R. E. HARRIS.

Wolfville, June 12th, 1896.

DENTISTRY.

Dr. A. J. McKenna,

Graduate of Philadelphia Dental College. Office in Herbin's building, Wolfville.

We have heard

That there is a new star in the firmament.

That there are rumors of June weddings in the air.

That although the rain on Tuesday was much needed it was not welcome in some quarters.

That it's too early for picnics anyway.

That some people find Wolfville dull since college closed.

That the band has not yet been heard from this summer. Why!

That there are to be plenty of summer visitors this season.

That our people would be glad to hear of a move being made towards a watering cart.

That Wolfville is better prepared than ever before to entertain them.

That our town is becoming every year, more popular as a summer resort.

That the 23rd of June will find some of our talkative electors very much surprised.

Nothing lately about a park.

That the man who makes a successful move in this direction will be a public benefactor.

That the Board of Health intend getting some work in this spring.

That they will be supported by all right-thinking people.

That some provision should be made for celebrating Dominion Day in Wolfville.

That some of Wolfville's fair devotees of the "bike" have developed somewhat extraordinary springing powers.

That a hitherto prominent Conservative of Wolfville has topped over, and is now engaged in making a collection of the Liberal leader's portraits.

Some of the old-time cricket enthusiasts are endeavoring to form a team to play a match with Windsor. Wolfville has some good cricketers, and should be able to get up a crack eleven.

The Windsor (N.S.) Rubber Stamp Co. can fit you out with anything in the way of Rubber Stamps, Seal Presses, Ribbon Stamps, Rubber Typs, Pads, etc. Call and inspect our catalogue. All goods guaranteed.

CALDER & CO.,

Wolfville, May, 1896.

The Page Woven Wire Fence.

Is the best in the world. Every foot guaranteed Galvanized Steel. An upright wire every foot. Only needs one post for every two rods of fence. It don't blow over or drift full with snow. It is the cheapest fence. No farm animal can go through it. No paint needed, and it don't rot or rust.

I am taking orders now for spring delivery. If I do not happen to call on you soon enough drop me a post card as a reminder.

J. P. BIGELOW.

Wolfville, Jan. 1st, 1896.

BRADLEY'S FERTILIZERS.

THE BEST IN THE MARKET.

Manufactured at North Weymouth, Mass. The largest fertilizer works in the world.

UPPER DIKE VILLAGE, February 14th, 1895.

Dear Sir,—I used Bradley's potato fertilizer last spring for potatoes without manure with good results. I used it in the drills, about 300 lbs. per acre. The potatoes made a quick start, and got their growth sooner than those where I used manure, and were a better crop. I have used other fertilizers, but Bradley's is far ahead of any I have tested.

Yours, C. E. SHAFER.

THE W. H. JOHNSON CO., LTD.

157 GRANVILLE ST., HALIFAX, N. S.

SUBSCRIBE FOR "THE ACADIAN."

THE ACADIAN.

WOLFVILLE, N. S., JUNE 12, 1896.

Local and Provincial.

Lawn tennis is just now the popular amusement among the "four hundred."

Mr E. B. Shaw has leased from Mr C. A. Patriquin, the shop owned by him, lately vacated by Mr Regan, and will carry on a general shoe-making business.

Mr Chas. Strong in addition to his fish business, will in future carry a stock of general groceries. Mr S. is a hustler and will no doubt get a fair share of the trade. Look for his ad. in the next issue of the ACADIAN.

Rev. P. M. Macdonald, the new pastor of the Presbyterian congregation of Wolfville and Lower Horton, will preach in St. Andrew's church next Sunday, morning and evening, and at Lower Horton in the afternoon.

A public meeting of the Liberal-Conservative party is to be held in Aberdeen this afternoon at 2 o'clock, to be addressed by Sir Charles Hibbert Tupper and others. There will no doubt be a big audience present.

To Let.—The Store lately occupied by myself. Possession given at once. Apply to R. E. Harris.

Miss Lou Brown, who is now in St. Louis, has sent the ACADIAN a number of copies of papers published in that city containing an account of the terrible tornado which recently did so much damage to life and property.

Mr Wm. Regan, our genial harness-maker, moved into his new quarters last week. He has now a handsome and commodious store, and will be in a better position than ever to attend to the wants of his numerous customers.

Prof. Faville informs the ACADIAN that he has just received advice from England to the effect that owing to droughts and late frosts the apple crop there will probably be a very light one this year. The indications here for a fine crop were never better, and prices will probably be good.

We notice that Messrs O. D. Harris, J. W. Caldwell and Dr. McKenna have greatly improved the appearance of their properties, which adjoin on Acadia street. A substantial curbing has been placed in front and the grounds neatly laid out and graded. This street is rapidly becoming one of the best in town.

The Nymph on Friday last conveyed Messrs A. J. Woodman, D. R. Munro, T. L. Harvey and O. D. Harris out to the Basin fishing grounds. The catch was we understand, rather small. A large number of fish were brought to the top of the water, some of which were herculean in their proportions. Mr Harris had the misfortune to have a hook caught in his hand, which inflated a painful wound.

Room paper at 4 cents per roll at the Wolfville Book Store.

The usual sports, etc., for July let are being arranged for by the W. A. A. A. There are to be bicycle and running races, a cricket match between the Blue Jackets and Wanderers, a pigeon shooting contest, with a grand promenade concert in the evening, the whole to conclude with a display of fireworks. Posters will be out in a few days, with full particulars as to prizes, train-arrangement, and all other information.—Hants Journal.

Money to lend on Mortgages.—Apply to E. B. Crawley, Solicitor, Wolfville, N. S.

Local and Provincial.

The lawn of Geo. W. Borden, Esq., on Acadia street, is a picture of neatness and indicates the greatest care on the part of the owner. Mr Borden's place is one of the prettiest in town.

Mr James Leach, the popular D. A. R. driver, was married in Kentville on Wednesday last, to Miss Lizette Lockhart, daughter of late driver George Lockhart, of that town. The ACADIAN extends congratulations.

The brig Evangeline, Gould, Master, which sailed from Kingsport for Demersas, April 10, is reported as having arrived May 12. She was loaded with potatoes. She will bring a return cargo to Halifax from Porto Rico.

Messrs Curry Bros. & Bent, of Bridge-town, have the contract to build a house on Prospect St. for Mr Wm. Chipman. The work is to be completed by the first of October, when Mr Chipman, with his family, will remove from Bridgetown here, and take possession. Wolfville is without doubt, the most charming residential town in the Province.

The new Baptist church at Yarmouth was formally opened for public worship on Sunday last. The services were of a very interesting character. We quote the following from the Times:—"The sermon by Rev. E. M. Kelstrud, D. D., of Acadia College, from the theme "Christ the builder," was a scholarly and most eloquent discourse, replete with rich thought and apt illustrations and most impressively delivered."

Over 150 different patterns Room Paper to select from, at Wolfville Book Store.

Whiston & France's Commercial College is the largest, oldest and best equipped Commercial College in Nova Scotia. A diploma from this College gives the best chance for a good situation. The following subjects are taught by a large staff of trained teachers: Book-keeping, Writing, Arithmetic, Shorthand (Pitman and Perin Systems), Correspondence, Spelling, Penmanship and Business Practice. Summer course for teachers. Send for new, free catalogue to S. E. Whiston, 95 Barrington St.

The fire equipment is now located in the room recently fitted up for the purpose in the town building on the school property. The work of preparing the building for its reception has been done under the direction of Councillor Borden, who has done all in his power to make the building convenient for the purpose to which it is to be put. The entrance is on the south side of the building, and any person who recites to ring an alarm will find the arrangement similar to that of the old building. A glass box on the small door holds the key, by which an entrance to the building may be obtained, and the bell rope for giving the alarm is placed directly in front of the door. A light will be kept in the building during the night-time, and glass panels have been put in the door so as to give light to any person who wishes to ring an alarm.

Don't forget that we are selling out a Lot of Room Paper at less than half price, at the Wolfville Book Store.
