HELP GET HOTEL STARTED ON TIME

Business Men Meet and Volunteer—Means Much to St. John.

Close to the time when work is to commence upon the new Admiral Beatty Hotel on King Square and as a spirited co-operation in having this big project launched on scheduled time, a voluntary committee of citizens met this forenoon and decided to close out the whole campaign within the next fortnight. The meeting was an outgrowth of a casual discussion among leading business owners and managers who sense the vital importance such matters are to the community and who are willing to assist by concerted methods in consummating them within the period originally specified.

The hotel project has met with excellent support in St. John and throughout the province but a fragmentary amount of the local stock remains unsold, doubtless due to a mere matter of shortage of time in fully interviewing the investing public. Since a local firm is handling the issue today's committee felt it a duty of good citizenship to offer services in helping dispose of this final group of securities.

Big For Community The whole project is so important to this community, so desirably necessary to the expansion of our city and port and the social and sporting life of New Brunswick that the remaining amount of stock is a mere bagatelle as compared to the large gross of funds already subscribed and guaranteed. The security of the investment has appealed to hundreds already and the stock lists of shareholders already contain scores who have never before placed their money in local enterprises.

St. John, it was stated at the meeting today by leading men of affairs, is perhaps the best-off city in the Maritime and according to international statistics one of a favored few in the larger aspect. If at this low ebb of business all round it occurs so strong a position that, it was argued today, will see do when the steady upward rise begins with this summer?

The hotel is scheduled to be commenced early next month. So far all the money but a negligible amount has been subscribed. This the local firm is gathering in its daily routine. But to have the hotel begin on time, to get into the stride of the new boom of which the city seems assured within the next few years, local committees of business men—who met of their own volition and will work on their own initiative—will address themselves right off.

USE PIKE TO RAISE ATHLETIC FUND

Idea is Being Worked Out for Exhibition Week Here.

Several local athletic clubs have conceived a new idea for raising funds to help finance amateur sport in this city. They decided to secure a site on the Pike at the exhibition and to open amusement booths. It is felt that by doing this they would not only be taking a step towards putting sport on a sounder basis, but incidentally money thus derived would remain in the city and not be taken away by strangers. They spoke to the exhibition executive and have been assured of sufficient space on the grounds to put their project into execution. It was said the clubs interested are the St. John A. A., the Trojans A. C., the Loyalist A. C. and the Y. M. C. I. Just what type of amusement the clubs will stage has not as yet been determined, but a well-defined programme will be mapped out before the exhibition is held.

TWO YEAR SENTENCE ALLOWED TO STAND

Youth is Tried for Throwing Nails on the Rothesay Road.

A sentence of two years in the penitentiary was suspended by Magistrate H. G. S. Adams this morning in the Brookville Court, when a 16-year-old youth was brought before him, charged with wilfully and maliciously doing damage to property. The magistrate warned him that the offence with which he was charged was an indictable one, but the boy chose to accept the jurisdiction of the magistrate and pleaded guilty to the charge. Mr. Adams, in sentencing him, warned him that his future conduct would be closely watched, and if he was caught offending again he would have to go to prison. The youth was arrested after reports that he had thrown nails and tacks in the Rothesay road near Torryburn had been investigated by Provincial Constable Robert Crawford. When accused, he admitted it, the constable said. As a result of his offence several automobile tires were punctured. It is felt that the proceedings taken will be a warning to him and to others who were suspected of similar actions.

WILL SAIL SOON Workmen were engaged this morning in effecting minor repairs to the bottom of the Parvohoro schooner "Vilda A." which went on a reef off Manawagonish Island last Friday and later was towed into Market Slip. It is the hope of her captain that he will be able to continue his voyage to New Haven either tonight or tomorrow morning.

LOCAL NEWS

TWO TODAY Two men appeared before Magistrate Henderson in the police court this morning charged with drunkenness. Both acknowledged guilt and each was fined \$5 on default of payment two months in jail.

LIQUOR CASE FINE Alfred Carpenter was fined \$200 in the police court this morning for selling liquor in his store in Dock street. Wm. M. Ryan appeared for the prosecution.

WERE TAKEN BACK Policeman Leard met three small boys roaming about in Dock street last night and when he questioned them they failed to give a satisfactory account of themselves. All three were escorted to Central Police Station where it was learned they had left the Protestant Orphans Home in Brittain street. They were later taken back to the institution.

SPOKE IN MONCTON. Rev. J. S. Bonnell of St. Andrew's church addressed a young people's rally in the Hinged street Baptist church, Moncton, on Tuesday evening on "The Call of The Cross." The Transcript says—"In eloquent, forcible language he emphasized the value of a life of service and self-sacrifice. The address was followed with close attention throughout and made a deep impression."

DAUGHTER RESIDES HERE. Mrs. Edgar Brown, 148 Prince Edward street, has received a cablegram announcing the death of her father, John Close, which occurred at his home, Holly Bank, Farleton, Caton, Lancashire, England, on May 17. He was 84 years of age and besides his daughter here, leaves one other daughter in Canada, Mrs. George Turner, residing in Saskatchewan. Seventeen grandchildren also survive.

DEATH OF STEPHEN T. BETTLE. The death of Stephen T. Bettle, which occurred yesterday morning at his home in Esplanade street, was learned of with general regret by a large circle of friends. Mr. Bettle was for many years a well-known citizen, but for the last few years he had been living a retired life. He had passed his eighty-fourth birthday. He is survived by three sons, Fred of Dakota, and Frank of Harry, this city; three daughters, Mrs. Lily Neal of this city and the Misses Ida and Edna, at home, and five grandchildren. The funeral will be held tomorrow afternoon at 2:30 from his late home.

LEADING MAN IS FAREWELLED. A farewell supper in honor of James G. Coats, leading man of the F. James Carroll Players, was tendered him on Wednesday evening by Mr. and Mrs. P. J. Macdonald, 19 Dorchester street. Ernest Boyd assisted in serving and others present included Mr. and Mrs. Sears Smith and daughter, Miss Daisy Smith, Miss Mildred Irving, Miss Artimese Polier, Edward Butler, Ray Cronin and David Macdonald. Music and dancing were enjoyed after supper and reading by Mrs. Smith and solos by Messrs. Coats and Butler were special features of the evening.

MARRIED THIS MORNING. In Holy Trinity church this morning at 6 o'clock Rev. Francis Cronin officiated at the marriage of Miss Regina C. Lawlor, daughter of Mrs. Catherine Lawlor and Hugh Macdonald, son of the late Capt. Angus Macdonald. The ceremony was performed in the presence of a large number of friends and relatives. The bride looked charming in a gown of grey tulle with a beautiful embroidered bodice. She was a Parisian hat to match and a platinum foil veil and carried a silver bouquet of Ophelia roses. After the ceremony a dainty wedding breakfast was served at the home of the bride's mother, Mrs. J. M. Cronin, 112 Queen street. Mr. and Mrs. Macdonald left for a wedding tour in the United States. They received many very beautiful gifts.

CREATES A NEW INDUSTRY HERE

S. J. Holder Manufactures Dump Carts—Sells First to the City.

Flouting the idea that modern dump carts could not be manufactured in this city Samuel J. Holder of the North End went ahead and made two, which it is contended not only compare favorably with those made in other centres, but surpass them in many respects. The two wagons have been taken over by the city public works department and Mr. Holder has been ordered to go ahead and manufacture three more. Mr. Holder, in conversation with a Times-Star reporter said this is the first time that carts of that type were ever manufactured in this city. They are constructed with a patent regulation hand and foot dump, which when released opens the bottom of the cart and allows the contents to fall out. He explained that he has placed two new patents on the carts one for holding the foot lever to prevent the release of the gear until desired, and another to hold the chain in the rear of the wagon and prevent it from slipping. The carts are all hand made and of native wood. The body of the carts is constructed of yellow birch, steel bound and riveted. The under sections are made of ash, the wheels of oak and the hubs of hickory. They are constructed that they will be water tight and are considered sufficiently strong to carry any kind of material. The two carts are now ready for delivery.

Speaking about his plans Mr. Holder said there was no reason why people should have to send to upper Canada and the United States for wagons as they could be manufactured in St. John. He said if business warranted he will construct a second story on his building in Main street to be used exclusively for this line of work.

OLD FRIENDS GREET "MONKEY" HAMMOND

Former Musician Now is With Art Department of C. N. R.

J. Gordon (Monty) Hammond, whom many of the residents of the city a generation ago will remember as one of the leading orchestra instrumentalists here, is an interesting and interested visitor in the city. Mr. Hammond has just returned from Wembley, England, where he supervised the art settings for the C. N. R. exhibit at the British Empire Exhibition.

Mr. Hammond is attached to the art department of the C. N. R. and has a large studio in Upper Canada. He specializes in the preparation of art settings for the principal exhibits of the railway. The former St. John musician is being heartily greeted by many old friends, but there was no more cordial meeting than that between him and Morton L. Harrison, in whose orchestra he was once solo flutist, and who only this week was honored by the local musicians. His visit to the city was peculiarly timely on account of the fact that he was one of the people mentioned by Mr. Harrison in a reminiscence interview published in the Times-Star yesterday.

WHEELS WILL TURN AT GLEN FALLS

Diamond Battery Co. Will Manufacture in Former Ford Factory.

The Diamond Battery Co. of Canada will take over immediately the former Ford factory at Glen Falls, belonging to Hon. Wm. Pugsley and will open a plant for the manufacture of all kinds of storage batteries and dry cells, about September 1, according to an announcement made this morning by H. J. Rodgers, local representative of the company. This will be the only Canadian plant operated by the company. Mr. Rodgers said, and when operating at capacity will employ between 40 and 50 men. Besides catering to local markets in Canada, Mr. Rodgers said, the company intends to manufacture for export automobile storage batteries, radio batteries, dry cells and flashlight batteries. The capacity of the plant will be 20,000 to 25,000 batteries a year. The company also plans for the installation of a service station in connection with the plant. Arrangements for the acquiring of the necessary machinery for the factory are now being made by Mr. Rodgers, and the equipment will be installed by the company's own men as soon as it arrives here.

PASSES FIRE BOX; RUNS TO STATION

Woman Notifies Firemen of Early Morning Blaze—House Guttered.

The interior of a house owned by Albert Anderson and occupied by his family, in Millidge avenue near the Adelaide Road bridge, was badly gutted by fire this morning. Mrs. Anderson and her children were alone in the house at the time and when she saw the blaze she ran all the way into No. 8 fire station, in Main street, to give the alarm, in her excitement overlooking the box on Adelaide Road, near the bridge. About 4:15 o'clock the firemen were notified of the blaze and at six o'clock the fire was all out. The blaze started in the lower floor and spread through the walls to the roof and this made it hard to fight. One Last Night. Damage to the extent of about \$300 was done by fire last evening to a house in Frederick street, owned by Samuel Kominsky and occupied by Chesley Ford, William Skinner, G. Stewart and Nicodemus Skinner. The fire started in the attic and burned a hole through the roof and the furniture in one bedroom was partially destroyed. A fireman, George Keats, burned his hand when he caught hold of a hot iron bedstead. Two alarms were rung in for the fire.

As Hiram Sees It

"I see," said Mr. Hiram Hornbeam to The Times reporter, "that some feller has found out something that ain't in accordance with the Divine plan." "That is a fairly frequent discovery," said the reporter. "Well," said Hiram, "I see fine new folks that knows all about the Divine plan. We hee! some out to The Settlement one day. They hee!n't much use fer the rest of us that wasn't quite sure we hee! been picked out to be told how the world orto be run. I s'pose it must make a feller feel good to know that he couldn't never be wrong—because he was always gittin' special noos from headquarters—but he sometimes gits on our nerves. We hee! one feller so busy keepin' the world straight that his farm run down considerable an' he hed to move away. I don't know but what we got on just as well after he went—an' another feller is makin' a good livin' fer his family off that farm—yes, sir."
