

The Standard of Comparison

## As Good As It Looks

Master-Four Model 23-34 Special Roadster

To see this beautifully proportioned, two passenger, four-cylinder roadster is to want to get behind the wheel.

### TRANSMISSION LOCK

On the lower end of the gear shifting lever is a reliable theft lock—standard on all 1923 McLaughlin-Buick models. This is one of the features which has lowered insurance rates for owners. Other standard equipment features are: bumper, scuff plates, full crown fenders, drum type head, lamps, etc.

B1130

The speed and power suggested by its graceful lines and low hung body are fully realized on the open road. Its ease of handling and instant response to the throttle insure unusually satisfactory driving in traffic.

There Are 15 McLaughlin-Buick Models to Choose From
