

PEEL OLD BOYS AT HOME

Continued From Page 1.

was no limit to the foreign market for any produce that Canadians could raise. It was not many years since the Canadian people had first sent cheese to the British market, and now 70 per cent. of the cheese consumed in Great Britain was made in Canada, and the Premier wanted to see the other 30 per cent. made in Canada. In butter, however, only about 5 per cent. of the amount consumed in Great Britain was made in Canada, and here Mr. Ross considered was a great opportunity for Canadians.

He complimented the Peel Old Boys' Association on their splendid turnout. "These Old Boys' Association," said Premier Ross, "tender to foster those feelings of patriotism without which no country could establish itself among the other countries of the world." He then repeated his thanks for the honor and pleasure he had in being at the Peel County Fair, and in declaring the same duly open. Ex-Mayor Howland then made a brief reply, and the ceremonies were over.

Fair is a Fine One.
The officers and directors of the County of Peel Agricultural Society had every reason to be proud of the fair, which opened on Thursday and continued to-day amidst attractive surroundings and attended by one of the largest crowds in the history of the fair. There were splendid entries all down the list, in the horses, sheep, cattle, pigs and poultry. The latter was a particularly good show, and included some splendid birds, giving the judges plenty of scope for their judging ability. Roots and garden produce, flowers and fruits, were represented in some beautiful varieties. The manufacturers were well represented, as were also the ladies in their fancy work department, which included some excellent samples of what patience and skill can accomplish. Great interest was evinced in the competitions in the horse ring, and some splendid trotting and pacing was witnessed on a first class track.

Results of Trotting Races.
Great interest centred in the trotting races which were run on the very fast half-mile track, and which afforded grand sport to the five thousand people who were on the grounds. In the first event, the 2-32 class, Harry S. won, Billy O. second, and Billy Hamilton third. In the free-for-all Gypsy Girl won in three minutes, Harry S. being second and Charlie Tuttle third. There was also a race in the farm-class.

Concert and Banquet.
In the evening the old boys had a very successful concert in the concert hall, with a splendid program by the Grenadiers Band and several songs, which were all well received, especially those of Mrs. J. A. Bain and Miss Helen Watson, which earned several encores. At the banquet at the Royal Hotel the Peel Agricultural Society held joint away again with the old boys. Among those present were: Mayor F. C. Justis, in the chair; Dr. Quinn, president of the society; County Treasurer Crawford, and Peel's two wardens, ex-M.P.'s W. A. McCullough and Kenneth Chisholm. Toasts were honored to the King, the Peel Old Boys and the Town of Brampton. Secretary A. H. McConnell responded for the old boys and first of all their first dynamite bomb, leaving E. J. Hearn, J. A. Proctor, ex-Mayor Howland and E. J. Eargrey following in short but lively speeches on the same line. The toast of the town was responded to by W. E. Milner, W. A. McCullough and Kenneth Chisholm. Post Scully recited an original poem on old boys, which was received with great enthusiasm, and called forth repeated applause.

At the Queen's.
Major Maslin, secretary to His Excellency the Governor-General, is in the city and staying at the Queen's.

The annual harvest services will be held in the Church of the Epiphany, Beatty-ave., on Sunday next. The preacher will be Rev. J. Robertson of St. Thomas' Church, Hamilton. There will also be appropriate music by the choir.

BOY WHEELED INTO TROLLEY.

Alex Campbell, Aged 14, Sustains Fracture of the Skull.

Bleeding profusely from both ears and nose, George Alexander Campbell, 98 West Richmond-street, was brought into the Emergency Hospital last night. The lad, who is only 14 years old, was wheeling down Yonge-street behind a Winchester car. When he reached Trinity-square he suddenly turned into the other track. No sooner had he turned his front wheel than he saw a College and Yonge-street car approaching. He was going so fast that he did not have time to clear the track before he was struck. He was picked up and taken to a nearby drug store to await the arrival of the ambulance. Examination at the hospital disclosed the fact that he received a fracture to the base of the skull. He is resting comfortably and may recover.

J. P. Whitner returned yesterday after attending the Sunderland Fair, which he opened under very favorable auspices, about 400 people being present. Mr. Whitner spoke very enthusiastically of the splendid exhibits and pronounced the fair one of the best in its history.

SALE IS POSTPONED.

Philadelphia, Oct. 2.—The following statement, prepared for the stockholders of the Consolidated Lake Superior Company, was issued to-day by John C. Carruth, receiver:

Philadelphia, Oct. 2. To the stockholders of the Consolidated Lake Superior Company: The sale of the property of the company, pledged with Speyer & Company, of New York, for the loan of \$5,000,000, was to take place to-day, but upon urgent request, has been postponed until Oct. 8, at 12 o'clock. It is necessary that \$250,000 should be immediately paid into the Equitable Trust Company of Philadelphia, which will, upon proper vouchers, liquidate indebtedness of the Consolidated Lake Superior Company or subsidiary companies.

The payment of this sum will insure the further postponement of the sale for a period sufficient to enable the stockholders to accomplish reorganization if they act promptly and favorably by making this payment and providing for necessary expenses. It is imperative that the stockholders should pay on or before Oct. 8 to the Equitable Trust Company an amount of fifty cents a share.

CIVIC PERIL OF TO-DAY.

Chicago, Oct. 2.—Mayor Seth Low of New York declared before a Chicago audience last night that the grave and subtle dangers confronting cities to-day were those arising from the efforts of franchise thieves and contract grafters. The day of open robbery, he said, was gone, but an era of intrigue had replaced it. The remedy, he asserted, was to give the Mayor of a city great appointive and administrative power and then to hold him to strict personal account.

KILLED WHILE THRESHING.

Gainsboro, N.W.T., Oct. 2.—Bert A. Knox, a former resident of Ottawa, Ont., was accidentally killed while threshing on the farm of D. W. Burke of Elmore. It appears that young Knox was climbing on a load of sheaves, the horses jumping in some manner. He fell in front of the wagon, and one of the front wheels passed over his head, killing him instantly.

SUES FOR LIBEL.

Halifax, Oct. 2.—An evening paper publishes the following: Judge Meagher of the Supreme Court has retained Messrs. Borden, Ritchie and Chisholm to institute proceedings against Canada Law Times for publishing an alleged libelous and slanderous article at the time of the convention of the Maritime Board of Trade in Sydney, where, it is alleged, the judge made use of ungentlemanly remarks towards the delegates of the convention.

Why Many Men Drink.

From The London Graphic.
The Dean of Rochester, writing to a horticultural correspondent, says that men who do more to keep him sober than all the blue ribbons and medals worn by his vegetable garden. The practical statement of a fact which extends far beyond the vegetable garden, and which is too often overlooked. Drinking for the most part is a proof of nothing so much as a lack of interest in life. A workman who has no resources outside his round of daily toil goes when it is over to the public-house simply because there is nothing else for him to do to escape being bored. Hence, even if his wife be thrifty and his home well kept, the temptation is strong to betake himself to the public house, where at least he can meet and talk with his fellows. Give him a counter-attraction—something that he likes and can take a personal interest in—and the public house at once begins to lose its compelling power. This has been demonstrated over and over again where workmen have been supplied, or have supplied themselves, with machinery for manual recreation.

A New Type-Setting Machine.

A very ingenious electrical type-setting machine is briefly described by M. Tavernier in a recent issue of The Comptes Rendus of the Paris Academy of Sciences. The apparatus is similar in principle to the familiar Linotype machine, but the operations of typing the copy and casting the type are separated. The operator works at an electrical typewriter, which produces a perforated tape and at the same time an ordinary typewritten copy of the manuscript, which enables corrections to be made in the tape before the type is set up. The perforated type is passed automatically through the typesetting machine, which is also operated electrically. The advantage of this dividing the two operations is that the casting machine can be worked at a uniform maximum speed and is independent of the skill of the typist. A further modification of the machine allows it to be used telegraphically. The perforated tape produced by the typewriter is typed through a transmitter, which sends signals over the line and reproduces in a receiving apparatus a duplicate of the various pieces of apparatus are not given, but there can be no doubt that the invention is likely to prove of the value, which can be used in the typesetting machine. To

"Toronto-Hamilton-Brantford Limited."

Take the Grand Trunk Express at 9:00 a.m., which runs daily except Sunday, arriving Brantford 10:30 a.m. Express leaves Brantford 1:30 p.m., arriving Toronto 3:00 p.m., being the quickest train service between these cities. For tickets and information call at Grand Trunk City Ticket Office, northwest corner King and Yonge.

DEATH'S SUDDEN SUMMONS

Continued From Page 1.

venturous life, and traveled thru the Northwest Territory and British Columbia, in pre-railway days. He afterwards spent considerable time in a tour of Great Britain and Europe. He was a bachelor and had no relatives in this country.

He had made his home on St. Joseph-street for a long period of years. He was a man of the most lovable disposition, also presenting at times to strangers a gruff exterior. Many prominent young men in the legal and literary life of Toronto owe more than can be expressed to his helping hand and kindly advice. He had a singular attraction for children and his sweetness of expression was such as to draw all hearts toward him. A favorite diversion was the visiting on Christmas Eve of the homes of his young friends in a carriage laden down with gifts for their children and many a house will miss his annual visit. Most unostentatious in his generosity, he took great pleasure in surprising his intimates with timely gifts, and it may truly be said that he never let the one hand know what the other did. He was emphatic in his condemnation of the accumulating of money, believing that those who were favored with wealth should distribute it for the advantage of others and this practice he closely followed. He was most ardent Britisher and a believer in the upbuilding of Canada. In politics he was a conservative, and always expressed his opinions in the most emphatic manner.

Definite arrangements have not been concluded for the funeral, but it is probable that it will take place on Monday to St. Luke's Church, and the interment will be in St. James' Cemetery.

Their Titles Their Own.

Chicago Inter-Ocean.
It is generally supposed that an Englishman can only become a baronet or a countess by marrying a baron or an earl, but such is not the case. Ten Englishmen are peeresses in their own right.

Four of them—Lady Burdett-Coutts, Lady Cromartie, Lady Hamilton and Lady Macdonald of Erzescliffe—were given their titles direct by the late Queen Victoria. The other six—Lady Beaumont, Berkeley, Bessie, Conyngham, Gray and Kinnaird—descend in the female line from ancient titles which, by special provision, descend in the female line.

The late Queen Victoria admired her philanthropic work so much that she broke thru all precedents and made her a baroness.

Lady Hamilton was made a viscountess on account of the great services of her husband, the late Mr. W. H. Smith, who preceded Mr. Balfour in the leadership of the Conservative party in the House of Commons. He had been "sited" for promotion to the House of Lords, but died before that honor could be conferred upon him.

The Countess of Cromartie and Baroness Macdonald of Erzescliffe also enjoy the posthumous honors of their illustrious husbands.

Julia Marlowe's production of "Fools of Nature" is declared the most beautiful and artistic ever given to a society play. The rooms really look as if people might live in them.

If you think you MIGHT like a piano, but are not sure, and are hesitating accordingly, the Renting Plan, with option of purchase, should interest you.

With lots of people the great difficulty is to make a start. Everybody agrees that a piano is a good thing, and is almost an essential for the home; but many put off getting one, not because they can't have it, but because, having slight doubts, they hesitate.

There is no reason why you should hesitate when you consider that the renting plan allows you to take a piano immediately on merely nominal outlay, with the understanding that it can be purchased later, if liked, and I have all we may have received in rent and cartage deducted from the price.

We will rent you a thoroughly satisfactory new Upright Piano of your own selection at as low as FOUR DOLLARS a month and the expense of cartage. You can keep a piano at rent for as long as you may wish; it is kept in tune free of charge, and we are responsible for its good condition. A stool to match is included.

If after six months or thereabouts you conclude that the instrument is entirely to your liking, and that you wish to purchase, you can do so and we will allow from the price all we may have received in rent and cartage, and will arrange to receive the balance in small sums month by month.

The renting plan is a good one. Why not take advantage of it?

The old instruments that we get in exchange are overhauled and placed in the Basement. Sold at nominal prices... Your own terms.

Fur-Lined Wraps

In our fur salon we carry a comprehensive display of these very dressy garments. In the outer material there is a large selection of colors, ranging from the dainty light colors, suitable for opera wear, to the darker shades, suitable for carriage or street wear, while the linings are of the best squirrel. Many different fur are used in ornamentation of collar and fronts.

Novelties in Fur Neckwear

Our unique collection of Ruffs, Stoles and other fur novelties must appeal to every lady who appreciates comfort with elegance. Our neckwear is all made of the best skins, with that extreme care which characterizes all our work. Added to this the fact that our styles are those as worn in Paris and New York, makes a combination impossible to duplicate at our price.

Our line of Men's and Women's Raincoats is very varied in style and material.

FUNERAL OF HENRY CARGILL.

Bruce Old Boys Place Wreath on Casket at Depot Last Night.

Ottawa, Oct. 2.—(Special.)—The funeral of the late Henry Cargill, M.P., East Bruce, took place this morning from the Parliament Buildings at 10:30 for the Union depot.

There was a very large attendance, comprising Ministers of the Crown, including the Premier, senators and members of parliament, and many of the leading citizens of Ottawa.

The pallbearers were: R. L. Borden, M.P., Jas. Gilmour, M.P., A. F. MacLaren, M.P., George Taylor, M.P., P. D. Monk, M.P., Dr. Sproule, M.P., Nat. Boyd, M.P., and Col. Tisdale, M.P.

The train bearing the remains of the late member for East Bruce arrived on time last night and at 7:40 p.m. a special was on its way to his former home at Cargill, with the members of the family and the parliamentary party. From Ottawa there came Mrs. Cargill and her daughter, Mrs. Southam, who were met by the only son, W. D. Cargill, and Thos. Bain, Senators McKillop and Loughnan, and Messrs. Lancaster and McGowan, and Dr. Sproule represented the House.

—LIBERAL TERMS—

and accompanied the train to its destination.

There were a number of prominent citizens at the depot, among them being William Laidlaw, K.C., and Lieut. Col. Weir, William Houston, M.A., and James H. Spence, who, representing the Bruce Old Boys' Association, placed a beautiful wreath on the casket. There were also flowers from the Conservative members of the Commons, David Pottinger and others.

The funeral will take place on Sunday, and if arrangements can be made a special train will be run to Cargill to convey a number of former Bruce residents and others who desire to attend.

Albert Parr, who will appear in the all-star cast of "Erminie" at the Columbia Theatre next week, has won his way to the very front rank of dramatic tenors in an incredibly short time.—Boston Herald.

No Tax

on the digestive organs when

Grape-Nuts

IS THE FOOD

"THERE'S A REASON."

Selected field grains are put through a scientific process (that is really mechanical digestion) and Grape-Nuts come from the package already digested and ready for immediate assimilation WITH ALL THE NUTRIMENT LEFT IN.

Body and Brain get Nature's full quota of nutriment in such form the weakest stomach is not taxed to handle and assimilate it. Increased energy and brain power follows its use.

Heard that before?

Ever try the famous food to see if it's true?

A 10 days' trial works wonders.

"There's a Reason."

Look in each package for the "meaty" little book, "The Road to Wellville."
