Probate Court.

In the probate court late yesterday afternoon in the estate of the late Hannah Spurr, letters of administration were granted to Hon. H. R. Emerson. The estate which is valued at between \$38,000 and \$39,000 consists largely of real estate in this city and in Moncton. James Friel, of Dorchester, was proctor.

On An Inspection Trip.

William Downie, superintendent of the Atlantic division of the C. P. R., left in his private car last evening for a trip over his division. He was accompanied by D. Arnold Fox who makes the trip as his guest. Mr. Downie said he did not know when Mr. McNeill, who is reported to be headed for St. John, will arrive.

Those Band Concerts.

The Mayor has not received any further responses to his invitation to the city bands to make arrangements to get a share of the \$500 the common council has set aside for band concerts in King's Square. He will be glad to receive the leaders of the city bands at his office between 12 noon and 1 p. m. any day, and arrange with them to furnish the public with music these fine evenings.

The Dredges.

It is understood that the dredge Cynthia which has been undergoing extensive repairs, will be brought out today and will resume work on the harbor dredging. It is also stated that an examination of the bottom of the dredge Beacon Bar, which recently sunk south of Sand Point, showed that they were in bad shape. No information has yet been received as to the time of arrival of the dredge Tatton, which is now at Halifax, and is coming to St. John.

A Musical Event.

An event of interest to music lovers will be the piano-violin-organ recital at Queen Square church tomorrow evening. The artists are three of the graduates of the Mount Allison Conservatory of Music, Miss Eliza Hawker of St. John, organist, Miss Lenise Lusby of Amherst, and Miss Reta Brennan of this city, vocalist, all of whom have been highly spoken of at other entertainments. Tickets are on sale at the stores of R. H. Robb, druggist, W. Hawker, Prince William St., A. B. Gilmore, King street, and Percy Steel, North End.

Wedding Today.

St. Paul's church, Rothsay, will be the scene of a fashionable wedding this afternoon, at 3 o'clock when Miss Grace Robertson, daughter of Mrs. D. E. Robertson, will become the bride of George E. E. The bride will be attended by her mistresses, Miss Sophie and Madge Robertson and Miss Annie Brock. The groomsmen will be George C. Farish, of Halifax, and the ushers will be J. W. P. Ritchie and J. W. Willis, of Halifax, and H. P. Thornhill and Percy Falgout, of Rothsay.

"Better To Be Lucky, Etc."

Winning prizes by chance seems to be a habit with Weldon Thompson, who is employed by George A. Rieker, the druggist. Mr. Thompson was the holder of the lucky ticket in the drawing for the trip to the Jeffries-Johnson fight, which was organized by local men. He is unable to go to the fight, and yesterday the amount which the trip would cost, \$225, was paid to him. His ticket cost him \$1.39. This is not the first time Mr. Thompson has been fortunate in similar undertakings. In his home in Campbellton, he was the winner of a canoe, a gold watch and a bicycle.

Go to Marry in Wales.

There was a merry party at the Union depot on the departure of the Montreal train last evening, gathered to say adieu to Beverley R. Armstrong, who left for Montreal en route to Cricketh, North Wales, where he will be a participant in a happy event early in July. The young lady in the case is a daughter of Archdeacon Lloyd Jones, and an interesting feature of the wedding is that at the same time the bride's sister will be married to Reverend Henry Johnston of South Africa. The groom, who is a son of Judge Armstrong, is very popular here, and his friends were out in force to escort their best wishes. As the train pulled out he was given three hearty cheers.

At 7 a. m., Rev. Dean Schofield, assisted by Rev. W. R. Hibbard, conducted the celebration of Holy Communion. At 9 a. m., Dean Schofield opened the regular programme with a devotional study of the 6th chapter of Isaiah. Principal Rexford then delivered an instructive lecture on the preparation of Sunday school lessons; after which Miss Ethel Jarvis, and Mrs. H. H. Pickett, gave short addresses on the preparation and mode of conducting lessons for the primary classes. This completed the morning exercises.

ENGLISH SETTLER PRAISES PROVINCE. Thomas Milne, Now in Woodstock, Advises Old Country Friends That New Brunswick is Better Than West.

A. B. Wilnot, superintendent of immigration, has received a communication from Mr. Scammel, organizer of the Ex-Service Men's Immigration Society of England, inclosing a type-written copy of a letter he has received from one of the veterans who located in New Brunswick, last year. Thomas C. Milne, the veteran in question, who is located at Woodstock, writes enthusiastically of his experience in this province, and declares that the longer he lives here the more favorably impressed he is with its possibilities, and the advantages it offers the men from the Old Country. "No doubt," he continues, "New Brunswick will do well for itself in the step it has taken on behalf of ex-service men, and I may say that all who come out will be given a hearty welcome, and they will get employment immediately they land. It seems a pity that so many people who are desirous of settling in Canada, should rush out west, while in this province we have land second to none for agriculture, and it is cheap, and settlers have not the hardships to contend with that they have in the west. "This country has no use for idlers, but anyone who comes out here prepared to work will be amply remunerated and have a good time; moreover he can save money, and he is treated by the farmer as one of the family and no distinction whatever, is made.

C.P.R. MAY OPERATE TOBIQUE VALLEY LINE. Understood Any Proposition Along This Line Would be Favorably Considered--Constructing Company Willing.

It is understood the C. P. R. authorities would favorably consider a proposition to operate the extension to the Tobique valley railway which J. A. Stewart, of Andover, and associates are talking of building, this summer. Mr. Stewart, when in town, the other day, stated that he would have little difficulty in getting money to build the extension provided the C. P. R. would agree to lease it on the same terms upon which they now operate the spur line to Plaster Rock--that is, to give the constructing company 40 per cent. of the gross earnings. While in the city Mr. Stewart interviewed Hon. Chas. Oak, manager of the New Brunswick Land Company, and according to his story, was promised help in carrying out the project to extend the line to the forks of the Tobique, or 28 miles beyond Plaster Rock.

To Conduct Mission on North Shore. Rev. Father Melaney, C.S.B.R., of Roxbury, Mass., arrived in the city yesterday, and will leave with Rev. Father Melaney is well known as a pulpit speaker and has many friends in this city. To Inspect Asbestos Leds. Alex. Warrell of the D'Israeli Asbestos Company left last evening for Sherbrooke on business in connection with the company. Before he returns he will visit the company's property at D'Israeli. Mr. Warrell said yesterday that the company's affairs look brighter now than at any previous time and he had no doubt that the business would prosper from now on.
