

coming in - a customer - you don't figure on seeing them again, and you don't take anything down.

Q-793 You think it was like today.

A-793 Yes.

BY THE JUDGE ADVOCATE:

Q-794 That is what makes me a little bit curious, why you are able to what she bought in the way of butter?

Q-794 On account of her paying. I think that impressed itself on me. At another time, I might not have paid no attention at all.

Q-795 You said you had no idea when you came into this Court room that you would be asked to say what purchases she made?

A-795 No, sir.

Q-796 On October 31st?

A-796 No, sir.

Q-797 No idea whatsoever?

A-797 No. I came down myself ahead of her, and only saw her when she dropped in here.

Q-798 And nobody ever mentioned the 31st of October to you prior to when you were asked to come down by the Officer here?

A-798 Well, I cannot check----

Q-799 And you did not know until you came in here ---

A-799 No, sir.

Q-800 Just a minute, please. Pay attention to the question. That you did not know prior to coming into this court room, and prior to being asked by the Defending Officer, that you would be asked questions concerning the 31st of October, and what Mrs. Brandon bought on that day? Do you understand that?

A-800 I guess I do.

Q-801 Well, did you? This is like any other court; we want to get at the truth of matters, and that is one question I would like you to answer.

A-801 We never talked about nothing, to tell the truth.
