GRAND TRUNK ROAD IN NEW ALLIANCE

Hitches Up With the New Haven

Stop Building Line in Rival's Territory and War Is Over

Official Announcement Made That the Two Railways Will Work in Harmony in Future and Will Likely Have a Traffic Arrangement—Rhode Island Officials Angry at New Turn.

Boston, Nov. 11.—The Grand Trunk Road of Canada is negotiating with the New York, New Haven & Hartford Railroad for the right not only to reach Boston and Providence over the lines of the latter road, but to carry its business into all the stations of the entire New Haven system, including the Boston & Maine road, according to a statement given out by Vice-President Timothy E. Byrnes, of the New Haven, tonight.

The statement is issued to explain the reasons for discontinuing the work on the Southern New England Railroad, the Grand Trunk's subsidiary, as announced yesterday.

Vice-President Byrnes said that already an agreement has been reached between the two roads for the joint use of the Central Vermont tracks between Windsor and White River Junction, Vermont. The withdrawal of the petition by the Boston & Maine for a branch from Clarendon to Tisbury (N. H.), paralleling the Central Vermont line, was announced Saturday.

While it is stated that the great reason for ordering a stop-work on the Southern New England is not known to President Mellon, it is admitted that joint negotiations are under way and have been for some time looking to a joint use of the New Haven lines by the New Haven and Grand Trunk roads.

Traffic Agreement Likely.

The statement of Vice-President Byrnes is as follows:

"Vice-President Byrnes has talked over the telephone this evening with Mr. Mellon at his residence in Stockbridge and has been assured by Mr. Mellon that there has been no agreement of any description yet arrived at with the Grand Trunk Road, with the exception of a joint use of Central Vermont tracks between Windsor and White River Junction.

"Likewise, Mr. Mellon has been at various times in communication with Mr. Chamberlain and things it probable that an agreement as to traffic will also be made some time looking to a joint use of the Southern New England extension, and if the Grand Trunk has discontinued this work, as stated in the newspapers, it was because the Grand Trunk believed it advisable from its own standpoint and not from any understanding between itself and the New Haven road.

"That the fact that the New Haven road has not paid and will not pay one dollar to the Grand Trunk to stop the construction of the Southern New England road. All negotiations with the Grand Trunk have been open and above board from the beginning and will so continue until the end, and have been conducted as would similar negotiations between any other two companies.

"The negotiations referred to as pending have been with a view of joining the Grand Trunk into all of the territory reached by the New Haven and Boston & Maine lines, the conference particularly being with a view to working out the divisions of joint rates and the arrangements for interchange of through traffic. The effect of such an arrangement, if finally made, will be to put the Grand Trunk business not only into Boston and Providence, but into all the stations of the entire New Haven system."

MANY CASES OF SMALLPOX IN QUEBEC TOWNS

Montreal and Adjoining Places Have More Than 100 Stricken—Outbreak General in Province.

Montreal, Nov. 11.—Seven new cases of smallpox in Montreal within the past 48 hours; 65 known cases in Beauharnois; 95 known cases in St. Laurent and upwards of 12 municipalities in the province in which cases exist are due, according to Dr. J. A. Beaudry, chief inspector of the provincial board of health, the net result of gross ignorance and negligence on the part of members of the medical profession in and about Montreal and Quebec. The board is doing all it can to stop the spread of the disease.

TRIPLE TRAGEDY IN MANITOBA HOME

Man Says His Wife Killed Her Two Children and Self in the Room They Were All Sleeping in.

Winnipeg, Man., Nov. 11.—Last night a triple tragedy occurred in a home near St. James Station, ten miles west of here, the wife of Arthur Clark, aged 25, killed her two children, aged five and one year, respectively, and then committed suicide.

According to the husband, all four were sleeping in the same room and he was awakened by the noise of one of the children made, while his mother was in the act of cutting his throat. When Clark got up to restrain his wife, she ran to the other end of the room and cut her own throat with a razor.

It was then about 1 o'clock and Clark rushed to a neighboring farmer John Shoemaker, and told his story. Shoemaker accompanied him back to the house, where mother and children were found dead.

Mrs. Clark had all arrangements made for her and the children to leave for England today, while Clark was to have a safe and follow them within a month.

FISHER'S LANTERN CAUSED WRECK OF ROYAL GEORGE

Pilot Thought It Light on Beaumont Shoal, and Saw Mistake Too Late.

Quebec, Nov. 11.—It has now come out that the carrying of a lantern on the St. Laurent beach by a fisherman led to the wreck of the Royal George's mistake. It appears that the fisherman was visiting the fishery and as he walked along the beach the lantern was swung.

The Royal George was then coming up the river at full speed, and the pilot, seeing the light waving to and fro, thought it was the light on the gas buoy at Beaumont shoal, which is almost immediately opposite St. Laurent light. He gave orders to port the helm, bringing the vessel nearer the north shore. When he discovered his mistake he ordered the helm to starboard, but before the steamer swung to the south she struck and remained fast.

Cambridge, Ont., Nov. 11.—Rev. T. N. Shearer, who came to Lambton county a little over two years ago to assume charge of the Presbyterian church of this village, was killed in his own yard this morning by a kick on the back of the head by a fractious mare on which he was endeavoring to place a halter. Members of the family came to his assistance immediately and he was taken to the hospital, but he died before he reached the hospital.

DECISIVE BATTLE ON AT CONSTANTINOPLE

Heavy Losses On Turkish Side

Sultan's Capital Full of Wounded Soldiers and Cholera Adds to the Misery—Powers Bending Every Effort to Force Austria to Relinquish Her Demands on Servia.

Constantinople, Nov. 11.—The news from Constantinople tonight is the herald of another Turkish defeat at the Tebrak line, where a battle has been proceeding for the past two or three days.

The Turkish admission that so many wounded are arriving at the capital as to show that the Turkish are offering fierce resistance has a great significance in view of previous admissions of a similar nature. It may be quite possible that this will prove the last great battle of the campaign.

There are indications that Bulgaria may, at all, forego a triumphal entry in Constantinople. According to some reports Bulgaria will be content with finding suitable winter quarters for her army while the peace negotiations are going on and subsequent settlements are being arranged.

The question of mediation has made another step forward in the announcement from Paris tonight that the Austrian government may be content with preparing the public mind for another disappointment. It may be quite possible that this will prove the last great battle of the campaign.

CANADIAN NORTHERN AFTER BOSTON OUTLET

Application to be Made to Parliament for Charter to Build Line to Sherbrooke to Connect with Boston and Maine Road—Will Also Ask Government for Right of Way Over Intercolonial to St. John and Halifax.

Ottawa, Nov. 11.—The Canadian Northern Railway will, it is understood, seek legislation this session providing for its extension out to the coast from the west. The final eastern link of the Canadian Northern system from Sudbury to Quebec, now under construction, will be completed within a year or so. But as yet there is no provision for further out to the seaboard and the road naturally wants to be in a position to secure the through haul instead of having to turn its traffic to rival roads at Montreal or Quebec, when the St. Lawrence navigation season closes.

The company has two outlets in view. For some years Mackenzie & Mann have been considering the utilizing of the intercolonial system from Montreal or Quebec to St. John and Halifax. Proposals for giving the C. N. R. running rights over the government line or of leasing it to the company were suggested to the latter government, but no action was taken. The C. N. R. system not being then sufficiently completed to make the final linking-up immediately imperative, the question is now again being considered and the present government is likely to most sympathetically ally a request of Mackenzie & Mann for a working arrangement over the intercolonial.

As a second outlet, the C. N. R. is now also contemplating the company is applying for legislation this session authorizing the construction of a line from Montreal to Sherbrooke with a branch from St. Hyacinthe to Sherbrooke. At this latter point the road will make connections with the Boston & Maine line, giving a through outlet for export grain and other commodities via Boston.

Thus the C. N. R. would be in position to compete with the C. P. R. and G. T. R. from coast to coast and would be entirely independent of either of these roads or their allies for the Atlantic outlet.

With the Grand Trunk Pacific applying to parliament for an additional loan of \$15,000,000 to finance the completion of the mountain division, and with the C. N. R. also applying for legislation noted above, with the usual subsidy requests attached, the whole question of routing traffic via Canadian or American Atlantic ports is likely to come up for long and lively discussion this session.

LIBERALS BEATEN IN SNAP VOTE ON HOME RULE BILL

Asquith Government Caught Napping With a Slim Margin in Committee Stage—Cabinet Decides to Seek a Vote of Confidence from Parliament—Balfour Had Similar Experience Many Times When Premier and Didn't Think of Resigning Office.

London, Nov. 11.—While the house of commons was debating the financial provisions of the home rule bill in committee this afternoon, an unexpected vote on an amendment offered by Sir Frederick Balfour, a Unionist member for the city of London, resulted in an opposition victory by a majority of 22.

The Conservatives were jubilant and loudly demanded that the Liberal government resign, which according to precedent should do, if the vote, which was 228 to 208 was a genuine test of the strength of the government on the home rule bill.

The younger Conservatives prepared the trap for the home rulers and succeeded in getting a vote when many members were in the country and a number of those in town were absent from the house, not expecting that important business would be taken up.

The government's average majority in the house of commons has been in the neighborhood of 100, but there has been much dissatisfaction among members of all parties at the provision compelling the other section of the United Kingdom to contribute to the support of Ireland without a vote in the expenditure of the money.

The cabinet council held after the government was defeated in the house of commons. Several warehouses, a wing of the barracks, and other buildings have been transformed into hospitals and large hospitals in the suburb of Kildare were opened today. The Unionist and other political clubs, temporarily closed by order of the government, have also been converted into hospitals.

An official bulletin said that during the past twenty-four hours six new cases of cholera, with two deaths, have occurred among the refugees. The usual sanitary and quarantine measures are being applied to shipping leaving Constantinople.

The warships in the harbor were dressed today and salutes were fired in honor of the King of Italy's birthday.

Important Conferences at Vienna.

Vienna, Austria, Nov. 11.—Symptoms that important decisions in connection with the Balkan situation are under consideration in Austria-Hungary are seen in the fact of frequent audiences between Count von Berchtold, the Austro-Hungarian foreign minister, and Emperor Francis Joseph, who has also several times met with the president and chief of the general staff of the Austro-Hungarian army.

To these significant occurrences are added the arrival at Budapest of Archduke Francis Ferdinand, the heir to the Austro-Hungarian throne, and his forthcoming visit to the German emperor, as well as yesterday's conference between Dr. S. Danoff, the president of the Bulgarian Chamber of Deputies, and Count von

TO MAKE BRITISH DIVORCES EASER

Royal Commission's Report Issued

Desertion and Insanity Should be Grounds for Decree

Judge Alone to Decide the Cases, and He Can Prohibit Publication of Proceedings and Photos of Principals—Minority Report Against Changing Present Law.

London, Nov. 11.—The royal commission on divorce, which has been investigating this subject for several years, has made public the result of its inquiries. The majority report recommends that the two sexes be placed on an equality before the law with regard to the grounds for divorce, which shall be adultery, desertion for three years, incurable insanity after five years' confinement, habitual drunkenness, found to be incurable after three years, from the issuance of the first separation order.

It is recommended that all divorce cases shall be heard by a judge alone, who is empowered to close the court during the hearing and prohibit the publication of details.

The majority report also recommends that no report on matrimonial cases shall be published until the case is closed, and that the publication of the portraits of the parties thereto shall be prohibited.

The report states that the evidence taken during the course of the investigations shows that the proposed extension of the grounds for divorce, far from tending to lower the standard of morality, has had a contrary effect, and that the present stringent restrictions and coolness of divorce are productive of immorality and illicit relations, particularly among the poorer classes. This report is signed by nine commissioners.

The minority report, which is signed by the Archbishop of York and two other commissioners, does not recommend the extension of the grounds for divorce on the ground that this is destructive to the sanctity of the marriage ties and family life and contrary to the principles of Christian faith in its relation to marriage.

GERMANY AND FRANCE HAVE EYES ON BELGIUM

Prominent Staff Officers of Both Countries Examine Her Fortifications in Secret.

Mamur, Belgium, Nov. 11.—The close attention paid by both the French and German army staffs to the fortifications of Belgium, has come to light through the sudden grave illness of General Marie George Picquart, formerly French minister of war, while staying here.

It now appears that he and three other distinguished strategists were recently observed in extensive automobile excursions during which they closely studied the ground with the aid of staff maps. They were discreetly watched by the Belgian secret service police and were finally asked their names.

A sensation was caused when it was learned that the party was composed of prominent French officers, including General Picquart, and public excitement was added by the publication of the fact that a month ago a party of German staff officers passed over the same ground and carefully examined the fortifications, at the same time asking innumerable questions of the inhabitants.

NOVA SCOTIA NURSE DIES ON EVE OF MARRIAGE

Invitations for the Marriage of Miss Wanita R. Giles and Rev. Ralph A. Stone, of Norwood, Mass., Recalled.

Boston, Nov. 11.—Invitations to the wedding of Rev. Ralph A. Stone, pastor of Norwood Baptist church, and Miss Wanita R. Giles, two weeks hence, were recalled today. Instead of the wedding there will be a funeral at Lower Westworth (N. S.), where Miss Giles formerly lived.

Miss Giles died at the Homeopathic hospital, where she was studying for a nurse, after a week's illness. She was survived by her mother and sister, both of Lower Westworth (N. S.).

TORIES HOPE TO UNSEAT BRITISH LIBERAL MEMBER

Select Committee to Investigate Charge That Sir Stewart Samuel Has Benefitted in Dealings With the Government.

London, Nov. 11.—The question whether Sir Stewart Samuel, member for one of the East End divisions of London, shall continue to hold his seat in parliament is to come before a select committee of the house of commons.

Stewart Samuel is believed by the members of the opposition to have forfeited his right to sit as a member of parliament owing to his firm of bankers having become purchasers of silver for the Indian government. Under an old act of parliament a member may not be indirectly interested in such a transaction.

The change made by the government from the Bank of England to Samuel Montagu & Co. as purchasers of silver for India caused a lot of comment, as besides Sir Stewart Samuel being a supporter of the government, Edwin Samuel Montagu, whose relatives are connected with the firm, is under secretary of state for India.

Only recently Sir Stewart Samuel's brother, Herbert Samuel, the postmaster-general, came in for some criticism in connection with the government's wireless contract with Marconi.

NEGRO APPLIES TO SUPREME COURT AT WASHINGTON TO ORDER HIS RELEASE ON BAIL

Chicago, Nov. 11.—The federal grand jury late this afternoon returned four additional indictments against Jack Johnson, champion pugilist, on further charges of violation of the Mann act against interstate transportation of women for immoral purposes.

The indictments charged Johnson with taking Belle Schreiber from Milwaukee (Wis.), to Chicago, from Indianapolis (Ind.), to Chicago, from Detroit (Mich.), to Chicago, and from Chicago to Milwaukee (Wis.).

The name of Lucille Cameron, of Minneapolis, does not figure in any of the indictments.

JOHNSON TAKES CASE IN HIGH COURT

Washington, Nov. 11.—Jack Johnson, world's champion heavyweight pugilist, today filed a motion in the supreme court of the United States, asking to be permitted to give bail pending the hearing before the United States district court in Northern Illinois, on indictment charging a violation of the white slave traffic act. In support of the motion it was said the district judge demanded \$30,000 bail, which was declared to be excessive, and had refused to accept a certificate of deposit for \$30,000 in lieu of bail.

FREDERICTON MAN TO WED SOMERVILLE, MASS., NURSE

Boston, Nov. 11.—The engagement is announced of Annie E. Baxter, a trained nurse at the Somerville, Massachusetts, hospital, and Clyde Kerr Stewart, of Fredericton (N. B.). Miss Baxter was recently made superintendent of the well known Cottage Hospital, Somerville. She came here from the provinces. Mr. Kerr has been a frequent visitor to Boston and Somerville, but is not well known in this section. The date of the wedding has not yet been announced, but friends of Miss Baxter say that it will be in two or three weeks.
