

SRC SPRING BUDGETS GET APPROVAL TONITE

Fredericton (UNB)—At the meeting of the Students' Representative Council held on Wednesday night, January 20 in the Forestry Building, the financial committee headed by Bob Cass, S.R.C. Treasurer, presented the annual spring budget. The presentation was to inform the members of the requests and was considered a preliminary budget meeting as no motions concerning financial matters were made.

The meeting, chaired by Dick Ballance, SRC President, also appointed Gord McAllister, sophomore electrical student, as interim Secretary for the remainder of the SRC year, ending March 1st 1954.

In conjunction with the preliminary budget several recommendations were made by the financial committee. They read as follows:

(1) The Amateur Athletic Association shall pay for campus police at all sports events or events sponsored by the A.A.A.

(2) That the system of Honorariums be re-adjusted.

(3) That all officers having financial duties should continue their duties until the end of the school term, but the new officers should be elected as usual and assume their official capacity upon election or appointment.

(4) That members of the Corps of Commissionaires be hired to handle the money at the door at all formal dances.

(5) That the student directory be discontinued in its present form.

Mr. Cass explained that in the case of (3) the reason for the recommendation was an effort to eliminate the difficulties involved in changing officers in the middle of the term with so much work from the preceding months on the books. It would also give the new officials an opportunity to learn the ropes. With respect to item (5) Mr. Cass said that it has been found that difficulty has arisen among other publications on the campus concerning advertising in that most local merchants will advertise in the directory and then later turn down such publications as the Year Book and The Brunswickan. It was also felt that a directory of smaller size and without the SRC constitution in it would be more convenient for the students as well as cheaper to produce.

The final budget will be presented to the SRC this evening for passing and final ratification. A summary of the preliminary budget follows:

Income	\$8,450.00
Budgets:	
SRC	515.00
Brunswickan	1,277.58
NFCUS	182.00
Public Address	338.00
Year Book	2,500.00
AAA	3,400.00
Social Committee	650.00
Radio Club	25.00
Male Chorus	15.00
Non-Athletic Awards	45.00
Total	\$8,612.94

ALUMNI SECRETARY ATTENDS CONFERENCE

Fredericton (UNB) — The University of New Brunswick's Alumni Secretary, John C. Murray, attended the annual District 1 Conference of the American Alumni Council at Smith College, Northampton, Massachusetts, on January 10-12.

About 125 persons professionally engaged in alumni work at universities and colleges in the New England States, Quebec, the Maritime Provinces and Newfoundland were in attendance. The conference included panel discussions and talks on various phases of alumni work concerned with the alumni fund, the alumni magazine, reunions, class organizations, etc.

Mr. Seward J. Marsh, National President of the American Alumni Council and Secretary of the Alumni Association of Bowdoin College, delivered his presidential address at the opening of the Conference on Sunday evening, January 10.

Other guest speakers were Francis Keppel, Dean of Graduate School of Education, Harvard University; and Miss Jeanette McPherson, Dean of Freshmen, Wellesley College.

D. Lorne Gales, General Secretary, McGill University, Montreal, is Chairman of District 1 while Mr. Peter E. Pratt, Alumni Secretary, Harvard University, was in charge of the programme.

GRAD APPOINTED

Fredericton (UNB) — A University of New Brunswick graduate, Laurence H. Solomon, has been appointed Order Librarian at Colgate University in Hamilton, N.Y. It was learned here today.

Mr. Solomon, a native of the British West Indies, received his bachelor of arts degree at UNB in 1949 and his bachelor of library science degree from the University of Toronto Library School in 1950.

After two years' work at the York Township Public Library, Toronto, Mr. Solomon became branch library head of the Peoria, Ill. Public Library, before taking up his new duties at Colgate University late in December.

Mr. Solomon served in the Canadian Army from 1940 to 1946. While attending UNB, Mr. Solomon was married to Miss Marion Sharpe, daughter of Mr. and Mrs. C. A. Sharpe, York Street, Fredericton.

SPEAKS ON POWER: The Rotary Club of Fredericton recently heard in address which stirred considerable comment when it was delivered to the Saint John Board of Trade. The speaker was Prof. William V. Smith of the economic department of the University of New Brunswick and the subject was "New Brunswick's Opportunity: Power is the Key." Prof. Smith urged an early start on the Beechwood hydro-electric development on the Saint John river as the most suitable next step in meeting the Province's growing power demands.

CONSUMER CREDIT THEME OF ADDRESS

Fredericton (UNB)—"In an age of extreme social consciousness and unrest, consumer credit should not be overlooked," J. H. Mackey, assistant general sales manager, Industrial Acceptance Corporation, told a meeting of Fredericton business men and women here Thursday.

"Unless the hand that makes the automobile has the power to take the automobile and put it to use for himself . . . Then there is bound to be social trouble and unrest," he said. Speaking at a luncheon meeting in the Lord Beaverbrook Hotel, sponsored by the University of New Brunswick's departments of business administration and economics, Mr. Mackey declared:

"I do not think it is an exaggeration to say that this installment sales institution has been largely responsible for allowing the hands that make our automobiles . . . take them and put them to use for themselves."

He traced the development of consumer credit, "closely linked with the history of the automobile industry." He noted how modern installment selling arose in response to social needs. The desire of Americans to own motor vehicles, coupled with substantial sales price credits and the need for installment buying.

In the same way, he noted, the established institutions . . . commercial banks as they were constituted could not meet the changing needs of society. A new institution, credit buying, was created to fill the gap.

CAMPUS ENGINEERS RECEIVE ADDRESS

Fredericton (UNB)—Two prominent British engineers delivered lectures at the University of New Brunswick on Thursday, January 14th, as part of the provincial university's observance of the 100th anniversary of its Engineering Department.

C. H. W. Lackey and D. F. Amer, both of whom are with A. Reyolle & Company Limited, Hebburn, Co. Durham, England, came to Fredericton under the joint sponsorship of the University of New Brunswick and the Fredericton Branch of the Engineering Institute of Canada.

Mr. Lackey, Engineer-in-charge of Research at Reyolle, delivered the first lecture at 4 p.m. in UNB's Electrical Engineering Building. He spoke on the topic of "A Review of Protective-Gear Practice in Britain." Mr. Lackey joined his company in 1924 and received his training at Rutherford College of Technology, Newcastle upon Tyne and Armstrong College, Newcastle.

He has read professional papers in many parts of the world and is the author of a book entitled "Fault Calculations."

The evening lecture by Mr. Amer dealt with "Some Technical Factors Relating to High Voltage Switching." It was delivered at 8 p.m. in the University's Memorial Hall. Mr. Amer, who is his company's Engineer-in-charge of

AUTHOR TO LECTURE NEWMAN CLUB AT MEETING ON FRIDAY

Fredericton (UNB)—Mr. Bruce Marshall, British author and lecturer, currently on a speaking tour of the Maritimes, will arrive in Fredericton on Friday, January twenty-ninth. Marshall, who is being sponsored by the UNB Newman Club, will give a public lecture on the position of Franco Spain in the Western World.

A Scotman by birth, Mr. Marshall attended public school and university in Edinburgh, interrupting his university career to serve in the first World War. After the Armistice, Mr. Marshall began his literary career. He also became a Scottish Chartered Accountant, working and traveling on the continent most of the between-wars period. Referring to his two professions, Mr. Marshall sardonically observes: "Among my accountant-friends I am a great novelist; among literary circles I am a good accountant." His critics, however, say otherwise.

Among his successful novels are: "Father Malachi's Miracle", which was even more successful as a Stage-play than as an original novel; "Yellow Tapers for Paris", culled from fourteen years spent in that city, and "The World, the Flesh, and Father Smith" which "crosses literary picket-lines and flies from humble devotion to mischievous burlesque."

On the eve of the German invasion, he returned to England to serve as an officer in the British Intelligence, and after peace was somewhat tenuously restored to Europe, became a lieutenant colonel with the Allied Civil Commission for Austria. It was from this last appointment that he gathered material for his book "Specters in Vienna", which was subsequently made into the movie "The Red Danube".

Final arrangements for Mr. Marshall's address in Fredericton will be announced within the next few days.

SCM GROUP WILL MEET SECRETARILY

Fredericton (UNB) — Good attendance and many plans for the New Year were leading features of the first meeting of the Student Christian Movement Advisory Board for 1954. Presided over by Alwyn Cameron, Chairman of the Board, the meeting was held last evening in the lounge of Teachers' College.

Those present were: Rev. H. M. Davis, Rev. Dr. T. J. Watson, Ralph Freeze, Sinclair Healy and O. F. McGowan. Student representatives included James Kennedy, President of the SCM at UNB, Joyce Anderson, President of the SCM in Teachers' College, John Smith from UNB, and Merrill Slipp from Teachers' College.

The Chairman circulated mimeographed material dealing with the functions of the Advisory Board, explaining that it had been prepared by the National Council of SCM of Canada for the guidance of local units. After members have had time to study the material, the recommendations will be discussed.

Highlight of the evening was discussion of plans for the visit of Rev. Robert Miller, Study Secretary of the SCM for Canada, to the universities of the Maritimes. It was learned that Mr. Miller, who has travelled extensively and has studied in Germany, would arrive in Fredericton on Saturday, Jan. 30 and would remain until Monday, Feb. 1, thus providing an almost unique opportunity for the group to strengthen and develop its study program, especially in the University.

To further the study program, it was decided to hold a conference of student leaders, under Mr. Miller's direction, on Saturday, with morning and afternoon sessions to deal with the problems of group leadership. In the evening, a buffet supper is to be held so that members of the Advisory Board and senior friends of the SCM in the Fredericton area may meet Mr. Miller and become more fully acquainted with the program of the local SCM.

It is expected that Mr. Miller, in addition to addressing numerous SCM groups, will also preach in several of the City churches and speak to a few service clubs.

E. H. V. Switchgear, received his technical training at Rutherford College of Technology, and is co-author of a number of papers on E. H. V. Switchgear.

DID YOU KNOW THAT

- COTC recruiting closed on January 7th?
- More UNB students applied for COTC training this year than last year?
- There is NO restriction to the number who can join, but this applies only EARLY in the academic year?
- Over 30 students will travel across Canada this summer at Army expense, receive free board, lodging, medical and dental care, and be paid \$185 per month for up to 4 months for doing this?
- These students are helping to maintain YOUR freedom?
- 6 students have undertaken to serve three years in the Canadian Army Active Force?
- These students receive free University Training and \$120 a month while at university in return?
- It is most likely that some of these students will fly to Germany this summer to train with Canada's NATO forces and see Europe?
- The commitment of these COTC and ROTP students ranges from nothing, to full-time service after graduation, AT THEIR DISCRETION?
- YOU COULD HAVE BEEN ONE OF THEM?
