

His Majesty's Council are of opinion that the adoption of Sterling, as the Money of Account, as proposed by the House of Assembly, in the Bill, entitled, An Act concerning the Currency of Nova-Scotia, would prove inconvenient and injurious to the general interests of the Province, unless similar measures should be agreed upon in Canada and New-Brunswick, in which case, it might be found a beneficial remedy for the evils now existing.

Adjourn

The House adjourned until to-morrow, at two o'clock.
