London cable: The British forces in Palestine yesterday attacked the new Turkish positions and drove back the enemy a distance of seven miles, it was assounced to-day by Major-General Maurice, chief director of military operations at the War Office.

The Turkish force confronting Gen-eral Allenby, the British commander, has now lost half its entire effectives, General Maurice continued. He said the number of prisoners and the booty taken in yesterday's attack had not yet been reported, but that one cavalry division, which was only a small part of the force engaged, took 1,100 prisoners, two guns, and 14 ma-chine.came chine guns.
