**WORK NIGHT AND  
DAY ON THIS JOB**

Problem of Market Square Paving and the Traffic.

The road engineer of the city has a serious problem on his hands at the present time, and that is to rush along the paving of Market Square, and at the same time not hold up the street car traffic. As all the cars pass through this portion of the city, a hold-up there would mean a disruption of the whole service.

An effort would be made, the engineer said, to have the contractor work night and day on the track section, and he was hopeful that it would not be necessary to interfere with the cars for more than a couple of days. As one method of meeting the situation he was proposing to use pitch for the joints instead of grout, and that would allow the use of the rail as soon as the pitch was poured.

Commissioner Wigmore reported this morning that two crews of men were busy on the job which developed during the morning. One was in the 16 inch main at the head of Prince Edward street, where the test and definite work was being done. The other was in the main in Garden street.

Plans Treat for Orphans of the City for Next Week.

J. D. O'Connell, friend of the orphans, arrived in the city yesterday, and went immediately to Terryburn, where he attended the shop's picnic. Mr. O'Connell said today that it was his intention to hold his picnic here as usual, but if circumstances arising prevented him from doing so, he would do something else for the orphans, as each one of them had to receive his or her 80 cents, whatever happened. If nothing unforeseen occurred he will hold the orphan picnic next week, he said. He will also hold one in Sussex next week and very probably a joint one for Minto and Chipman. There will also be picnics on the North Shore and in Prince Edward Island and Nova Scotia.

"I see a hull lot of folks he's old coins layin' round," said Mr. Hiram Hornbeam to The Times reporter. "Talk about the nimble dollar—but I s'pose them pennies is just 'em fer curiosities. All the same I know some folks in The Settlement—that knows how to hold onto any old money or any no money they kin git. I ain't sayin' 'em folks here has all got the habit. I hear you hev two million dollars—an' after a few years you'll hev about two thousand dollars' worth o' scrap. But I s'pose folks thinks they git their money's worth afore they git to the scrap heap. But you got folks, too, that keeps a awful tight grab on whatever they git. You couldn't git 'em to start a little in-dus-try—or take hold of a hotel—or do anything but board it up. Mister—you wouldn't hear so much talk about people goin' to the States if them that has made their pile right here 'ud loosen up a little. I like what that there woman told the Rotarians yesterday. We got to wake up—yes, sir—we got to wake up—By Hen!"
