

WOULD WE LIKE TO HEAR THAT---

# 4,000 CANADIAN SOLDIERS

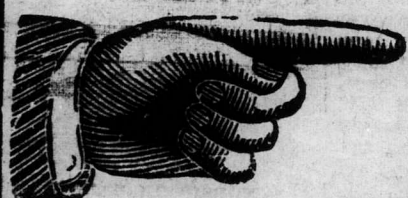

HAD GONE ON STRIKE---

*Had refused to fight any longer, claiming that they were tired out and didn't like being called on day after day; said it was up to somebody else to do the fighting---*

## What Would We Think of Them if They Did?

WE WOULD BLUSH WITH SHAME OF THEM, BECAUSE WE EXPECT THEM TO "CARRY ON" TO THE BITTER END. WE EXPECT THEM TO ENDURE HARDSHIPS, AND, NO MATTER WHAT THE COST, TO STAY IN THE FIGHT TO THE FINISH. OF COURSE, WE SHUDDER AT THE THOUGHT OF NOT WINNING THIS WAR, BUT DO WE WANT SOME ONE ELSE TO DO IT ALL? DO WE SAY, "LET GEORGE DO IT."

## Have We a Right to Ask Our Men to Stick Unless We Are Ready to Stick With Them?

WE HAVE JUST AS MUCH AT STAKE IN THIS WAR AS THE MEN ON THE FIRING LINE, YET SOME OF US TALK OF WAR WEARINESS, AND COMPLAIN OF BEING CALLED UPON SO FREQUENTLY TO—WHAT?—JUST GIVE A LITTLE OF OUR MONEY, WHILE WE INSIST ON OUR SOLDIERS "CARRYING ON" UNTIL THE LAST GUN IS FIRED.

**LET US SHOW THAT WE ARE NOT QUITTERS!**
