

THE SONS OF 'EIGHTY-THREE'
Words by Wm. G. Gordon, Edited by H. G. ...
"This is my own—my native land—"
The home where I was born,
And near the spot where now I stand,
I spent life's early morning
Here and in childhood's happy days—
Beside some aged tree—
For as I listened to the breeze
Which told of 'Eighty-Three—"
I sang of now and then—
Of battle and of death—
Of plumed warriors and of loss of life—
Of rally and retreat—
For long sweet peace hath spread her wings
O'er this my native land,
And each reviving year still brings
New blessings from her hand.
Through richer lands—in other climes—
My fate has changed to roam,
But my heart's location there were times
I fondly thought of home—
Of mountains wild and boundless woods,
Where sheeps that inland roam—
Of glens in her hollows,
Which all have charms for me.
Where'er we stray, on life's wide track—
Where'er our fortunes be,
Fond memory still can bring back
The honored and the true—
The loyal hand that sternly strove
Rebellion's tide to stem,
And close in danger's path to prove
Their honor's stainless name.
Our fathers fondly prayed that we—
Whom they to freedom bred—
Might guard their flag when they should be
Laid by that flag to rest;
Their dearest wish we cherish still—
That they, like us, may faithful prove,
And guard that flag for aye.

SMITH'S EXTERMINATOR.
For the total annihilation of Rats, Mice, Beetles, Cockroaches, Crickets, Ants, etc.
This preparation will be found invaluable to all who have these pests in their houses, cellars, warehouses, mills, etc., in the extermination of ALL KINDS OF VERMIN, without any of the unpleasant consequences attending the use of arsenic and other poisonous substances. IT IS WARRANTED NEVER TO FAIL.
The following Certificate from parties of high respectability, in Canada, will place its efficacy above all competition:
"We, the undersigned, do hereby testify that we have made use of Smith's Exterminator and have been benefited by its use. It is the best preparation we have used for the extermination of Rats, Mice, Beetles, and other vermin, and we can recommend it as a valuable preparation for the pest."

ST. JOHN COFFEE HOUSE.
Gentlemen's Oyster Saloon.
The proprietor most respectfully informs the Public of this City, that he has taken the Commodious House in Cross Street, (near the opposite side of the street) formerly known as Mrs. Brook's Lodging House, and that he has, at a very great expense, and a disregard of time and trouble, fitted it up in the most approved manner for the sale of oysters, and other delicacies from Britain and the United States. He flatters himself that he has among his friends and well-wishers, a great number of highly respectable gentlemen, and that they would now tender him most sincere thanks for the very liberal patronage he has received from them.
"To show who may honorably patronize the ST. JOHN COFFEE HOUSE, by their patronage he will pledge himself to give every satisfaction both in the quality and style in serving up the oysters, and other delicacies, as well as to have at the earliest moment any and every variety which this and the American markets can produce."
Families can be supplied with the choicest oysters, raw or cooked in any style, delivered at their own dwellings, the quality of which shall be unquestionable.
Clubs and Dinner parties attended to with the most possible despatch and at the most reasonable charges.
Gentlemen will please call and judge for themselves and they will have a proof positive. The proprietors, LAWRENCE & GARRETT, Gentlemen, accommodate with private rooms.
A prime lot of Oysters, (real notice) just received by the Admiral.

Dr. W. F. Egan's Pain Killer.
No medicine has been discovered that is so rapidly absorbed by the internally as drops to be taken and yet perform such wonder when applied externally, as a wash, bath, or friction. Pain in the side and stomach, Croup, Sore throat, Bruises, Chorea, Infantum, Brochitis, Healing sores on man or beast.
Children Teething, Rising Blood, Hoarseness, Spasms, prevent a Blister from Burns, broken Bones, Measles, Cramps, hiccups, scratches or sore Throat, bites or stings.
In very faint stomachs it may cause vomiting— So much the better, the stomach will be cleaned and the next dose will settle the sickness.
Cautious use will fill a volume might be published, showing the wonderful effects of the "Pain Killer" but they are too common, and need for articles of no merit. We insert but a few that may be depended upon:—
"I have used the Pain Killer for a few days, and it has cured my headache, rheumatism, dysentery, &c. and believe it to be a first rate medicine."
"I have used the Pain Killer for Burns, and found it applying it immediately, to prevent even a blister. I would recommend it to the confidence and reliance of every one who has a sore on his person."
Editor of the Westfield Standard, Westfield, Massachusetts, N. H.
I have been using the Pain Killer for a few months past, and find that it gives so good satisfaction, as recommended. I have used it in my own family also, and believe it to be one of the best family medicines now in use.
J. H. CORBY, Littleton Mass.
This will certify that I have used the Pain Killer in my family for the last six months, and can safely say that it has cured my rheumatism, cough, croup, dysentery, &c. and believe it to be a first rate medicine."

Chloroform Teethache Drops.
It is well known that "CHLOROFORM" has superseded (as a great remedy) the use of Ether as an anesthetic, and is now used by the best Surgeons and Dentists in preference. A Celebrated Chemist, (and one of the first manufacturers of Chloroform) has discovered that "Chloroform" with other simple preparations, will instantly cure the TOOTHACHE. After using it in many cases has never failed to give relief: there is no pain or danger in using it, as it will not injure the sound teeth, but it is necessary to apply it in the cavity of the tooth.
REMARKS.—The Chloroform Teethache Drops, when used in the cavity of the tooth, is a most powerful and efficacious remedy for the relief of toothache, and is a most valuable addition to the dentist's stock.
SYMPTOMS OF WORMS.
Alternating sickness and flushing of the countenance, a dull expression of the eyes, drowsiness, itching of the nose, a swollen upper lip, tongue whitely furled and thickly speckled with red spots, red breath and enlarged belly, a partial or general swelling or puffiness of the skin, starting in the sleep, and grinding of the teeth, a gradual decrease of the flesh, a sensation as if something were lodged in the throat, sickness at the stomach, vomiting, a short dry cough, appetite sometimes voracious, at other times feeble, an unusual craving for chalk, dirt or clay, bowels sometimes too loose, flat, cold, and at other times tight. Chloroform Teethache Drops.
It is well known that "CHLOROFORM" has superseded (as a great remedy) the use of Ether as an anesthetic, and is now used by the best Surgeons and Dentists in preference. A Celebrated Chemist, (and one of the first manufacturers of Chloroform) has discovered that "Chloroform" with other simple preparations, will instantly cure the TOOTHACHE. After using it in many cases has never failed to give relief: there is no pain or danger in using it, as it will not injure the sound teeth, but it is necessary to apply it in the cavity of the tooth.
REMARKS.—The Chloroform Teethache Drops, when used in the cavity of the tooth, is a most powerful and efficacious remedy for the relief of toothache, and is a most valuable addition to the dentist's stock.
