

My Annual Catalogue of Vegetable and Flower Seed for 1880, rich in engravings from photographs of the originals, will be sent FREE to all who apply. My old customers need not write for it. I offer one of the largest collections of vegetable seed ever sent out by any House in America, a large portion of which were grown on my six seed farms. Full directions for cultivation on each package. All seed warranted to be both fresh and true to name; so far, that should it prove otherwise, I will refund the order gratis. The original introducer of the Hubbard Squash, Phinney's Melon, Marblehead Cabbages, Mexican Corn, and scores of other vegetables, I invite the patronage of all who are anxious to have their seed directly from the grower, fresh, true, and of the very best strain.

NEW VEGETABLES A SPECIALTY.

Brantford Plow Works.

Corn a paying crop at 25 cents a bushel.

THE WESTERN CORN CULTIVATOR

Same style as made by the MOLINE PLOW CO., Moline, Illinois, who have more than 145,000 in actual use, sold within the last few years. They have been tested practically for the last two or three seasons in Canada, and have proved themselves invaluable for the successful raising of corn.

NO MORE USE FOR THE HOE.
It entirely does away with the use of the hoe, and a boy can thoroughly cultivate from eight to ten acres a day. By its use the Western Dent Corn is brought to perfect maturity, being forced by thorough cultivation.

It has no equal as Root Cultivator, and is adapted to every kind of hoed crop, and by attaching an extra beam in the centre it makes a splendid Fallow Cultivator and never chokes up.

Price, rigged for Corn is \$30

do. with extra Beam for Field.... 35
These cultivators will be let on trial to first-class men on the above recommendation, and if they fail to fill it they may be returned at the end of the season.

250 Champion Engines Sold in 3 Seasons. Send for Record.

ADDRESS WATEROUS ENGINE WORKS CO., BRANTFORD, CANADA.

TEN LEADING INSURANCE COMPANIES license the CHAMPION to be used within twenty feet of barns or stacks insured by them. We are testing and finishing six Champions per week. Threshmen should come and investigate for themselves. Send for circulars.

George Book writes, St. Ann, Ontario, June 17 1879, regarding his 16-horse power Champion Sawmill: "Last week, on Monday morning three men of us commenced to tear up mill to move it. We tore up, moved it, set it up and on Tuesday at three o'clock saved a log with it. Not quite two days. In one week we moved and set it up as mentioned, and saved twenty thousand feet. I will write full particulars soon. We saved six hundred feet in twenty-nine minutes—each lumber 8 sizes built—12 H. P. using 44 in. saw, Capacity 3 to 4,000 per day. 16 H. P. using 48 in. saw, Capacity, 4 to 5,000 per day. 20 H. P. using 54 in. saw, No 3 saw frame, Capacity, 6 to 8,000 per day. Most simple, efficient and portable mill of its size in the world."
