

The German officer who made the fan

The German oncer who made the fain-ous remark to a British soldier, "It is the old story: yow will always be fools and we shall never be gentlemen," might find occasion to have doubts about the first clause of his otherwise admirable dictum if he were to read General Baden-Powell's new book (MY ADVENTURES AS A SPY. London: C. Arthur Pearson, 1s. net.) It contains fairly conclusive evidence that the British are not always fools. There is not a little, for instance, about German spying in this country before the war: spying in this country before the war:

finger sent

factory

Foreign spies stationed in our country aw no difficulty in hoodwinking so stupid people; they never supposed that the To the Editor of THE BEACON, saw no difficulty in never supposed that the majority of them have all been known to our Secret Service Department and care-fully watched, unknown to themselves. Few of them ever landed in this country Few of them ever landed in this country. The first and best reason is — That the all been known to reasons or causes why tree setting should artment and care-be allowed in and about the waters of in to themselves. Charlotte County t them ever landed in this country t undergoing the scrutiny of an usive little old gentleman with tall I umbrella but the wag of whose sent a detective on the heels of the until his actual business and loca.
