

Local and General

The new market house was opened Saturday morning.

Some of the steel rails for the street railway have arrived.

Dr. A. Gregor Smith has moved his dental offices to his new block on Hamilton street.

The G. T. P. are again at work on their grade on the line from Regina to the boundary.

D. S. Williams, editor of the Prairie Witness, Indian Head, for nine years has gone to Vancouver to study law.

W. F. Eddy has disposed of lots 12, 13, 14, 15 and 16 in block 305, on Hamilton street. Nay & James negotiated the deal.

A new skating rink will be built at the corner of Fourteenth avenue and Robinson street. The size of the rink will be 190 by 110.

Regina hospital is crowded with patients from outside points. Temporary arrangements will have to be made for their accommodation.

Frank Davis, of Pilot Butte, is a patient at the Grey Nuns' hospital, suffering from a dangerous wound made by a pitchfork. The weapon was wielded by Geo. Comma, a threshing mate of Davis. Comma has been arrested.

Residents of the north side have intimated that they won't stand the incinerator nuisance any longer. The commissioners have recommended the council to undertake to have it removed by August 1st of next year.

The second sitting of the Fisheries Commission will be held in the city on Monday next commencing at ten o'clock. All those who desire to appear before the Commission and tender evidence should immediately communicate with William Trant.

Nominations for the three vacancies on Wolsley Town Council, which took place last week, resulted in only two names being placed in nomination—Dr. L. Cutten and R. A. Fowler. Dr. Cutten will remain in office until the end of 1911, while Mr. Fowler's term will expire this year.

The new 18-inch water main is now completed and the new service will be in use as soon as connections have been made at the power house. The change will be much welcomed, as the supply which is coming through the present open compensation basin is far from satisfactory.

The bar of the King's Hotel will be abolished on Thanksgiving Day, when this fine hostelry will be taken over by the new company and run as a temperance house. The directors of the new company are: J. Balfour, J. McCarthy, E. C. Corbeau, W. F. Kerr, J. Balfour, C. B. Kennley, L. A. Rounding, and J. K. McNis.

Messrs. Blackstock, Flood & Co. yesterday disposed of a valuable block of farm land in Saskatchewan to Hamilton Bros., of Glen Huron, Ontario. The firm deals extensively in thoroughbred horses, both light and heavy, and have intimated their intention of transferring their stables to Saskatchewan. In 1906 Blackstock, Flood & Co. sold to Hamilton Bros. a large tract of land which they disposed of, and they are now re-investing.

A new local company has been registered with the Registrar of Joint Stock Companies under the style and title of Hugh Armour & Company, Limited. The new concern is capitalized at \$500,000 in five hundred shares of \$100 each. The organizers are: Hugh Armour, Robert Armour, of Regina, and William Armour, of Paisley, Scotland. The business which the new company will undertake will be the erection of abattoir and cold storage plant in addition to a general butcher business.

Mr. Taylor, of Edmonton, has sent in his report on the street railway route to the city council. He gives it as his expert opinion that the system can not be successfully operated within the present city area and that the extension of the railway should be governed by the direction of the city's expansion, adding that any of the city aldermen would be better judges of this than himself. The decision of the council to extend the limits of the city and take in the annexes may assist in solving the street railway route problem. Mr. Taylor's report will come before the Works Committee sometime during the week.

The arrival of No. 97 Monday was looked forward to with more than ordinary interest by at least one citizen of Regina, to wit, Mrs. Salter, of Redalick street. Mrs. Salter, who is from London, England, has two little sons, William and Frank, aged five and eight years respectively, and Monday morning they arrived in the city, having travelled the long journey from London, Eng., to Regina by themselves. Some time ago Wm. Wirth, immigration agent, was requested to arrange the trip for them and when they stepped off the train neither of the lads seemed to have suffered by reason of the little jaunt of their own. The only thing that seemed to trouble one of them was the fact that he had lost his hat.

NEW MUNICIPALITIES. That Will Come Into Existence in December. The following is a list of Saskatchewan Rural Municipalities which come into existence on December 12 of this

year. These are in addition to the 76 rural municipalities already organized: Battle River, Bayne, Brock, Bushville, Cory, Cote, Coteau, Coulee, Elcapo, Elmhorpe, Emerald, Estevan, Eye Hill, Foam Lake, Great Bend, Harris, Hearts Hill, Key West, Kinderley, Kingsley, Lacadena, Laird, Lakeside, Lawtonia, Longlaketon, Loreburn, Manitou Lake, Marriot, Milson, Moose Creek, North Battleford, North Qu'Appelle, Pipestone, Rossmount, St. Andrew's, Swift Current, Touchwood, Tramping Lake, Wretford.

With the exception of Bushville, Heart's Hill, Lacadena, Lawtonia, and Progress, which have no organization of any kind at present, the others in the above list are now small Local Improvement Districts, whose secretary-treasurers will, at least in the majority of cases, continue as secretary-treasurers, respectively, of the new organization, the boundaries of which will not be changed.

University Scholarships. Over 100 students have made application for admission to the Provincial University this year. There is little doubt but that the year's registration will exceed 110. The quality of the student body is as satisfactory as the quantity.

The following scholarships and exhibitions have been awarded: Third Year Exhibition, \$100, D. N. Hoessie, Moose Jaw. Second Year Exhibition, \$100, C. N. Cameron, Floral. Second Year Scholarships, \$90, T. H. Wells, Battleford. Hitchcock Scholarship, \$150, R. Hamer, Battleford. Hitchcock Scholarship, \$150, L. E. Kirk, Moose Jaw. Hansen Exhibition, \$100, O. J. Walker, North Battleford.

Chancellor's Scholarship, \$200, D. Cumming, Saskatoon. Cleveland Exhibition, \$100, F. A. Conroy, Blucher. On the nomination of Collegiate and High Schools the following University Scholarships have been awarded: 1909, Prince Albert, \$120, to J. J. Moore. 1909, Saskatoon, \$120, to F. G. Carlton. 1910, Carlyle, \$120, to W. S. MacRae. 1910, Moosomin, \$120, to D. M. Johnson. 1910, Saskatoon, \$90, to Pearl Kling. 1910, North Battleford, \$120, to Pearl Bogue.

FIRST SALE. Of Purebred and Grade Sheep Under Government Auspices. The first auction sale of pure bred and grade sheep ever held in Western Canada were conducted at Saskatoon and Regina on October 18th and 21st, respectively. The results of these sales were fully up to the expectations of the Saskatchewan Sheep Breeders' Association, under whose auspices they were held. Some 435 grade ewes and lambs, individually selected from the best flocks in the range country north of Maple Creek, and 110 pure bred rams and ewes, mostly brought to the province from Manitoba and Ontario. The sheep were sold for approximately \$5,800. The sheep were eminently satisfactory. They were sufficiently high as to reimburse the Association for the cost of the sheep and the expenses incidental to the sales, while they were sufficiently low as to enable any buyer who really wanted sheep to secure them.

The object of the Association in conducting these sales was to afford farmers throughout the province, who were desirous of establishing small farm flocks, an opportunity to do so at small cost from selected animals. It is therefore gratifying to the Association to know that the small buyer was much in evidence and no large flock was secured by any one buyer.

In view of the success that attended these two sales, it is quite probable that similar sales will be organized and conducted next fall in order that the introduction of sheep husbandry on our grain farms may be facilitated.

AHEAD OF PEARY. Old English History Says North Pole Was Discovered in 1360. Washington, D.C., Oct. 24.—Although his leave of absence expired yesterday, Captain Robert E. Peary, the Arctic explorer, did not report today for duty as a civil engineer in the navy. Secretary Winthrop said it had not yet been decided to what work Captain Peary would be assigned.

Captain Peary has been on leave of absence for the past ten years under a tacit understanding that he was to devote his time to Arctic exploration. Department officials have unearthed an old history in which the claim is made that the North Pole was discovered in 1360 by a friar of Oxford. It is called "A new naval history or complete view of the British marine," and was published by John Entick in London, in 1757. On one of its musty pages the following paragraph appears:

"In the year 1360 it is recorded that a friar of Oxford called Nicholas de Linna, or of Linn, being a good astronomer went, in company with others, to the most northern island of the world and there, leaving his company together, he travelled alone, and made draughts of all those northern parts with indrawing seas, which on his return he presented to the king of England. It is added that he went to the North Pole, by means of his skill in magic, or 'black art,' but this magic, or 'black art,' may probably have been nothing more than a knowledge of the magnetic needle or compass, found out about thirty years before, though not in common use till many years after.

Plan For Your Winter Clothes Now!

THERE is a decided advantage in buying Winter Garments now. There is a much better choice for one thing; and then you have them ready to wear when an unexpected early cold snap comes. This Season we have better values than ever before, and the man or woman who needs Fur or Fur-Lined Coats should not hesitate to see what we are offering. Just note these:—

Fur Garments and Small Sets in Readiness

This is the season in which to prepare for the coming winter by purchasing your fur garments. By getting them now you will not only be ready for the cold weather, but you will also get a much wider choice and run no risk of disappointment.

It's High Time to Select The MATERIALS FOR YOUR AUTUMN COSTUME

These chilly mornings and evenings remind many women that summer suits are becoming inadequate for the weather. Reminds them too that tailors and dressmakers are busy as bees and if they want their suit for autumn wear they should have the materials selected now.

Just now the assortment of autumn and winter suitings is very wide. There is an abundance of choice of both weave and color, that, as one woman said Saturday "your taste is perfect, I'd be satisfied with any one of those."
The wide wale serges in many shades including tan, cadet blue, taupe, wisteria, Judex, grey, green, mignonette and black are the leaders at 60c to \$2.00 per yard, and there is also the Perle Diagonal, a wide wale fabric with self shadow stripes that has proved very popular at \$1.50 per yard.

Two-tone worsteds make very pretty suits for autumn and winter wear and wear excellently, being in shadow stripe, self patterns of all the newest colors. A favorite at per yard \$2.00
Then comes Velvetene, a favorite above all others with fashion this season and for style and wear they have no equal. They drape well and make a very warm costume. Per yard \$2.00 to \$2.00

Women's & Children's Flannelette Night Robes

When these chilly nights make one demand extra bed clothes, its nice to slip into a warm, comfortable flannelette Night Gown like these. The demand has been strong so don't put off your buying too long.

Men's Chrome Grain Blucher style boot, riveted sole, plain toe. Special \$3.00

Purity in Drugs

Purity is a necessity in the drugs one uses, whether it be in a good box of salve or the most expensive prescription your doctor hands out. But greater than purity—more far-reaching in its effect if not strictly attended to—is the skill and the faithfulness with which a prescription is compounded. Our dispensing chemist never takes chances—never neglects the details and for this reason alone you are recommended to the
