

THE CARDINAL's summing up of the Spanish situation may be epitomized as follows: The secret of the present situation is the torrent of vilification and abuse which has been poured upon Spain by the press of the so-called free-speaking countries, and by the representatives of religious bodies who have assumed to have some knowledge of the principles of moral law, is the utter failure of the secular agencies to make any improvement in the moral, the faith and piety of the people. This was set forth in the editorial course in recent editorial correspondence.

ST. AUGUSTINE'S SEMINAR.  
LAYING OF CORNER STONE  
TORONTO—Eloquent sermon  
BY BISHOP FALLON

Toronto, Ont., Oct. 24.

Fully three thousand people gathered yesterday afternoon in mid-afternoon at the corner of Bay and University streets, to witness the laying of the corner stone of the new St. Augustine's Seminary. The ceremony was presided over by Most Rev. Fergusson, Archbishop of Toronto. The little doubt, however, that our principal cause attracting many audience was the presence of the Archbishop of Toronto, the Bishop of London, the Bishop of Montreal, and the Bishop of Ottawa. The ceremony was a grand one, and the audience itself would draw him from the city, and he would have been in the city for the purpose of attending the ceremony. The ceremony was a grand one, and the audience itself would draw him from the city, and he would have been in the city for the purpose of attending the ceremony.

The stone, which the bishop shortly after the 11 o'clock, is placed in one of the main corridors of the new building as it was to be when completed. His Grace, accompanied by most of the other Bishops as well as priests and by the choir, then made a tour of the interior of the walls, touching the altar according to the custom of the Roman Catholic Church. The service then was then directed to assemble in the southern quadrangle and Bishop Fallon addressed the assembly from the top of the steps. He gave three cheers and a tiger when the choir appeared, and Charles Eugene O'Keefe, of the choir, sang a song, "The Good Willing," which is to cost \$350.00. The service, which was also broadcast, made possible, was also broadcast.

A black and white photograph of a document, likely a check or receipt, showing a dollar sign symbol and the word 'ONE'. The document is partially visible, with the top edge showing a dark border. The text 'ONE' is clearly visible, along with a dollar sign symbol. The image is grainy and has a high-contrast, almost stencil-like appearance.

"A writer who signs himself 'as Go unido, a former monk,' has just published a book in Barcelona entitled *El momento en los siglos de oro* (The Moment in the Golden Ages). The book's editor and the press agencies are kindly supplying the Spanish Real papers and the entire European press with copious extracts from the work. It is a study of the golden age of the clergy, religious orders and the wildest stories of confinement and torture in the convents and religious houses in the kind with which the country in the kind with which the country in the flourishing A. P. A. times of not so long ago. Doubtless after they have been repeated in the European press of the country tries the book will be widely copied in the papers as showing how Spain wholly under the domination of a monk and the clerical to a far greater degree than was known in the past."

DESCRIPTION OF ST. FRANCIS

THE INTERIOR MAN

Of how beautiful, how splendid, how glorious he appeared in innocence of life, in simplicity of speech, in purity of heart, in love of God, in brotherly love, in eager obedience, in friendly intercourse, in angelic appearance! Gentle in his manners, of a tranquil nature, affable in conversation, appropriate in exhortation, faithful in confidence, prudent in counsel, efficient in business, graceful in all. Of a peaceful mind,

And as those birds that hate the night  
Must prove in caverns dark by night  
To shun the light of day  
So error monster all deformed,  
Once seen is hunted, shunned and  
scorned,  
And covered with dismay.  
He well deserves both scorn and frow  
Who runs his helpless brother down,  
Or does him circumvent.  
Truth, honor, probity and love  
Are guarded by the hand above  
Who's right may rest contest.  
—F. W. GALLAGHER
