

Rheumatism Conquered

I say that I can conquer rheumatism with a simple home treatment, without electrical treatment, stringent diet, weakening baths, or in fact any other of the usual treatments recommended for the cure of rheumatism. Don't shut your eyes and say "impossible," but put me to the test.

You may have tried everything you ever heard of and have spent your money right and left. I say "well and good," let me prove my claims without expense to you.

Let me send you, without charge, a trial treatment of DELANO'S RHEUMATIC CONQUEROR. I am willing to take the chance and surely the test will tell.

So send me your name and the test treatment will be sent you at once. When I send you this, I will write you more fully, and will show you that my treatment is not only for banishing rheumatism, but should also cleanse the system of uric acid and give great benefit in kidney trouble and help the general health.

This special offer will not be held open indefinitely. It will be necessary for you to make your application quickly. As soon as this discovery becomes better known I shall cease sending the free treatments and shall then charge a price for this discovery which will be in proportion to its great value. So take advantage of this offer before it is too late. Remember, the test costs you absolutely nothing. F. H. DELANO, 328-P Delano Bldg., Syracuse, N.Y.

Paint Without Oil

Remarkable Discovery that Cuts Down the Cost of Paint Seventy-Five Per Cent.

A Free Trial Package is Mailed to Everyone Who Writes.

A. L. Rice, a prominent manufacturer of Adams, N. Y., has discovered a process of making a new kind of paint without the use of oil. He calls it Powderpaint. It comes in the form of a dry powder and all that is required is cold water to make a paint weather proof, fire proof and as durable as oil paint. It adheres to any surface, wood, stone or brick, spreads and looks like oil paint and costs about one-fourth as much.

Write to Mr. A. L. Rice, Manuf'r., 440 North St., Adams, N. Y., and he will send you free a trial package, also color card and full information showing you how you can save a good many dollars. Write to-day.

1135—A Splendid Style for Many Occasions.

Blue charmeuse, combined with black satin, and embroidery is here shown. The style is also good for serge, cashmere, satin, velvet, broad cloth, or crepe de chine. The waist portions are joined to a deep girdle to which the tunic is added. The waist is made in over-blouse style, the sleeves being joined to the lining. The skirt, a two piece model may be of lining beneath the tunic. The neck opening is low, and finished with a flare collar. The sleeve is gathered at its outer part at the wrist, under a shaped tab. In black velvet with a combination of satin, and pipings of green, or trimming of silk braid would be nice for this model. Plum color gabardine serge, with messaline for sleeves, and skirt, would also be effective. The pattern is cut in 6 sizes: 34, 36, 38, 40, 42 and 44 inches bust measure. Pattern, 10c.

1114—A Simple and Becoming Dress.

Figured percale in black and white was used for this attractive and pleasing design. The waist is made with a group

8 and 10 years. It requires 3 yards of 36 inch material for a 4 year size. Pattern, 10c.

1112—An Ever Popular Suit.

This trim little model is comfortable and smart looking. It is easily developed and if made of warm winter suiting will be very fine for cold weather. The blouse is finished with a wide panel under which the closing is effected. The neat sleeve is finished with a turn back cuff. The trousers are straight at the lower edge. This model is good for flannel, cheviot, serge, velvet, corduroy, linen, galatea or seersucker. If made of fine ribbed serge in a nice shade of blue or brown with a black tie, and patent leather belt with self covered buttons. For something more dressy, black velvet or corduroy, with white trimming would be nice. The pattern is cut in 4 sizes: 3, 4, 5 and 6 years. Pattern, 10c.

1118—A Pretty Cap and a Becoming Bonnet.

For the cap, embroidered lawn, batiste or linen would serve, or silk, cloth, velvet or corduroy. For the bon-

of tucks over the bust. The right front is shaped over the left in closing. The raglan sleeve, such a comfortable sleeve, may be finished in wrist or elbow length. The skirt is a three piece model with plaited fullness at the back. A shaped collar trims the neck edge. Blue gingham, with collar and cuffs of white pique would be nice for this style, or gray and white seersucker, with trimming in self or contrasting color. The pattern is cut in 5 sizes: 34, 36, 38, 40 and 42 inches bust measure. Pattern, 10c.

1123—A Natty Dress for Mother's Girl.

The deep armseye and front closing are good features of this model. It is a one piece dress, with closing under the plait in front, and has raglan sleeves, that may be finished in wrist or shorter length. The fronts are slashed to insert and hold the belt. As here shown plaid suiting in brown tones was used. The dress will look well in red cashmere with braid trimming, or in blue serge with blue and white checked woollen for contrast. Corduroy, velveteen, galatea, percale, linen and gingham are all good for this style. The pattern is cut in 4 sizes: 4, 6,

net, black velvet was selected with facing of white mull shirred to the brim. This style is good for faille silk, for messaline, crepe de chine, for velvet, or corduroy. The patterns are cut in 2 sizes for children 1 to 2, and 3 to 4 years. It requires 1/2 yard of 24 inch material for either style. Pattern, 10c.

1117—Ladies' Skirt with or without Tunic and Girdle.

For wear with a separate waist, or as part of a gown, this model will be found very satisfactory. The tunic is shaped over the front in flounce style. The skirt is made with slot tucks over the centre front. Blue serge with a simple finish of stitching is lovely for this style; brown duvetyn with trimming or binding of self or black braid is also good. The model is suitable for any of this season's dress materials, and lends itself nicely to combinations of materials. Charmeuse and velvet, and plaid or checked suitings would be very effective in such combinations. The pattern is cut in 6 sizes: 22, 24, 26, 28, 30 and 32 inches waist measure. For a 24-inch size the skirt measures about 2 yards at the lower edge. Pattern, 10c.

When the Liver Gets Torpid

There is Nothing Like Dr. Chase's Kidney-Liver Pills to Set it Right.

Mrs. C. L. Cook, 248 Tenth street, Brandon, Man., writes:—"I have used Dr. Chase's Kidney-Liver Pills for the last four years for liver trouble, and can say that I have had great satisfaction and help from them. I find that I do not need any doctor if I use them when the liver gets torpid, and believe that they are exactly suited for my case. My husband has used them for kidney trouble with good results, and my daughter in Winnipeg has been helped a great deal by the use of these pills. We say that we can't keep house without them, and have cheated the doctors here out of a good many visits. I think Dr. Chase's medicines are just the thing, and have recommended them to many people who have used them with good results."

By keeping the liver active and the bowels regular Dr. Chase's Kidney-Liver Pills prevent and cure such disorders as biliousness, constipation, chronic indigestion and headache. One pill a dose, 25c a box, 5 for \$1.00; all dealers, or Edman-son, Bates & Co., Limited, Toronto.
