Huntley, Florence Smith, Viola Kellogg, Mabel Strick- keeps," remarked the man who is fond and Dorothy Marlowe and James of moral reflections. Hughes, all of whom have made their fame on Broadway. The engagement is for one night only. Tickets will be moted" a couple of times.—Louisville Courier Journal.

### WATER FAMINE IS THREATENED

# Lake Latimer at Once.

on Time If It Takes Their Last

The water and sewerage board me change in his condition today speedily yesterday afternoon at 3 o'clock, with culminated in the death of Archbishop P. L. Chappelle, of the Diocese of Lou-lisiana.

Mgr. Chappelle was taken ill on Friday. He had returned to the city three days before having just completed a Mayor White said the special object.

tour of Louisiana, and announced on his arrival his intention of co-operating in the efforts then in full swing to stamp out the fever. The archbishop, however, left his house only on one occasion before he was taken sick. On Friday he complained of symptoms indicating yellow fever. Dr. Lamue diagnosed the case as yellow fever. The disease made steady inroads, and yesterday he was found to be in a critical condition. Before today there was an alarming change for the worse, and dissolution ensued at 12.50 p. m.

Although the prelate was a subject of scientific treatment and attention, his physique and fatigued condition on his return from a particularly irksome as a refutation of the medical fraternity's opinion that with good care and proper treatment the number of deaths is not likely to be large in proportion to the number of deaths. The daily humber of new cases is swelling largely because the federal control has overcome the disinclination of doctors to make known their cases.

NEW ORLEANS, Aug. 9.—Yellow fever report of the board of health to six p. m.: New cases today, 63; total cases to date, 679. Deaths today, 7; total deaths to date, 119. New sub-foct today 12; total sub-foct to date 130.

today 12; total sub-foci to date 130.

Cases under treatment 265.

Quite a number of the new cases are in close proximity to the existing distinct of the control of the co inery. They have done all that men

contractors.

Mr. Barbour said that he pointed out Surgeon White took active control of to the contractors that these test-pits the whole local situation today and the whole local situation today and the were to be taken only for what they were to be taken only for what they were worth. There is no doubt that there is more rock ledge than was expected, but contractors who are used to this class of work take such things into consideration. The borings were taken 500 feet apart and do not give

a very minute knowledge.

In answer to Ald. Bullock, Mr. Barbour said that he hardly felt in the position to state his opinion, having never seen the report before. He will reply in writing.

Ald. McGoldrick again spoke in favor

of a committee, and he and Ald. Christie had a little wordy war. Ald. Mc Goldrick thought Ald. Christie was oo fond of raising objections. Lewis said that the contractors would

be treated fairly. If the contract is to be revised, Ald. Baxter favored the appointment of a small committee. Mr. Mooney was heard and said that they would complete the work if it took their last t. The suspicious cases reported dollar. Mr. McVey was next heard and said that they had based their estimates on the tests of the engineer, and these were found to be entirely wrong. They have had to purchase \$5,000 worth of machinery they had not expected. Mr. McVey said that he has been contracting for 22 years, but this is the first time that he had ever squealed at the terms of the contract. He asked that the whole matter be ad-

### MARRIED AT SUSSEX. SUSSEX, N. B., Aug. 9 .- This even-

ing at 8.30 was solemnized the mar-riage of Miss Myrtle Keith and Rev. J. Clement Wilson, B. A. The cere-mony took place at the home of J. E. Keith, brother of the bride. The Keith, brother of the bride. The house was tastefully decorated with ferns, potted plants and cut flowers, which made a fitting setting for what may truly be called a pretty wedding. may truly be called a pretty wedding. The ceremony was performed by the Rev. B. N. Nobles. The bride was given away by her father, C. A. Keith of Steeves Settlement. She carried a bouquet of which carnations, and looked charming in a dress of white crepe de chine over taffeta silk. Her veil was caught in place by her diamond engagement ring and a spray of stephanotis. Mrs. Albert Ayer of Reading, Mass., played the wedding march. During the reception held after the ceremony, solos were sung by Mrs. Ayer and Miss Jean Keith of Harvey.

Harvey.

The happy couple were the recipients The happy couple were the recipients of many beautiful presents in china, cut glass and silver. The groom's present to the bride was a fur-lined coat. Invited guests came from Steeves Settlement, Gibson, Reading, Mass., Providence, R. I., Sussex, and Hanney York Co. Harvey, York Co. Mr. and Mrs. Wilson leave for

### FRUIT CROP IN NEW BRUNSWICK A FAILURE.

Regular routine business was trans-acted and the following officers elect-

All were adopted.

The election of officers for the ensu-

ing year resulted as follows: H. L.

Ganter, St. John, Grand Chancellor; F

A. Marr, Halifax, Grand Vice Cha

Charlottetown, Grand I. G.;

While fruit growers in the Annapolis Valley report that the apple crop will not be more than one-third of the average, new Brunswick is in an even worse state, and this applies to prac-tically all later varieties of fruit. The crop is regarded as a total failure. There will not likely be a native cherry old in St. John this year, for though not very many of these are grown, yet there are usually some on the market, yet this season the farmers not only have none for sale, but cannot find any for their own use. There are inchards there is not a single cherry to be seen on any of the trees. Plums are just as bad, and of a large number of farmers questioned by the Sun, not one could be found who had any more than a few odd plums on his trees. Apples are slightly better, but one of the largest growers on the river said yesterday that where last year he had eighty barrels, he would this season was such a failure in all the later fruits. He said that last frost is responsible for it all, and that on the sixth of June a small flow of water near his house was frozen solid. This frost killed all the buds, but anyway it would have been an off year for apples.

"DAY AND NIGHT" our feet need South African Foot owder. Dust in boots during the day -at night dissolve in water and bathe
