DESECRATION OF THE DEAD.

Serious Charge Against American Official.

Brutal Treatment of Dr. Steeves' Body and of His Widow—Casket Broken Open.

Mrs. J. A. B. Steeves, who came to the city on Saturday bringing with her the body of her husband, Dr. Steeves, was subjected to a great deal of inconvenience and contemptible treatment at the hands of a number of officials at Portland, Me. It is probable that more of this will be heard later. When Dr. Steeves died his body was embalmed in Arizona and placed in a perfectly airtight copper casket which in turn was enclosed in the ordinary wooden shell. These precautions fully met all the United States requirements under the various acts regarding public health, and all went well until Portland was reached. Here some official, less qualified and certainly more ignorant than others of his class insisted on opening the shell and examining the casket. He handled the casket so rudely and with so little regard for common decency that finally he succeeded in breaking in the glass front, the broken pieces falling on and disfiguring the face of the dead.

Having done this, the official demanded that a new airtight shell be procured. He had destroyed the value of the casket itself in this respect and insisted that Mrs. Steeves should procure another shell. This was done and finally after twelve hours unnecessary detention Mrs. Steeves was permitted to continue on her way.

She complained of this treatment to some of those in Portland who seemed to hold higher positions in the railway service but obtained no satisfaction.

MYSTERIOUS MURDER.

Death Diagnosed as Gas Poisoning Turns Out to Have Been Caused by Bullet.

ST. LOUIS, Mo., Nov. 23.—James Ferguson, sergeant of the United States Marines, was mysteriously shot and killed last night. At the city dispensary, Dr. Ernest pronounced Ferguson's condition due to carbonic acid poisoning and advised his removal to the city hospital. On the way to that institution, Ferguson died. The discovery that Ferguson had died from a bullet wound, and not of poison, was not made until after midnight. The bullet entered the back and ranged diagonally through the body.

FOREST FIRES RAGING.

Flames Devasting Forests of Valuable Texas Pine—Prayers for Rain.

DALLAS, Texas, Nov. 23.—The forests in the southwestern Texas pine lands are burning with no prospect of stopping or being controlled. In churches, prayers were offered yesterday for rain. No one can get to the fire-swept districts and estimates of the extent of damage is mere guess work. It is known that the flames have crossed the Sabine River at several points and are burning large areas in Vernon and Calcasieu parishes of Louisiana. The smoke is becoming almost stifling and beyond Nacodoches. Many persons have been made sick. Reports reached here last night that extensive forest and prairie fires are raging in the Indian territory in the country east and west of Antlers.

SCOTLAND WILL CHALLENGE

Clyde Yachtsmen Will Have a Try For the Coveted American Cup in 1905.

GLASGOW, Scotland, Nov. 23.—The reported intention of Clyde yachtsmen to challenge for the America's cup was today confirmed by the Glasgow Herald.

(Special to the Star).

MONTREAL, Nov. 23.—The box making establishment of Mac & Co. was gutted by fire this morning. The damages amount to \$10,000. The mill was insured.

AWAKES IN A MORGUE BASKET.

Yawn of a Dead Man Put Ambulance Man to Flight.

ST. LOUIS, Nov. 23.—John Nelson, a bartender, at East St. Louis, was greatly surprised Sunday afternoon when he awoke in one of Kurras' ambulances and found that he was in the morgue basket. He yawned and stretched his limbs, and Barney Gaffner, the ambulance driver, was so frightened he ran several blocks to get away from Nelson.

SIR LOUIS JETTE SEES THE POPE.

ROME, Nov. 23.—Fops Plus today received in private audience Sir Louis Jette, lieutenant governor of Quebec, and family.

FIERCE BATTLE FOR FIVE DAYS.

300 Filipinos Killed; 5 Americans Wounded.

American Troops Ambushed in Philippines Put Up a Good Fight Amid Swamps and Rocks.

MANILA, Nov. 23.—A fight lasting five days, and as a result of which 300 Moros were killed and many others carried off dead and wounded, has taken place in Jolo between General Leonard Wood's command and the insurgents.

Major H. L. Scott, of the 14th Cavalry, and five American privates, were wounded. General Wood landed near Siet Lake in Jolo Nov. 13. The Moros were located and fighting began immediately and continued until Nov. 17th.

Major Scott was taking Panglimin Hassen, the Moro leader, who had been taken prisoner, to Jolo. While en route Hassen asked to go to his family. His appeal was granted and he thereupon fled. Major Scott into an ambush where the American detachment was fired upon. Major Scott was shot in both hands. Hassen succeeded in escaping during this unexpected attack but is supposed to have been killed the following day.

The fighting took place in a country covered with swamps and rocks. The Moros were driven across the country from Siet Lake to the town which Hassen made his headquarters and where it was reported that the Moros were 2,000 strong. The position was attacked in the flat by the American troops who occupied the town and inflicted a loss of 50 killed on the Moros. Hassen with a small party surrendered. The rest of the Moros went into the swamps, out of which they were driven on Nov. 15, leaving 18 dead behind them.

On Nov. 15th, the American forces renewed the attack of the remaining Moros, of whom forty were killed. The rebel forces have been literally destroyed by the operations and General Wood says the indications are that there will be no extension of the uprising, which was handled without difficulty.

MURDERER ELECTROCUTED.

Strongest Current Ever Used Carries Punishment for Murder Done a Year Ago.

OSBURNING, N. Y., Nov. 23.—Carmine Galmari, was put to death in the electric chair in Sing Sing prison today for the murder of Mrs. Josephine Lanta, in New York City, on October 6, 1902.

Three shocks were given before Galmari was pronounced dead. The voltage, 1,500, was the highest yet used in an execution in Sing Sing prison. Galmari entered the death chamber at 8.58 a. m. He walked firmly to the chair. He was quickly strapped down. The electrodes applied and a current of 1,200 volts and 8-12 amperes was turned on. This continued for seven seconds. Then the current was reduced to 350 volts and continued for about a minute. Dr. Irvine, the prison physician, then made an examination after which a second shock of the same strength as the first was given. This was repeated again after a second examination. At 6.05 a. m. the man was declared to be dead.

CANADIAN LABORER KILLED

Toronto Man Crushed to Death by Grand Trunk Freight Train in Buffalo.

BUFFALO, N. Y., Nov. 23.—A man believed to be Joseph Cupples, of Toronto, died at the Riverside hospital yesterday morning as a result of injuries he received in the Port Erie yards of the Grand Trunk railroad late Saturday night. He was found in the yards with both legs crushed above the knees, shortly after the departure of a freight train for the west. He was taken to the hospital where the doctors amputated both legs. The shock of the accident and the loss of blood were more than he could stand and he died a few hours after the operation. From papers found in his pocket, it is believed he is a Canadian laborer. He had a membership card in the Concrete Paving Union and a key envelope from the firm of Corrigan, McKinnay & Co. Medical examiner Dwyer was notified and has charge of the case. He communicated with the Toronto authorities this morning and asked them to identify the man.

THE WEATHER.

Highest temperature, 70; lowest temperature, 34; barometer at noon, 29.85 inches. Wind, northeast; velocity, 1 mile per hour. Overcast.

Forecast—Winds increasing to gales tonight from east to south; rain, Tuesday—Gales, shifting to westerly.

Synopsis—A disturbance now over the Lakes is developing rapidly promising a heavy gale over the Maritime Provinces, consequently mariners are advised to be cautious. Winds to the Banks and American ports, increasing to gales tonight from east to south and southwest.
