BIG SEASON ON INTERCOLONIAL ASSISTANT

MR. DOWNE

Only Adverse Element at Present is Prospect of a Possible Car shortage

Wm. Downe, general superintendent of the Atlantic division of the C. P. R., returned home today from Montreal. Speaking to a Times reporter, he confirmed the news that there had been some changes in the way of promotions so far as this division and No. 1 and No. 2 are concerned.

H. C. Groat, who has for some time acted as superintendent of Division No. 1 with offices at Brownville has been promoted to a new office which has been created here, assistant general superintendent of the Atlantic division. His place at Brownville has been taken by W. A. Cowan.

Mr. Groat has arrived in the city and already assumed his duties. His appointment has come after several years of faithful and efficient service with the company and he is being heartily congratulated by his friends. Mr. Downe will leave in a few days with his wife for Old Point Comfort, Virginia, on a three months' sojourn, and Mr. Groat will have charge of this division during his absence.

LOCAL NEWS

THE TUNISIAN.

Allan Lee S. Tunisian was 175 miles east of Belleisle at eight o'clock last night and is due at Quebec on Saturday morning and Montreal on Sunday morning.

REPORTS THE ADONIS.

The schooner Adonis, which arrived last night from New York, reports passing the schooner Adonis, Capt. Smith, east of Cape Cod on Monday.

THE COAL SITUATION.

Here is a despatch from New York to J. M. Robinson & Sons today: "October anthracite output is the largest ever reported in any month, 6,685,221 tons, compared with 6,250,179."

CITY PAY DAY.

The city laborers' fortnightly pay roll, delivered today, was made up as follows: Ferry, \$24,75; water and sewerage, \$1,847.71; public works, \$2,058.28; total, \$4,140.74.

JOY FOR THE CHILDREN.

The children of the free kindergarten, one hundred and twenty in number, with their teachers, will be the guests of "Miss Muffin," Ollie Goding, at the Alice in Wonderland matinee tomorrow afternoon.

MAY ENLARGE PLANT.

The early spring may see a considerable addition to the plant of the Sussex Manufacturing Company's works. This concern has been showing a constantly increasing output of the present quarters are partially being outgrown. At present the plant is working to its full capacity to fill orders.

POTATOES DEARER.

Potatoes took a slightly firmer tone on the local market, advancing to \$1.30 a barrel. Farmers are reported holding back supplies, although there is an abundance of potatoes in the country and it is said they must be cheaper during the closing months of the season because of being so plentiful. Apples are scarce and selling at \$1.50 a barrel. Apples range from seventy-five cents to \$2.00, the price asked for 1 Greenstein and also winter stock.

MONEY TO BE PAID TO LIQUIDATOR IS JUDGE'S DECISION

The Sum of \$2,000 Collected by Mr. Lockhart in the Dewitt Matter—All Ready Now For Winding-up

In the matter of DeWitt Bros., Ltd., and the winding up, an important decision was given this morning by Mr. Justice White, when he decided that the amount of \$2,000 collected by C. B. Lockhart should be paid over to the liquidator of the company.

Messrs. Lockhart and Gershon S. Mayne had been sureties to the bank for DeWitt Bros. to the amount of \$5,000. In January Mr. Lockhart went to Cuba and there secured \$2,000 that was due and owing to DeWitt Bros. to cover part of his liability. This payment was made within thirty days next prior to the winding up of the company now in liquidation, and on that ground the liquidator for the company contended that the amount should be paid over to him and that Mr. Lockhart should then be placed on an equal footing with the rest of the creditors.

By consent of all parties the matter was left to Mr. Justice White for a decision, his judgment to be considered final. He, accordingly, decided that Mr. Lockhart pay over to the liquidator the \$2,000 he collected, without interest, and no costs should be allowed; also that \$400 allowed Mr. Lockhart for the expense of his trip should be retained, and that all his expenses in that connection be paid in as much as it was for the benefit of the estate.

The liquidator, H. F. Puddington, then reported that, this matter settled, everything was now ready for the winding up of the company and the final declaring of a dividend. This will be done after the adjournment, sine die, of the supreme court in Fredericton.

F. B. Taylor appeared for the liquidator, and J. B. M. Baxter, K.C., for Mr. Lockhart.

HEAVY RAINFALL AND HIGH WIND

St. John Was in the Grip of a Severe Storm Today

From two o'clock this morning up till noon today three-quarters of an inch of rain had fallen, and the prospects were that the total fall would be materially increased before the storm abated for at that time the rain was still falling heavily. The storm started last night and rain fell almost incessantly since then. Early this morning a heavy south westerly gale sprang up and between seven and eight o'clock this morning it had reached a velocity of thirty-six miles an hour. Within the hour the temperature was very high, the official thermometer registering fifty-eight degrees at nine o'clock.

The storm made things very disagreeable, especially along the harbor front. The Eastern S. S. Company's steamer Calvin Austin, scheduled to get away at nine o'clock was about twenty minutes late getting away. On account of the heavy gale the services of a harbor tug were requisitioned to aid the big liner in getting away from her wharf. The tugmaster carried a very heavy general cargo and about twenty or thirty passengers.

The L. A. R. steamer Yarmouth left for across the bay, but experienced some little difficulty in getting out of the harbor. The smaller craft in the harbor were tossed about like chips by the heavy sea.

HEAVY ON THE RIVER

Travel on the river steamers was seriously hampered today and the down-stream boats were delayed for several hours. Heavy freights were mainly responsible but the strong wind and rain-storm played havoc along the river. The steamer May Queen, due here yesterday afternoon about four o'clock did not reach Indiantown until this afternoon being nearly a whole day behind time, because of the large cargo she was compelled to carry. The May Queen was due at Chipman on Wednesday night but Salmon River was as far as she made. There she lay for the night, leaving yesterday morning for her last stop.

She was reported at Gagetown a little after eleven o'clock with a heavy freight and was expected to reach Indiantown about 2:30 o'clock or later.

The steamer Ozone, which is due at Indiantown at eleven o'clock was also several hours late today having a large cargo. She was not expected until some time this afternoon.

The steamer Champlain due about one o'clock was also held back today both by the storm and the heavy freights and was not expected to arrive at Indiantown until well on in the afternoon. It is believed that each of the three steamers has put up at a wharf until the storm has abated somewhat for reports from up-river indicate that it was fairly heavy.

COMMISSIONERS TAKE UP 1913 ASSESSMENT

The commissioners will meet the chairman of the board of assessors this afternoon to deal with matters relating to the assessment for 1913.

An application from W. I. Fenton for a water main through DeMonte street, Carleton, was before the city commissioners this morning and was referred to the commissioner of water and sewerage.

With regard to the application of the Exhibition Association for the amount of the city's guarantee in addition to the grant the commissioners decided to ask the association to submit a detailed account of the revenue and expenditures with all vouchers, for audit by the city comptroller.

HEAVY ON THE RIVER

Travel on the river steamers was seriously hampered today and the down-stream boats were delayed for several hours. Heavy freights were mainly responsible but the strong wind and rain-storm played havoc along the river. Mr. Man:

To Get the Utmost Value For Your Money You Must Buy Your Clothing at Oak Hall

There are two roads open to you, Mr. Clothes Buyer. One takes you to Oak Hall, where you buy directly of the makers and are sure to get good quality and good style, and where you will save the middleman's profit.

The other road takes you to any other store in the city, where you can get no better clothing, not even as good in most cases, but where you will positively have to pay a fourth to a third more than at Oak Hall.

Now, it's for you to choose.

If you choose wrong, you will have only yourself to blame. The facts are before you. Investigate—make comparisons—Choose the right road to clothing satisfaction and economy.

Get the best in style and quality and save money—take the road to Oak Hall.
