NOTES:

1. This file is to remain as simple as absolutely necessary. If a file is frequently needed at short intervals, it is better to S.F. it for one or two weeks than keep it over at Central Registry indefinitely. See section 11 being completed and kept in order, and see other orders which may apply to this matter.

2. Section 11 should be applied whenever a file is passed down to another branch.

3. All outgoing letters should bear the initials of the sender.
