Editorial Notes.

We are now at our post again after an absence of about a month, and shall next week resume our editorial labours in good earnest.

It will be gratifying to the friends of Methodism to learn from the letter of Brother PRINCE, that the Sussex Vale Camp Meeting has been attended with such glorious effects as those which he communicates.

The article from the Watchman, respecting the piety of some of the French Officers, will be read with interest.

THE COMMITTEE'S REPORT OF CAMP MEETING, SUSSEX VALE. DEAR BROTHER, - Our Camp Meeting which was commenced on the 21st inst., has just been concluded, and the results, although not that the anxious, expecting Christian could desire...

Entire Sanctification.

DEAR BROTHER, - The doctrine of Entire Sanctification is acknowledged by all Methodists to be scriptural, and by many it is loved, sought after and attained.

Three small books are now in circulation written by the above mentioned sister, Mrs. Theodosia...

"A present to my Christian friend," a notice of this little present must be reserved for the future.

"Holiness is just what the Church needs to give her the efficiency contemplated in the scriptures."

Many thanks are due to our dear friends in this Circuit for their hospitality to the strangers present, and for their kindness in preparing the Camp ground, &c., kindness which will not soon be forgotten.

THE QUESTION then is, whether God shall have a holy people through whom He may show forth His wonder working power in bringing about the conversion of the world?

AMEN! God grant to the thousands of our Israel, that they may be "sanctified throughout body, soul and spirit."

well adapted to the circumstances of many who had the privilege of hearing it, when the public services of the day were closed with prayer from several of the brethren.

There are several things in connection with these extraordinary services deserving notice. It is well known that among many of our dear and pious friends, that prejudice against such meetings exists, and that some of these friends had predicted that this Camp Meeting would prove a failure, if not a nothing more.

very result follows—one has a good deal of granite in his inner man, and the other is wonderfully open to grating and clutching.

There is, in one of the French ships-of-war, now on a distant station, an officer who counts all things loss for the excellency of the knowledge of Jesus.

Although the pious officer did not take an ostensible part in the services on board; yet he was bound to lead the men to mass, and to give the word of command on the prostration taking place before the water-side.

Jesse Lee.

We take the following from the Western Christian Advocate: - Jesse Lee, of whom every Methodist reader has heard, or ought to have heard, was elected chaplain to the House of Representatives in May, 1853, and will be the subject of repeated eulogies for many years.

Religious Items.

The Evangelical Alliance had done nothing more than to publish *Evangelical Christianity*, through whose pages British Christians are made familiar with the movements and trials of Continental Christianity.

Napoleon on the Future of Russia and England.

The following remarkable observations of Napoleon Bonaparte, while at St. Helena, are given by the late General Sir John Murray, in his *Recollections*, vol. 2, from pages 67, 72, and the surmise is made with some interest at the present juncture.

Literary and Scientific.

RISE AND FALL OF LAKE ONTARIO.—A correspondent in the last number of *Hunt's Merchant's Magazine*, gives a very interesting account of a phenomenon connected with Lake Ontario.

Scientific Expedition.

IN A LETTER to the *London Times*, Col. E. Evers Napier proposed that the English Government should fit out a scientific expedition to Quilca-Monacas, or some other point of Zanzibar, and these penetrating westward beyond the Snowy Mountains, recently discovered about two hundred miles inland, to ascertain if the inland sea, reported to be there, is a part of the Sea of Maravi, which sea probably debouches into the channel of the White Nile.

A Prophecy.

A correspondent of the *New York Express* ventures to make the unexcused prediction: - "The march to Constantinople will commence soon after the freezing of the Baltic, as a barrier of ice will then protect Russia's northern boundary and their navy in that quarter."
