GOVERNMENT SCARED.

J. Stewart Tupper, son of Sir Charles, in a speech, declared that the Government was discredited, as was apparent by the fact of their attempting to steal the election by springing it on without proper notice; also by the Prime Minister's confession of weakness in his own constituency. Afraid of certain defeat, he had gerrymandered the constituency of Mountain, cutting off 150 votes. The opponents of the Government would have to be on the alert, and prepare themselves, for the Government were willing to resort the Government were willing to resort to any means to save themselves. Treasure Found on Wrecked Span'sh Battleship.

Santiago de Cuba, Nov. 24.-The wreckers working on the sunken Spanish armored cruiser Almirante Oquendo discovered a chest containing \$19,-999 in Spanish gold, which the Cendoya Co., the firm employing the divers, will retain. Work on the cruiser has been in progress for five months, and many thousand dollars' worth of treasure have been secured. The safe was found in the bottom where it fell during the burning of the ship. Only a few days ago the wreckers began on the torpedo boat destroyer Furor. They have already found a service of heavy silver plate. Experts assert after inspecting the destroyer that she might easily have been raised and repaired. The wrecking opera-tions have proved a source of large returns to the companies, estimated at

Chief Jacques Recommends Thos. Taylor to the Committee

And he is Appointed-Feeling in the Brigade Report d More Harmonious.

There were present at last evening's meeting of the civic property committee the chairman, Ald. Cowan, Mayor Smith, Ald. Fleming, Ald. Liddy and Chief Jacques.

Ald. Cowan explained that since the last meeting the application of Hector Johnson for the position of permanent fireman had been withdrawn. The fireman had been withdrawn. The chairman also drew attention to clause 5 of the by-law regulating the Fire Department, which read as follows:—
"The firemen shall be appointed on the recommendation, in writing, of the chief, subject to the approval of the council."

Ald. Cowan then read a communication from the chief, saying that he had looked over the applications and renmended the appointment of Thos

The mayor asked how it was that Taylor was at present working at the hall. He said it was being much commented upon on the streets, that the matter had been "cut and dried," and

was bad policy.
Ald. Cowan said that Taylor had been
put on at his suggestion, after John-

son's withdrawal. son's withdrawal.

The mayor said that Taylor was undoubtedly a good man, but he did not believe that the action taken had been in the best interests of the city. He thought a man who thoroughly understood horses should be selected. Lack of this knowledge had already cost the of this knowledge had already cost the city money. The mayor nominated John Jones for the position, at the same time paying a tribute to him and his 14 years' faithful service in the employ of the Express Co.

Aid. Fleming nominated Thos. Taylor for the position. He said the committee held the chief Tesponsible for the goodnet and efficiency of the de-

the conduct and efficiency of the de-partment and it was best to act upon his recommendation.

The mayor thought preference ought to be given to a married man. It wa alleged in reply that Taylor would shortly be able to comply with this specification.

Ald. Liddy-I would like to second Ald. Liddy—I would like to second both nominations and nominate a third on my own account. How would it do to all nominate one. I'll nominate Hiram Winegarden.

Ald. Cowan said if all were to nominate a man no decision could be reached.

Ald. Liddy said that, if such were the case, acting upon the by-law he would

be bound to second the nemination of Taylor, although there were many splendid names submitted.

Taylor's nomination was then put

Iwo of the Trustees Convicted ton News. by the Court.

Defence was That They Would not Attend fleetings Without the Bishop's Permission.

Magistrate Bartlet, of Windsor, went to Belle River yesterday to hear the charge against Charles Girard and Leon Desrosiers, two public school trustees, who were accused of having neglected their duties. Crown Attorney Clarke, of Windsor, looked after the prosecution, and Francis Cleary, also of Windsor, handled the

case for the defendants. The claim was made by some of the other trustees that the defendants had refused to attend any meetings of the board for the past few months and, as they were duly notified, they had not

been attending to their duties.

The reason given for this was that Bishop McEvay had ordered that the public school in Belle River should be made a separate school and some of the trustees objected. However, a majority was in favor of the bishop's order, but they were unwilling to grant the minority members of the board a public school or give them the money

due on the present site.

When court opened Trustees Desrosiers and Girard said they they would not attend a meeting of the board until they had received word from the bishop as to what action should be taken the release the school. Nicholas Conbishop as to what action should be taken to release the school. Nicholas Conway, secretary of the board, informed
the court that he had received several
legal notices to call a meeting of the
board, but that he would not do so until the courts compelled him.

Magistrate Bartlet found the two defeedants, waitty but he adjourned

fendants guilty, but he adjourned court for a week and the case will be finished in Windsor. In the meantime the trustees agreed to hold a meeting this evening and try and patch up all differences.
