ST. STEPHEN ACCIDENTS.

More than 19,000 people attended the races in St. Stephen yesterday. A regrettable feature of the day was the number of accidents which occurred in the course of the horse racing. Consequence Kate, a horse driven by Jordan, made a break and fell. Uscita, owned by L. R. Acker of Halifax, coming up behind, plunged into the upset, both horse and driver going down. No serious damage was done. In another case a sulky struck something on the course, and the driver, Mr. Eiter of Amherst, was thrown, but escaped unhurt. Another

THE SHOP WHERE YOUR GRANDMOTHER BOUGHT HER BONNET

The Spear Millinery Co. announce the formal opening of their new building and millinery showrooms today, at the same location, 177 Union street, where since 1878, we have continuously sold millinery, for many years under the able guidance of the late Mrs. P. C. Richmond, and since 1914 by her grandson, Mr. K. D. Spear. Burned out on July 3, rebuilding operations were immediately commenced, and, thanks to the splendid ability and energy of George Lawson, the contractor, assisted by D. A. Gorrie of Halifax, who designed and installed the all-metal store fronts, Walter Sproul, the masonry work, The Webb Electric Co., and John Courtenay, the painting, have provided us with a building that is a credit to the city. Mr. Spear has personally selected in New York and Toronto hats from the best designers, and these, with others, will be on display, and an invitation is extended to all to visit and view the smartest hats in town. 9-16

\$190 Suite of Nine Pieces for \$135

Heavy buying on our part means a \$55 saving for you in this walnut finished Queen Anne dining room. The picture is just a suggestion of the grace and tone in this hand-rubbed wood. The chair seats are removable and of Spanish leather. The handles are all in antique gold—grey green. It may be had without the five foot china cabinet or a round table may be substituted. This one extends to six feet.

But the price is as remarkable as anything—

A Message

To women who like dainty undergarments.

We sell underwear at the mere cost of materials

If you are interested in beautiful lingerie and wish to see what a combination of a factory and a retail organization can accomplish towards producing and selling exquisite under-garments at unheard of prices, just read a few of the examples given here and then if you believe what we say, come in and see our display of fall Lingerie. See the garments themselves at first hand, observe the great pains taken to make each fit as it should—examine the quality of the materials—the workmanship—the careful tailoring—that smart appearance that no home can give and then we believe you will be convinced that it no longer pays to make your own undies.

You cannot make Lingerie as cheaply as this!

Below are four examples, our selling price and what it would cost you to buy the materials and make them. See what you save.

Why are we able to sell at such prices?

Because we import our own materials direct from their source of manufacture at prices much below what the retail merchant pays, then we make everything in our own workrooms and sell them in our own stores. No middleman takes a profit—we save money everywhere.

Be sure and see our display of New Fall Lingerie. You will be amazed at the low prices.
