Intermediates Organizing.
Plans for the baseball season are being made by the North End Nationals, an intermediate team. They will hold a practice tonight on Victoria square, after which a business meeting will be held in the Temple Lodge.
Civics To Have Strong Team.
The Civic baseball team was re-organized at a meeting held last evening in the public works headquarters, Carriethen street. George Buckley was elected manager for the season and Charles Aichorn captain. The team will start practicing next Monday on the Barrack Square.

Getting Schedule Ready.
Copies of the proposed schedule for the International League have been mailed to the various teams and it is expected that replies will be received next week. The date set for the league opening will be on June 4 and it is probable that each team will play between fifty and sixty games. The season is to end on August 25.

GOLF.
Outmet and Wethered.
Deal, England, May 11.—A brilliant Outmet of Boston defeated Cyril Tolley of Rye 4 and 3 in the sixth round match of the British amateur golf championship. Roger Wethered defeated Bernard Drew of Stoke, one up. Douglas Grant, Hoy St. George, defeated R. P. Humphreys of Stourbridge 3 and 2.
Wethered had a lead of five up at the turn and the excellent medal of 35. He dropped four holes on the home-ward journey and did not win one, but took the match by halving the last hole. Outmet was never headed by Tolley.
The Bostonian took the lead at the fourth hole and was one up at the turn. Thereafter he clinched the match by playing six holes in one under four. Robert Harris, Royal and Ancient, defeated W. W. MacKenzie, of Morton-hall, one up.

FOOTBALL.
England Wins Big Game.
England won the International association football game in France yesterday defeating the Frenchmen 4 to 1.

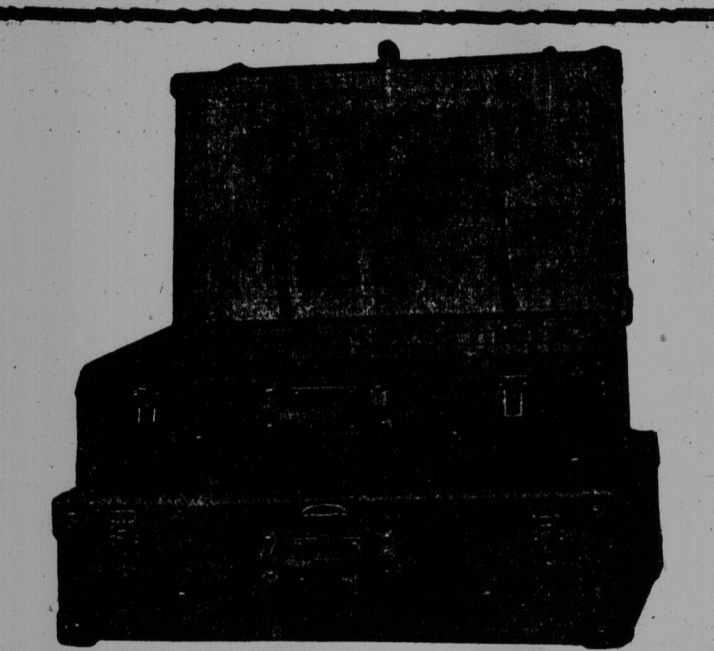

ATHLETIC.
Have Started Weighing In.
Preparations for the school boys' athletic meet are now under way and the "weighing in" which is necessary to classify the various groups, has commenced. The age and weight tests considered the only fair method in school boy competition. Entries for the meet, which is to take place May 15 and 19, will close at 5 p.m. Monday. Some of the boys have started practicing on the track.

KENNEL.
To Hold Dog Show in Halifax.
The Nova Scotia Kennel Club at a meeting held in Halifax last evening decided to hold a dog show in September 25, 26, 27. W. W. Laskey, of the N. B. Kennel Club, addressed the meeting.

ING.
Greb's Arm.
Pittsburgh, May 11.—Four physicians have been consulting on whether it will be necessary to amputate the right arm of Harry Greb, boxer and former light heavy weight champion of America, who was rushed to a local hospital following the discovery of an aggravated case of blood poisoning in his right arm near the elbow as a result of a scratch suffered in training for his bout with Jimmy Darcy, which was called off. Greb obtained permission from the

hospital authorities to appear before the Boxing Commission, and when his condition was ascertained he was rushed back to the hospital. Examination at the hospital showed a badly swollen arm, with discoloration as far as the elbow and shoulder. Greb's surgeon for his injury in its early stages aggravated the case, and heroic measures are being used tonight to prevent a spreading of the poison.

NEW AERIAL RECORD IS STIMULATING AVIATORS TO THRILLING EXPLOITS

Lieutenants MacReady and Oakley Kelley, Taken at the Start of Their Transatlantic Flight, Plan New Feats.
The T-2, in which the World's Non-Stop Record Was Made, is to be Preserved as Historical Exhibit. John Alcock and Arthur Brown, who Crossed the Atlantic in 1919 (Inset).
Washington, May 11.—A brilliant future in air service is practically assured by the recent record non-stop transatlantic flights of Lieutenants MacReady and Kelly, in the opinion of aviation experts. The possibilities of aerial achievement both in peace and war have been enormously increased, and the conquest of the Atlantic and the Pacific and the successful establishment of a twenty-eight to thirty-hour transatlantic mail service are planned.
A keen rivalry between the U. S. army and navy in aerial exploits exists, and the wonderful achievement in land flights accomplished by MacReady and Kelly has stimulated the navy aviation division to plan crossing the Pacific. Navy airmen say that this feat belongs distinctly to the naval aviation. The problems and dangers of taking a land plane over a long flight are different from those encountered in sea flights, and they point to their already established records in pioneer flights to the West Indies and to Panama.
The Pacific crossing would have to be made by a series of hops from one group of islands to another, the longest flight being from San Francisco to Honolulu, a 2,000-mile stretch, but since the transatlantic flight of 2,000 miles in twenty-six hours has been established by MacReady and Kelly it has been demonstrated that a plane can stay in the air more than twenty-four hours in continuous flight. Admiral Moffet, chief of the bureau of naval aeronautics, and all his subordinates are most enthusiastic over a Pacific flight, and are confident of receiving the approval of Secretary of the Navy Denby for the project, and that it will not be many months before the Pacific is crossed.
But for duration of flight and distance traversed the land flight cannot be compared to it in any way is the crossing of the Atlantic Ocean from Nova Scotia to Ireland, a distance of 1,000 miles, by John Alcock and Arthur Brown in 1919.
It is said that T-2, the plane in which

Macready and Kelly made their flight, is to be spared the customary fate of a plane when it gets worn out, and instead of being scrapped it will be preserved as an historic relic in the history of aviation.

"EBB TIDE"
Stevenson's thrilling story of the South Seas produced with all its Tingling Adventure, its Primitive Passion, its colorful love scenes, justified when one city is capable of sending 75,000 fans to a ball game while another is restricted by structural and population limitations to crowds of 25,000.
The judge said he had no suggestions to offer designed to meet the situation, but listened attentively to a description of a plan in vogue in the Southern league by which cities of smaller population are enabled to compete on even terms with larger cities in the buying and assembling of players, compared with the possibility of the two New York clubs, with great wealth obtainable through enormous attendance, outbidding any rival club in either league for the services of star players.

LADY DOKAYS ORGANIZED.

Piles
QUICKLY BANISHED
"I suffered years of agony through blind itching piles," says Mrs. W. Hughes, of Hochelaga St., Montreal. "Pain, loss of strength, complete misery, was my daily lot until I came across Zam-Buk. I know now that there is nothing on this earth to equal this grand herbal healer. Since Zam-Buk lifted me from misery my earnest wish is that it will be made known to all other piles sufferers!"
Words can never fully describe the grateful relief which herbal Zam-Buk brings. With it there is instant alleviation of burning pain and itching, swollen, inflamed parts are soothed and healed, causing the pain to gradually, but completely disappear. Zam-Buk is equally effective in curing, haemorrhoids, piles, fissures, swollen wounds, burns, scalds, etc. 50c. box, all dealers.

THE STORY
VICTOR, A DERELICT IN ALGIERS, shakes dice with Cigarette, the Daughter of the Regiment, to determine whether he shall fight with France or with her enemies, the Arabs. Cigarette wins, and subsequently learns to love the quietly forceful Victor, who is a man of mystery. Princess d'Amague arrives from England at the height of the intrigue against the Chateaubry promoted by the Arab Sheik Ben All Hamed, and it is revealed that Victor is in reality a British nobleman. His favor with the Princess earns him the hatred of his colonel who conspires to have him shot for treason. Cigarette, apparently accepting the advances of her enemy, the Sheik, learns of this and riding wildly with a stay of execution, arrives just at the crest of the Arab attack. What follows both in the way of stupendous action and beautiful love scenes helps to make this a picture that will live forever in the memory of all who see it.
