### THE SAFE-CABINET

MARIETTA, OHIO, U.S.A.

CABLE ADDRESS  
"SAFCABINET MARIETTA"

Tampa, Fla.,  
June 29th, 1926.

Hon. Arthur Meighen,  
Attawa Ont. Canada.

Dear Meighen:-

I am taking the liberty of writing you relative to the post of Canadian Counsel for the port of Tampa. I have been following the movements of our Canadian Government very closely and I have heard a rumor that our Government was contemplating a post of this nature at this point.

Having read in yesterdays paper where you would be asked to form a new cabinet and being a member of your party when I lived at my home in London Ontario I thought that I may possibly obtain the honor of representing our Government at this port.

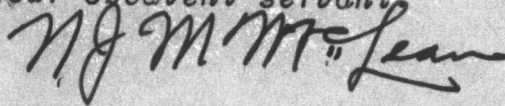

I had the honor of serving in the Royal Air Force during the war and still hold a commission, also gave a year entirely gratis to Canada in securing recruits for the Canadian army of our countrymen who lived in Kentucky. I shall be glad to furnish proof of these statements, and in addition if you care to investigate my standing here, you can do so through Mr. Peter Taylor, British Vice Counsel of this port.

My idea of wanting this post is more for the honor, rather, than for any compensation may be attached to such an office. I will thank you to let me hear from you at your convenience regarding the probability of establishing a Canadian Counsel at this port.

I have the honor to be

Sir

Your obedient servant,

N.J.M. McLean  
McL/GK.
