GAINS 20 POUNDS TAKING TANLAC

St. John Man and Wife Think it Has no Equal After What it Did For Her.

"When my wife recommends Tanlac to her friends she never has to say much, for her wonderful improvement is proof enough of the value of the medicine," said Daniel Morrell, 15 Cranston avenue, St. John, N. B. Mr. Morrell is a well-known employe of the St. John Hide Company and has been a resident of St. John for the past forty years.

"My wife had fallen off in weight until she was down to one hundred pounds, but now she weighs one hundred and twenty pounds, and says she never felt better in all her life. She had been in bad health for nearly four years, and had become so weak and run-down she couldn't do her housework without having to stop and rest every few minutes. Her appetite had dwindled down to nearly nothing and she couldn't eat enough to keep up her strength. Why, what she ate in a whole week wouldn't last one day. She was troubled a great deal with palpitation, and often her heart beat so fast it almost frightened her out of her wits. At night she could sleep but little, and of mornings she was so exhausted it didn't look like she could hold out through the day.

"Finally we decided to try Tanlac, as the people everywhere seemed to be so well pleased with it. Well, Sir, her appetite picked right up and what she ate began to agree with her, and she started gaining in weight and strength. She improved in every way until now all her friends are complimenting her on how well and strong she is looking. Her heart action is normal now and she sleeps sound all night long. She has gained twenty pounds, as I said, and is so much stronger she can do her housework with ease. She thinks Tanlac has no equal and I join with her in saying a good word for it."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; J. G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; G. V. Parsons, Highland; John F. Meagher; Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by the leading druggists in every town.—(Advt.)

KNIGHTS PLAN TO OCCUPY NEW BUILDING SOON

New Brunswick and Union lodges, Knights of Pythias, having recently acquired the Congregational church in Union street, which is to be converted into a modern castle, are deliberating on construction plans and other details in connection with their new property. Garnet Wilson, architect, is preparing plans and specifications and it is hoped to have building ready for lodge purposes before cold weather sets in.

The first use to which the new building will be put will be for assembling flowers, etc, for the annual decoration day of the four lodges in this city. A committee of the four lodges met last night in the K. of P. rooms in the Masonic building and decided to hold the decoration day on Thursday, September 2, at 2 p. m., which will allow under daylight time sufficient daylight to decorate the graves of departed members. The order will turn out with bands and in full regalia and silk hats. There will be a service at Fernhill.

BRYAN NOMINATED.

Lincoln, Neb., July 21—William J. Bryan was nominated by acclamation as the prohibition party's presidential nominee at the National Convention today. The nomination came after a resolution "tendering" him the position of standard bearer had brought out the fact in debate that he had telegraphed friends here that he could not accept.
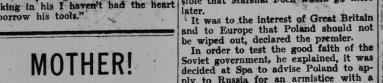

Betrayed.

"Started to work in your garden yet?"

"No. My neighbor's been so busy working in his I haven't had the heart to borrow his tools."

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

HEAD OF REUTERS.

Sir Roderick Jones, chairman and managing director of Reuters News Agency, who is one of the delegates from Britain to the Imperial Press Conference in Canada. Sir Roderick succeeded the late Baron de Reuter as head of the agency in 1915.

REDS REFUSE

Answer to Britain re Peace with Poland — Statement by Lloyd George.

London, July 21—The refusal of the Russian Soviet government to cease war against Poland at the behest of Great Britain is contained in a Moscow wireless despatch received here today. The refusal also constitutes an appeal to the workers and peasants of Soviet Russia and the Ukraine. It is signed by Premier Lenine, Minister of War (Trotzky), Foreign Minister Tchitcherin and Commissioner of Justice Kruskin and says:

"If England had not desired war she would have stopped supplying Poland with munitions and money. England is carrying on negotiations with us as a concession to her working masses. Lord Curzon, the British foreign secretary, places it upon the League of Nations, in whose name he is making the proposals, but Poland enters into the composition of this league—Poland, who commenced a robber war against us."

"All the members of the League, especially France, England and the United States are bound hand in hand in this provocatory war of Poland against Russia and the Ukraine.

"If the Polish people," the communication declares, "desire to receive an honest peace and an honest frontier and feel in the person of Russia a brotherly neighbor, it is necessary that the Polish people itself should seek it."

London, July 21—Continuing his address in the house of commons today on the Soviet answer to the Allies regarding peace with Poland, Premier Lloyd George declared that the Soviet government also wanted to give Poland better boundaries than those named by the Allies. Mr. Lloyd George said there were some phases in the Soviet message indicating the Bolsheviki only were prepared to discuss the matter with a proletariat government. He declared the Soviet government had no right to dictate to Poland what sort of government the Poles should have.

The premier asserted that an independent Poland was essential to the whole fabric of peace, and the Allies were resolved that they must arrest the destruction of Poland and the march of Bolshevik armies through Polish territory. If the Bolsheviki over-ran Poland, they would be up against the German frontier and Mr. Lloyd George said this would furnish Germany a great temptation with her millions of trained men.

It would be a cheap way, according to the premier for Germany to get out of her obligation. "I only ask the members to think whether it might not have the effect of depriving the Allies of the fruits of the dearly bought victory," Mr. Lloyd George added.

Mr. Lloyd George pointed out that the Soviet government had not been chosen by the Russian people, and he declared that it was as great an autocracy as its predecessor. The premier announced that the British ambassador at Berlin had gone to Poland, and said it was possible that Marshal Foch would go there later.

It was to the interest of Great Britain and to Europe that Poland should not be wiped out, declared the premier.

In order to test the good faith of the Soviet government, he explained, it was decided at Spa to advise Poland to apply to Russia for an armistice with a view to peace.

HELPLESS WITH RHEUMATISM

Until He Took "Fruit-a-tives" The Fruit Medicine

R. R. No. 1, Lorne, Ont.

"For over three years, I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit.

Finally, I tried "Fruit-a-tives." Before I had used half a box I saw improvement; the pain was easier and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

ALEXANDER MUNRO.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

BOLD HOLD UP IN STREETS OF MONTREAL

Montreal, July 22—Early this morning in Dominion Square, Rugh Garcia, of 445 Dorchester street west, was suddenly attacked by an unknown woman, who made a vicious slash at her with a knife and tore a thousand dollar necklace from around her neck.

Miss Garcia screamed for help but her assailant managed to escape, after cutting her victim's cheek and ripping the sleeve of her blouse.

CONSIDER THIS WOMAN'S CASE

Mrs. A. L. DeVine of Los Angeles, Cal., says: "After I had suffered from a female trouble for years, not being able to do my housework, or get any relief from doctors, Lydia E. Pinkham's Vegetable Compound made me a well woman, and I want to tell the world the good this medicine does."

This woman is perfectly justified, and should be commended for telling others how she regained her health.

DAYLIGHT TIME IS ISSUE IN THIS CASE

In a certiorari case argued before His Honor Judge Chandler, yesterday, in chambers, among other points the question of daylight time was involved. The matter arose from the suit of George A. Bickle vs. Mr. Mary Stack. A verdict for the plaintiff was given by Magistrate Adams of Brookville, on a summons made returnable at 1 p.m., though court was not held until 8 p.m. (daylight time.) In the county court Judge Armstrong set the judgment aside and ordered a new trial. Daniel Mullin, K. C., appeared for Mr. Buckle, and L. A. Conlon for Mrs. Stack. Mr. Mullin asked for a writ of certiorari and when the matter came up yesterday argued that Judge Armstrong had no jurisdiction to review as the judgment had been extinguished by the voluntary payment by the defendant. Mr. Conlon showed cause, His Honor said he would consider and give judgment next week. The amout involved was about $24.

Sub-Inspector White, whose home is in Queens county, is the latest addition to Chief Inspector W. D. Wilson's staff here.

A Blood-Food Discovered That Entirely Overcomes Anaemic Weakness

CAREFULLY INVESTIGATED REPORTS ESTABLISH TRULY WONDERFUL RESULTS.

Heretofore it has often been a hopeless task for a thin-blooded person to gain either strength or health. When food or medicine in many instances had beneficial effect.

What is practically a perfect blood-food, containing such elements as iron, has at last been produced, and when taken after meals will put new life and vigor into people that have despaired of ever being strong again.

This truly wonder-working treatment consists of taking two small chocolate-coated Ferrozone Tablets at the close of every meal.

This wonderful blood-food supplies nourishment, vim, energy—sends a stream of vigorous, strength-making blood to every nook and corner of the body, makes every muscle and fibre sting with new-found life and health.

That gnawing tiredness leaves you—nervous drives it away. Sleepless nights are turned into periods of rest and you pick up fast. Day by day you appetite improves,—this means good food is transformed in nutriment that will build and energize weak organs because Ferrozone imparts nerve-tone and bodily strength that prevents depression.

Think it over—Ferrozone is a wonderful tonic, in fact, it is more than a tonic, because it establishes health that lasts. Thousands use it and thereby cleanse and restore the entire system to a perfect condition. You'll feel the uplifting power of Ferrozone in a week,—it would be helping you if you only give it the chance. Sold by all dealers, 50c. a box or six boxes for $2.50; by sure of the name Ferrozone. Forwarded by mail to any address if price is omitted to The Catarrhozone Co., Kingston, Ont.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

ADMIRES MONCTON SCHOOL BUILDING

Chairman of Local School Board Seeks Ideas For New Structures to be Erected Here — Remodelling Contract to St. John Man.

The handsome structure, the Edith Cavell school building at Moncton, greatly impressed Dr. A. F. Emery, chairman of the St. John School Board when he had the opportunity of being shown over it this week. Dr. Emery, who was in Moncton attending the meeting of the New Brunswick Medical Society, returned to the city yesterday and in speaking of the Edith Cavell building he particularly referred to the number of the class rooms which it contains. He considered that it was a very distinct advantage to have more class rooms in school buildings in order that smaller classes could be accommodated with the greatest economy of space and expenditure.

The doctor took special interest in looking over the Moncton building, as it is proposed to erect new schools in the North End and in the West End in St. John in the near future. He felt that in the new school Moncton had achieved a modern and up-to-date building, the general principle of which well could be followed in St. John. The architectural beauty of the Edith Cavell building, with its facing of brick and stone, he believes, is well worth any money expended upon it, as in his opinion the educational value in good buildings that should not be overlooked when estimates are being considered. He was greatly interested in being shown the heating system of the Moncton school and considered it an admirable one.

St. John Men Interested.

Tenders were opened in Moncton on Tuesday night by the Moncton School Board for the remodelling of the Victoria school building. F. Neil Brodie, the architect, being present. The building will have a new roof and will be thoroughly remodelled and a new heating apparatus will be installed. The contract was awarded to R. A. Corbett of St. John for $51,500. Mr. Corbett is now completing the Edith Cavell school which adjoins the Victoria. Mr. Brodie was the architect of this building also. With the awarding of this new contract the Moncton expenditure for the two buildings is more than a quarter of a million dollars.

GROUND BROKEN FOR NEW WING OF MEMORIAL HOME

An important step was taken last evening on the spacious grounds of the Provincial Memorial Home for Children, 79 Wright street, when ground was broken for the new extension to the home. The first shovelful of earth was lifted by Dr. James Manning, president, and among those who were present and assisted in the good work were Councillor William Golding of Fairville, Francis Kerr, E. J. Hilyard, E. W. Corbett, G. A. Blair, acting for H. N. Hamilton, superintendent of the home, Robert Rose, John Sweet, Oliver Stinson, Edward Long, John Long, Hector Maxwell, J. C. Lawton and Frank Ring. Others who assisted were W. H. Seibberner, Roy Scribner, Joseph Ellison, Harry Ferris, Henry Williams, James McAfee, William Bacon and Henry Cunningham.

The extension to the home will be two stories in height, of wood with concrete foundation. The new structure will be forty-eight feet long and thirty-two feet in width. It will accommodate sixty additional children and will contain dining room, play rooms and nurses' quarters.

A large amount of crushed stone, of which a dozen loads were hauled last night from Purdy & Green's quarry, have been donated by the firm. Two teams were furnished by the firm, two produced by Edward Foster, several by Crafts brothers and four trucks by J. Crafts. The following Loyal Orange lodges have guaranteed to furnish five men, with a boss, one night a week to help along the work: No. 10, Fairville, Wednesdays; No. 11, West End, Tuesdays; No. 141, North End, Wednesdays; No. 2, city, Thursdays; No. 7, city, Fridays; No. 27, city, Saturdays. In the day time hired help will be used and it is the intention of those in charge to rush along the work. The necessary nails and a large quantity of lumber have been provided.

PREMIER MAKES A TRIP TO MONTREAL

Ottawa, July 21—The Hon. Arthur Meighen, went to Montreal today and the politicians attach considerable importance to his trip. The public reason for the trip was an inspection of the harbor, and a few words to the board of trade, but it is believed that, afterwards, there was talk of politics. It is noteworthy that Mr. Meighen made his first trip and his first public utterance in Quebec.

What is relied on is the supposed protectionist sentiment of Quebec. It is a big manufacturing province and becoming more so and, in an election where the tariff will be the issue, there are hopes of capitalizing this influence in favor of the government. It will be very rough sledding, however. The French, save the remnant of old line Conservatives, show no ambition for cabinet representation—but are prepared to bide their time and take chances on being represented in the government that will come after this one. There is no seat now open but Sir Herbert Ames' seat will be before long. He is prepared to resign whenever it is opportune. His division is a stalwart of English, French and Irish, part residential and part manufacturing and it will not be surprising if an effort is made to secure entry to parliament, by this route, for some French Conservative. Hon. E. L. Patenaude's name is already being canvassed.

In the province generally, however, there is nothing as yet indicative of any change in the solid block which now obtains and Mr. Meighen's devotion is not regarded down there as any factor at all towards conciliation.

HON. F. B. CARVELL ON COAL QUESTION

Ottawa, July 21—That Canada's fuel shortage, both present and prospective is a matter of transportation which may be to a considerable degree cured in the course of the next few months, is the word that Hon. F. B. Carvell, chairman of the railway board and Commissioner S. J. MacLean bring back from Washington, where they conferred on Saturday and Monday with the interstate commerce commission.

The conference was held at the request of the interstate commerce commission and Chairman Carvell today expressed himself as being highly gratified with the manner in which he and his colleagues were received at the United States capital.

"They made it quite apparent down there," he reported to the Canadian Press Limited, "that it is their desire to consider Canada's fuel requirements on exactly the same basis as the United States. As a matter of fact, the interstate commerce commission and the producers of coal are anxious to do all the business they can with Canada."

A Conference.

Mr. Carvell said that a further conference had taken place at Montreal yesterday with President Beatty of the Canadian Pacific Railway and President H. G. Kelley, of the Grand Trunk system, both of whom are anxious to do everything possible to facilitate. The matter of the prepayment of freight charges in American currency a system which increases the cost of coal to the consumer owing to exchange conditions, was taken up.

This is an exceedingly difficult problem, but it may be possible to work out a plan whereby at least a portion of the cost of transportation will be paid in Canadian money, a saving thereby being effected.

The dominion railway board will hold a private sitting tomorrow to consider the situation in view of the information gathered by the commissioners at Washington. The necessity of Canada taking action to conserve coal coming from the United States as well as coal produced at Canadian mines is recognized and it is not improbable that restriction of exports and bunkering privileges will be dealt with by the board.

SPECIAL PATROL TO CATCH RUM-RUNNING GRAFT

Windsor, July 22—Collector of Customs A. T. Montreuil, following reports made to his office that several boats are being used to transport liquor to be engaged in rum-running, is operating at night on the Canadian shore without lights and without permission are landing parties, has ordered a special patrol of the Canadian river front.

Mr. Montreuil characterized the small boats and launches so operating as a serious menace to river navigation, and declared that the licenses of such boats should be cancelled. Failure to comply with the customs regulations means a fine of $500, or confiscation of the boat, or both.

If Breath Comes Hard If Nose Is Plugged You Have Catarrh

Perhaps you haven't heard of the new remedy—it's so pleasant to use—fills the nostrils, then the throat and lungs with a healing balsamic vapor like the air of the pine woods. It's really a wonderful remedy—utilizes that marvelous antiseptic only found in the Blue Gum tree of Australia.

The name of this grand specific is Catarrhozone, and you can't find its equal on earth for coughs, colds, catarrh or throat trouble. You see it's no longer necessary to drug the stomach—that spoils digestion—just simply inhale the balsamic essences of Catarrhozone, which are so rich in healing that they drive out every trace of Catarrh in no time.

For speakers and singers and persons troubled with an irritable throat, bronchitis, asthma, catarrh or la grippe, Catarrhozone is of inestimable value. The inhaler can be carried in your pocket and may be used at any time or in any place.

Large size, guaranteed, and lasts for two months' use, costs $1; smaller size, 50c; sample size, 25c. Sold by all storekeepers and druggists.

How To Look and Feel Bright in Hot Weather

When depressed by the heat and you want to freshen up in the afternoon or evening, just bathe the face in a lotion made by dissolving an ounce of pure powdered saxolite in a half pint of witch hazel. You will find this pure refreshing than an hour's rest.

As a wrinkle-remover the saxolite lotion is remarkably successful. Its action is almost magical. The deepest furrows, as well as the finest lines—whether due to age, illness, weather or worry—are immediately affected. Enlarged pores are reduced, faded skin is "drawn" up, facial contour is improved wonderfully. The simple ingredients of course can be had at any drugstore, and you need not hesitate to try the lotion, as it will not harm any skin in the least.

For Thin Waists and Sleeveless Gowns

(Toilet Tips.)

A safe, certain method for ridding the skin of ugly, hairy growths is as follows: Mix a paste with some powdered delatone and water, apply to hairy surface and about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment in your hair get a clean, bathing style just a few days' use of this simple home treatment.

Never a corn on millions of feet nowadays

Do you know that millions of people who use Blue-jay keep entirely free from corns?

If a corn appears it is ended by a touch. A Blue-jay plaster or a drop of liquid Blue-jay is applied.

The corn pain stops. Soon the whole corn loosens and comes out.

The method is scientific. It is gentle, easy, sure. Old-time harsh treatments are supplanted by it with everyone who knows it.

It is made by a world-famed laboratory, which every physician respects.

It is now applied to some 20 million corns a year. You can see that corn troubles are fast disappearing.

Then why pare corns and keep them? Why use methods which are out-of-date?

Try this new-day method. See what it does to one corn. You will never forget its quick and gentle action. Your druggist sells Blue-jay.
