LAXOGIN

Laxogin, the Laxative—food—tonic Marks a New Era in Medical Science It Can Now Be Obtained Through Any Drug or Medicine Dealer in Canada

Laxogin is first of all, a mild and gentle laxative. Never to be taken in doses sufficient to cause purging.

As a nerve food and heart stimulant, it is beyond compare. So delicately balanced and blended are the ingredients of which Laxogin is composed that it never fails to give lasting improvement in the health of the entire nervous system.

As a builder of rich red blood—as a tonic and revitalizer—Laxogin has no equal. You will find it an unfailing source of renewed vitality, endurance and power.

Lastly, and perhaps most important of all, Laxogin is not a patent medicine or secret nostrum. The full formula is printed in plain English on every package and this formula will meet with the approval of the most distinguished Medical Practitioner in America.

Working in a simple way, Laxogin produces results scarcely short of marvellous. It first cleanses and purifies the entire system then soothes and strengthens the shattered nerves, recharging them with a new store of energy, it then leads to rich red blood, and, marking a new era in medical science, restores all the vim, vigor and vitality of other days.

Laxogin makes you eat well, sleep well, feel well and keep well. A twenty five cent box will do you a dollar's worth of good. A thorough and systematic Laxogin treatment will do you all the good in the world.

Take Laxogin for constipation, torpid liver, headache, biliousness, dizziness, pain in side, lassitude, drowsiness, loss of appetite, coated tongue, heart burn, indigestion, dyspepsia, sour gassy stomach and all stomach disorder.

If your kidneys feel like lumps of lead, if your back aches, if your urine is cloudy, take Laxogin.

When the flesh is flabby, the muscles lack tone, the brain fags, and the memory fails, you need Laxogin.

When the heart palpitates, skips a beat, when you gasp for breath and feel a sharp, needle-like thrust under or around the heart, begin the Laxogin treatment at once. Don't delay a single day. You may be nearer death than you really think, for these are very dangerous symptoms and Laxogin will remove them.

If your blood is thin and poor, if your face is pale or sallow, if you are very tired when you waken in the morning, if you are care-worn, nervous, irritable, cross, despondent and "all run down," you will find in Laxogin an unfailing source of renewed health, strength, vim, vigor and vitality. Remember, a twenty-five cent box of Laxogin will do you a dollar's worth of good, while a complete Laxogin treatment will restore you to perfect health.

Any drug or medicine dealer in Canada can easily supply you with Laxogin. If your dealer hesitates to do so, do not accept a substitute, but send for as many boxes as you need at 25c a box, post paid.

WOLFVILLE TALENT ABROAD

Mr. F. H. Patterson, LL.B. of Dalhousie, of Tatamagouche, Colchester Co., is now at Kentville, at the Nova Scotia Sanatorium. He was a member of the 246th Battalion for a year and comes here to work among the soldiers and has been appointed teacher and general supervisor of vocational training work among the soldiers. It is expected that the Sanatorium and tent colony on the Park grounds will accommodate about 200 soldiers and when under full equipment the sanatorium will provide for 100 soldiers monthly.

CHURCHILL IS MINISTER OF MUNITIONS.

Sir Edward Carson Relinquishes Post as First Lord of Admiralty and Joins War Cabinet

LONDON, July 17—Sir Edward Carson has relinquished his post as First Lord of the Admiralty, and joined the War Cabinet without portfolio, according to an official announcement of new Ministerial appointments, issued this evening. Sir Edward will be succeeded by Sir Eric Campbell Geddes, who has been director-general of munitions supply. Winston Spencer Churchill succeeds Dr. Christopher Addison as Minister of Munitions, Dr. Addison becoming a minister without portfolio in charge of reconstruction; Edwin Samuel Montague is made Secretary for India.

One of the most acceptable appointments, as far as the general public is concerned, is that of Mr. Montague. He is one of the very few members of the Asquith administration, in which he was Minister of Munitions to join the Lloyd George ministry.

Miss Evelyn Maude Schofield who has been teaching at East Halls Harbor for the past year is attending "Rural Science" at Truro, N.S., for a few weeks.
