent assault.

John Toner was fined \$3 for disorderly conduct on the street.  
Police Major Prentice is holding down the chief's chair to-day. Chief Smith is laid up.

**Visited Oakville Masons.**  
A. M. Cunningham, D.D.G.M., paid his official visit last evening to Oakville Lodge, No. 400. A. F. & A. M. He was accompanied by A. T. Neil, district secretary; W. G. Reid, John Malloy, George C. Holden, W. M. Logan, Thomas Peck, and others.

**Are Getting Anxious.**  
A number of local law firms have received letters from Kerr, Davidson & Co., Toronto, the law firm acting for the Dominion government in the Peter H. Hamilton mortgage case, asking if steps are being taken to decide on a line of action. There will be a meeting of the Hamilton Law Association to-day.

**Home for Nurses.**  
Mrs. Wm. Hendrie has offered to build a home for nurses at the Hamilton Hospital, the estimated cost of which will be \$700. The announcement was made at the meeting of the Board of Governors.

## Public Amusements

**"The Liars" at Shea's Next Week.**  
"The Liars," which will be seen at Shea's next week, was produced at the Criterion Theatre by Charles Wyndham, and is being revived at the Wyndham Theatre, London. This is one of Henry Arthur Jones' best comedies. It is well written, has an interesting heart story, and yet withal sparkling with brilliant repartee. In New York city this play achieved an instantaneous success. Mr. Otis Skinner was also a star in another company which produced this play. There will be a special matinee on Good Friday. The excellence which is presenting "Lord and Lady Algy" at the Yonge-street theatre this week, was a surprise to those who expected to see an ordinary everyday stock company. The lavish manner in which Mr. Shea has mounted this play, with entire new scenery and stage setting was another surprise. Never in the history of Toronto has a stock company been put on in such a pretentious manner, there was nothing left undone and no expense spared to make everything as perfect as possible.

**When O'Neill Comes.**  
The stage of the Princess Theatre has been practically remodelled, to accommodate the scenery and effects of the James O'Neill Company, which will be seen at the playhouse next week in Lieber & Company's tremendous production of "Monte Cristo." Lieber & Company have already given us Kyle Belieu in "A Gentleman of France," Mrs. Sarah Cowell LeMoine, and other immense attractions, including Mrs. Patrick Campbell. They also control Mme. Eleonora Duse, Viola Allen and other leading companies. It is said that this is the most stupendous scenic production they have ever made. Mr. O'Neill's company is a notable one. It includes Frederic De Belleville, James O'Neill, Jr., Warren Conlan, Edward Lally, Claude Gilbert, Joseph Slaytor, Mark Ellsworth, Miss Selena Johnson, Kate Fletcher, Virginia Keating and over 50 others. The sale of seats for this great attraction opened this morning. There will be a special matinee on Good Friday, in addition to the usual matinees.

**Westminster Choir Coming.**  
Mr. Stewart Houston received a cable yesterday from Mr. Edward Brannecombe, principal lay vicar of the Westminster Abbey choir, stating that he is to be done.

**Amateur Minstrels.**  
The Victoria Yacht Club Minstrels gave their first performance in the Grand Opera House to-night. The place was packed long before the curtain went up. The performance was much enjoyed, particularly the first part. The soloists were T. Sweeney, Harry Eckstein, Bert Stoneman, Robert Allan, George H. Nicholson, Ray Hill. A feature of the program was a sand jig by J. Breheny and Billy

tion in a few days to decide on what is to be done.

**Proposed Island Improvements.**  
An idea of the proposed improvement to the Island by railways and watercourses can be gained from the above plan. The plan of Control will consider the matter to-day. The Island Committee, in view of the large amount of money which is expended annually for dredging and filling on the island, without any definite plan or scheme for the general improvement of the island first being adopted by the Council, instructed the Assessment Commissioner and Park Commissioner to prepare a plan. In compliance with such instruction, they have submitted a plan showing waterways, roads and bridges, which improvements, if carried out, would increase the value of the island generally, and make it one of the most beautiful places to visit. The committee, believing that this is a matter that should receive most careful consideration, as it embodies the carrying out of improvements of advice on the subject of the island for all time to come, felt that the adoption of a first-class landscape artist should be secured in the proposed plan now submitted, and with this the services of Frederick Law Olmstead of New York be secured, to advise with the Assessment Commissioner and Park Commissioner their plans, and that he be paid the sum of \$500 for his services.

**Trouble in Macedonia.**  
Vienna, March 19.—The Neues Wiener Abendblatt says in its issue of to-day that serious troubles are anticipated in Macedonia. The Porte has ordered 35,000 men to be sent to Macedonia and Albania, says this paper, and there seems to be no doubt that the agitation is the work of Boris Sarafoff, formerly of political Macedonia committee, who is using Miss Stone's ransom in his efforts. Sarafoff's bands, says the Abendblatt, are carrying on murder and incendiarism, and are blackmailing the Bulgarian agricultural population of Macedonia.

**Witness Has Smallpox.**  
Windsor, March 19.—John Lonsberry, a master witness, claimed to have given Jessop \$48 with which to purchase a syndicate in Detroit, and says, "Hoffmann said, had told some raising tales of losing the syndicate by one of his own and the syndicate was a failure. Lonsberry said he was swimming several hundred yards in Lake Erie, and the witness Jessop admitted selling the syndicate to Detroit and keeping the money. The witness Jessop's evidence can be secured."

**There Are Many.**  
Food Coffee, which is a liquid food of high character that at once begins rebuilding the destroyed nerve centres. These are facts, facts, facts, and they mean health conferred and continued. If one will only wake up and take a glass of this liquid food, they will find it a delicious beverage if made strictly according to directions, and it is easily done. Don't take any cook's excuse or statement that she followed directions. If your Postum comes to the table weak and unpalatable, you can depend upon it, the cook has slighted the job. It is the easiest sort of preparation to make good Postum. It only needs attention. Put a piece of butter twice the size of a pea in the pot to prevent boiling over. All first-class grocers sell Postum.

would sail with a party of the principal male voices of the choir for Canada, arriving in Halifax on April 15, for a brief tour of the Dominion. It will be a party considerably larger than the Glee and Concert party of last year, and who were heard in a few cities with such success, and they will be heard in Toronto during the first week in May.

**Redemption on Good Friday.**  
Probably the most complete and artistic production of oratorio yet given in Toronto will be the rendition of Gounod's "Redemption" on Good Friday evening, March 28. The presentation of living and educational music of sacred oratorio, peculiarly appropriate to the anniversary of the Saviour's death, given on Good Friday at Massey Hall instead of a purely frivolous entertainment.

**The Four Cohans Coming.**  
"The Governor's Son," the successful new musical farce, in which the versatile comedians, the Four Cohans, are starring, has been staged under the direction of R. A. Roberts, who has officiated in the same capacity for many of the most notable productions of recent years. In none, however, has his genius for stage management been better displayed than in this new piece of the Cohans, which will introduce those favorites as full-fledged stars at the Grand Opera House next week.

**"McFadden's Flats" Next Week.**  
"McFadden's Flats" will be seen at the Toronto Opera House next week in a brand new dress, new scenery and costumes. In fact, everything new but the title. It is the "up-to-the-minute" comedy, produced of the stage, and is always fresh and full of side-splitting scenes and dialogues. A large and notable company is engaged to present this

## HELP THE COLONIES.

Consideration of Canada's View of a Preference in London.

London, March 19.—Mr. Borden's complaint that Sir Wilfrid Laurier seemingly excluded defence finds many of the Ministerialists, who themselves propose a closer form of inter-imperial defence co-operation. The budget statement is most sympathetically received. The Pall Mall Gazette (Ministerialist) says Our Lady of the Shroud is probably misnamed, had better be christened Our Lady of Success and Hope. If arguments are equal the Chancellor of the Exchequer will give Canada's view of a preferential tariff the benefit of his doubt. It adds: "Give the younger a leg up" is for colonies as well as individuals.

**ALMOST INSTANTLY KILLED.**  
Charles D. Reynolds of Winnipeg Fell From a Ladder.

Winnipeg, Man., March 19.—Charles B. Reynolds, night clerk of the Queen's Hotel, about 2:30 o'clock this morning went to the bathroom to make some slight repairs required there, and fell from the ladder and struck his head on the radiator, causing almost instant death. He leaves a wife and several young children. Before coming to Manitoba he was employed in a brewery, and previous to that he was well known to the traveling Hotel since the boom days.
