Suspension of Huggins.
Philadelphia, Pa., May 4.—Miller Huggins, manager of the New York Americans, has been indefinitely suspended by President Johnson of the American League, as a result of an argument with Umpire Walsh in the game between New York and Boston on Monday, so it became known here last night.

Johnny McIntyre Here.

New York, May 4.—Mike Gibbons, veteran St. Paul middleweight, and Mike O'Dowd, former world's champion, are reported in hard training for their Saturday night on the occasion of the first outdoor show of the season in the metropolitan district at the Queensboro A. C. of Long Island City. Gibbons plans a trip to England if successful in the coming encounter. The St. Paul veteran contemplates the trip abroad in quest of a match against Ted (Kid) Lewis, former world's welterweight champion, who now holds several English titles.

Writing to Defend Title.
New York, May 4.—Johnny Kilbane, world's featherweight champion, declared this week was prepared to defend his title against any boxer in the country.

provided he received the financial remuneration to which he regards himself as entitled. The amount he expects for his services was not disclosed. Kilbane made his statement in Madison Square Garden after discussing with Frank Flourney the prospect of a title bout. Flourney, a blackthorn stick, which he said he had received from Michael Collins, Irish leader, Kilbane, visited the Garden and remained for about an hour closeted with Matchmaker Flourney. Neither would admit afterward that any details had been definitely arranged.

AQUATIC.
Wolfeville, May 4.—The entries for the Maritime Provinces Amateur Swimming Championships which started Friday, promises excellent aquatic sport next Friday, when at 8:30 p. m., the trial heats will begin and the finals will be decided on the evening of the same day, starting at 8 o'clock. It is interesting to note that among the names received by the Secretary, T. H. Robinson, is that of last year's Maritime Champion—Benny (Beck) of Halifax, while among others included in the list are "Bob" Schwartz, Armitage, Crosby and Burchell of Halifax, also Burton of the St. John Y. M. with whom will be associated several club mates. The Women's events, too, are expected to yield close contests, there are competitors for boys of Wolfeville under 126 lbs. It is stipulated that swimming costumes worn must be only of dark blue or black materials with a triangular pattern athletic trunk worn beneath. Besides the championship events, suits of black or dark blue material, Gold, silver and bronze medals will be awarded for first, second and third places, respectively in each event and a shield for the club scoring the highest number of points. The Acadia Memorial Gymnasium is ideally appointed for an event of this kind, the pool and all equipment as well as the convenience of the spectators being up to date.

UNFAIR ATTACKS ON PRES. A. W. COVEY
A very fair sample of the gross unfairness with which President A. W. Covey of the maritime branch of the A. A. U. of C. is treated by some sport writers and others is illustrated by a battery of questions fired at him in the Halifax Herald. Consider two of them:—
"1. Why did President Covey refuse the request of three Halifax clubs to hold the meeting at Amherst, which, according to the constitution, shall be held where three or more clubs favor?"
The request for the meeting was received on April 4. The notices calling the meeting in St. John had been mailed on March 30.

"2. Why several clubs, such as the St. John Diving Association, East End Improvement League and others, were affiliated shortly before the meeting and allowed voting power on matters that involved baseball and hockey clubs?"
There is no St. John Diving Association. The East End Improvement League was one of the original clubs when the M. P. B. A. A. U. of C. was reorganized in 1919, and is a promoter of all branches of athletic sport. Equally conclusive answers could be given to the other questions.

Take another illustration. The Pictou delegate at the Amherst meeting last Saturday night said he was a member of the A. A. U. board of governors, but was never invited to a meeting until this year. The fact is that the Pictou Amateur Athletic Association did not affiliate with the A. A. U. until March of this year.

PHILADELPHIA MUCH INTERESTED IN HILTON BELVEA
His Entry For Gold Cup Contest Welcomed—Durnan and Others Must Class to Get Into Big Race.

A letter from Russell H. Johnson, Jr., chairman of the committee in charge of the race in the Schuylkill River on June 8 for the championship of the continent, contains official confirmation that John Hanlon Durnan's challenge has been accepted. The Argonaut rowers will race against Gilmore and Rooney to decide which of the trio, if any, are to meet Belyea, Hoover and Costello. Mr. Johnson makes it plain that none of the men in the preliminary race of June 1 are certain of getting into the big race. The committee will view the race and if, in their opinion, the showings made by the winner justifies it, he will be allowed to be at the starting line with the other three. All the rowers are signing their desire to be on the committee that they want smooth water, so the race will be staged at five o'clock in the evening. If there is a strong breeze, the pistol will not crack until the wind has subsided. Mr. Johnson is not sure of the date, Jane S. but says that so far as he is sure of now, it will be that day. All the other rowers are practicing daily with lanes crowded watching them.

The indications are that a record will be set for the race for the Gold Cup, Mr. Johnson says, and all arrangements are being made to that end. He says he was very glad to learn that Belyea would leave soon for the course and that his coming was arousing great interest.

MORE FAST TIME
New York, May 3.—The unbeaten Morvich, a favorite for the Kentucky Derby at Churchill Downs, was worked under cover before a capacity throng at the Jamaica track today, running three-quarters of a mile in 1:12 in an exhibition trial.

Jockey McAttee broke him at the six and one-half furlong pole and at no stage was Morvich fully urged, flashing under the wire after being pulled up for the last half furlong.

What Alberta Man Says of Dodd's Kidney Pills
States He Found Sure Relief For Neuritis, Backache and Rheumatism in Dodd's Kidney Pills.

Red Water, Alta., May 3.—(Special.) "I cannot be without Dodd's Kidney Pills at home. I have found them a sure relief for neuritis, backache and rheumatism."
That is the statement of Mr. M. Tlachuk, a well-known resident here. No stronger recommendation of a standard remedy was ever penned or spoken. Recommendations of Dodd's Kidney Pills come from the heart. They are the voluntary statements of men and women who have suffered and found relief in Dodd's Kidney Pills.

That Mr. Tlachuk found relief for his neuritis, backache and rheumatism in Dodd's Kidney Pills is only natural. All of them are caused by poison in the blood that defective kidneys have failed to strain out.

Ask your neighbors if Dodd's Kidney Pills do not make strong healthy kidneys.

Ice Cream should not be added to the meal. It should be part of the meal. Less bulky foods during the meal and a big, heaping dish of Ice Cream at the end is a sensible plan.
Begin eating more Ice Cream now. Substitute it for other foods. You will live better and longer, feel happier and stronger.

ST. PETER'S TEAM TO START TRAINING
Have Been Ordered to Report for Practice This Evening—Improvements Made to Grounds.

Extensive improvements have been made to St. Peter's baseball park since last fall. A section of the hill in left field has been removed, the main field partly sodded, leveled and rolled, and a new bleacher erected in left center field. The grounds are rapidly rounding into shape for the opening of the season, and the work has so far advanced that members of the team have been ordered to report for practice this evening.

From the present outlook St. Peter's will compete during the major portion of the season with visiting teams, which have already been arranged for to come here from various parts of the eastern states. There is also talk of a second team being organized in the city to provide local competition. John White, who managed the Giants, winners of the city championship in 1918, is behind the movement and is said to have signed several of the players who were with the Commercial Club team last season.

Some young players will be given a tryout with St. Peter's this year and if they make good will be retained to substitute for the regulars in event of sickness, accidents, etc. Joseph Dever has been appointed manager of the team, and Gerard McGowan captain.

FOOTBALL ROW
London, May 3.—Queens' Park, the famous Scottish amateur soccer team, which was one of this year's relegated clubs, is expected to resign from the league sooner than submit to the humiliation of playing in the Scottish second league.

out to play a game of cards or a game of anything else. Rules as agreed upon at the start must be adhered to through out the game.

The news is much impressed by the utterance of those who attended Saturday's night sport conference and who had the good sense as well as honor to demand clear cut action. Those who sought to achieve a certain by leaving the word "amateur" undefined did a poor thing for sport. Their immediate purpose was accomplished. A heterogeneous mass was temporarily brought together. Those who made misrepresentations played the game poorly. They did not serve the interests of real sport.

We as a public journal and as supporters of sport take the stand that sport should be clear cut and free from hypocrisy and dishonesty. We want none but the pure.

NOT HYPOCRISY BUT CLEAN SPORT
(Amherst News)
The News takes this opportunity of stating that it is out and out for clean sport. Sport is today like radio, highly complex. It is no longer simply a consideration for growing youths. It is in its various ramifications, touches us all. While we as paper are not concerned so much about names who are concerned about principles. We know that we must have honesty in our games or dishonesty throughout our whole social, industrial and domestic fabric. There is no getting away from it. As in sport so in life.

So here we make an appeal for honesty. True sport demands an adherence to rules. No honest person even attempts to change the rules after setting but the pure.
