

091423

I

Ottawa, May 6th, 1932.

Dear Mr. Davidson,-

I have your letter of the 4th instant, and note what the general feeling is as regards the Senators concerned.

The information obtained as to Senator Hayden's condition is such that I could not make myself responsible for further drastic action and the result which might have followed in the not distant future.

The statement I made was quite consistent with a reconsideration of the matter at a later date if circumstances warranted same.

Yours very truly,

Randall Davidson, Esq.,
St. James' Club,
Montreal, Que.
