

AYRSHIRE SALE AT WOODSTOCK.

ONE more admirer of Ayrshire cattle will have the opportunity of securing at an unreserved auction sale of the choicest breeding, which will go under the hammer at Woodstock, Ontario, on Wednesday, March 27th. The Southern Counties Ayrshire Breeders' Club is on that date, and is offering 41 females and 19 young bulls. Many choice animals have been sold at former sales, but we believe the present consignment to be superior, to anything else offered by the very much of the consignment will be young cows, due to freshen this spring.

Messrs. MacVicar Bros., Belmont, are consigning nine head of females, among which are some grand dairy cows. This herd had at its head for several years one of Canada's greatest Ayrshire stock bulls, Garraugh Prince Fortune stock who is a half brother to the dam of world's champion Ayrshire cow; record, 25.28 lbs. milk, 1.66 lbs. butter. Following Prince Fortune came Advance of the ex-world's champion, Jean Armour—record, 20.74 lbs. milk and 903 lbs. of butter—and whose dam was a daughter of Scottie, the Canadian R.O.P. champion sire. What more could be asked for in Ayrshire breeding?

Mr. J. L. Stansell, Stratfordville, is putting in eight head, and it is needless to say that it follows as a logical sequence that there will be some "good stuff" in young things, sired by his famous herd sires. Belmont Prince Ideal, in addition to a choice lot of young cows due to freshen about time of sale.

Mr. E. B. Stansell, Vienna, Ont., while one of the younger club members, is rapidly coming to the front as a consigning nine head, among which will be found some of the pinnas of the breed. Three extra well-bred type young bulls are included in this lot.

Mr. John A. Morrison, Mount Elgin, is putting in two young bulls, possessing great utility backing, and four females, one of them, Milkmaid 2nd, a five year old, being an exceedingly useful appearing cow.

Mr. F. H. Harris, the president of the club, is consigning six females of very rich breeding. Most of them are in calf to his noted herd sire, Burnside Lucky Master Swell, a son of R. R. Ness' famous champion, Masterpiece.

Mr. E. Burgess Palmer, Norwich, is sending one bull and three females. The bull, a two year old, is a son of Briery King of Springfield, while his dam is a half sister to the Canadian champion R.O.P. cow, Lady Jane. This surely is breeding that should appeal to production. The seven-year-old cow, Aargie's Beauty, in this lot, should show some spirited bidding at the sale. She qualified a year ago in R.O.P. with nearly 12,000 lbs. milk, and has just gained another record. Messrs. R. B. Palmer are putting in two young bulls, one of them, a five year old, being an exceedingly useful appearing cow. Almost Honey, the dam of the famous bull, Snow King. She will be fresh in milk for the sale.

Mr. R. J. A. Smith, Hatchley Sta., is consigning six head, all females. The year-old cow, Jean Armour of Fairfield, she possesses the fashionable white color with good size and great Jean Armour on one side and Scottie on the other. She carries a large, well-placed balanced udder, with large, well-placed teats. Messrs. Jax Buge & Son are putting in a strong, young bull with good R.O.P. backing, and Mr. C. M. Howey, Norford, is also putting in a good yearling bull, sired by a son of Mr. Wm. Oahier, while his dam comes from the noted Lady Jane family. He is a good lot to head a good herd.

The sale will be held in the Dr. Rudd
