TOWN COUNCIL

In Kentville, Mr. A. L. Pelton who has so efficiently filled the position of Mayor for the past year has been given a second term and is elected by acclamation.

Nominations for the Council were Messrs. F. B. Newcombe, Fred C. Wade, Burton Hartlen and M. F. Carroll.

In this issue will be found the cards to the electors of Messrs. Newcombe, Wade and Hartlen. Mr. Newcombe has served in the Council for several years and has always devoted to the town a large part of his time. On all the standing committees he has proved a valued member and by his energy and attention the schools in the town have been made what they are by improvements on the buildings, heating, ventilating and other sanitary conditions.

Mr. Wade is one of our brightest and most popular young business men in the town. He has a great faculty for work and succeeds in all that he undertakes.

Mr. Hartlen is a representative of the railway as well as an exemplary citizen of the town. Voters will not miss a good man if they cast a ballot for "Bert."

Mr. M. F. Carroll has as yet made no announcement to the public. He has already served in the Council for two years.

GERMANS DECLARE FOR UNRESTRICTED SUBMARINE WARFARE

Washington, Jan. 31.—Germany has declared unrestricted submarine warfare. A starvation blockade of England, the like of which the world never seen, has been announced to the world today in notes delivered to American Ambassador Gerard, in Berlin, and to the State Department by Count Von Bernstorff.

This begins the long feared campaign of ruthlessness, conceived by Von Hindenburg, it is said here, on a magnitude never even contemplated by Von Tirpitz. Again the United States faces severance of diplomatic relations with Germany with all its eventual possibilities. President Wilson's repeated warnings of "a world at war" and Secretary Lansing's "verge of war" statements are being recalled in the Capital tonight with feelings of apprehension and misgivings.

Germany's action is the super crisis of all those that have stirred the American Government in two and a half years of world war. The peace in Europe and the peace of the world has gone glimmering. President Wilson, incredulous at first when the unofficial text of Germany's warning was brought to him, at once called for the official document, which had just been presented to Secretary of State Lansing by the German Ambassador. Mr. Lansing absolutely refused to make a comment. President Wilson began at once a careful study of the document.

British Blockade Effective.

The President has the task of deciding what shall be the course of the United States. Three immediate steps appear among the possibilities. The United States might solemnly warn Germany against a violation of her pledges; it might be decided that the German warning is sufficient notice of an intention to disregard those pledges and a sufficient warrant for breaking off diplomatic relations; it might be decided to

await the results of the blockade and determine the course of the United States as the actual operations develop.

On almost every side Germany's drastic action is interpreted as an open confession of the effectiveness of the British food blockade. It is regarded as a determination to strike back in kind. German officials in the United States estimate the food supply on the British Isles will last a month.

Admittedly the plan is to carry starvation to the doors of England with swift, staggering strokes, as a fulfillment of Germany's announced determination to use every weapon and agency at her command to end the war quickly. She counts on the operations of an unheard-of number of submarines to deliver blows to bring England to her knees within sixty days. One German official here predicted today the war would be over in a month.

LIEUT. EATON'S INJURIES

A Charlottetown lady at present visiting in Scotland, writes home that while visiting the Craiglockhart Hospital in Edinburgh, she saw among other Canadian wounded officers there, Lieut. Ralph Eaton. Lt. Eaton was formerly in the service of the Bank of Nova Scotia in Charlottetown. He is a native of Nova Scotia and joined the infantry as a private in the spring of 1915. He was promoted on the field last autumn to sergeant and later to lieutenant. He was badly wounded having been buried three times and receiving a severe gunshot wound and injury to his spine. He is reported to be progressing favorably and hopes to return to the front.

The above from The Morning Chronicle refers to Lieut. Ralph Eaton of Kentville. —Ed.

NOVA SCOTIANS RETURN

The following Nova Scotians of the Canadian Expeditionary Force who were among the party of 250 returned officers and men that recently arrived at St. John, left that city last night for Halifax.

Pte. M. Buckley, Sydney Mines; Pte. A. MacDonald, Sydney Mines; Pte. W. Mulligan, Kings Head, Pictou; Pte. R. Moore, Sydney; Pte. W. Serridge, 43 Quinn Street, Halifax; Pte. A. G. Simonds, Weymouth; Pte. E. E. Steadman, Somerset, Kings Co; Pte. V. Sunderland, Florence; Pte. A. E. Van Malder, Halifax; and Pte. H. L. Ward, Kentville.

SUCCESSFUL NOVA SCOTIA BOY

R. D. Fitzmaurice who, 33 years ago, was a telegraph operator with the Intercolonial, went to Boston and worked for the old New York and New England road, starting as a telegrapher. This week his appointment is announced as Assistant Superintendent of the Eastern Grand Division of the New York and New Haven. Mr. Fitzmaurice's Nova Scotia friends will congratulate him upon his appointment to a position which carries with it a salary larger than that paid to any railway manager in Canada.

Alcohol Stoves 50 and 75c

You may have steaming hot tea, coffee, or cocoa ready in a few minutes any hour of the day or night if you use one of these stoves. Each stove consists of one stand, can of alcohol, and tin sauce pan with folding handle and cover, nothing better for warming milk for baby during the night. Price for complete stove 50c, and 75c.

WEAVER'S

Dusting

In Woodville Apple Warehouse on Saturday afternoon at one o'clock, Mr. E. W. Mitchell of New York State, will give an address on DUSTING.

Mr. Mitchell has had practical experience in dusting apple orchards for the past two years, and is an interesting speaker. A Niagara Dusting Machine will be on exhibition and a demonstration will be given in one of the orchards nearby.

Don't Wear a Truss

Advice that cannot be followed, because if a truss is necessary, a truss must be worn. We wish however, that all truss wearers would buy trusses where fittings are confidential, and guaranteed. Such fittings, we supply.
