

A GREAT BELIEVER IN "FRUIT-A-TIVES"

Well Known Ontario Merchant Has Faith Because "Fruit-a-tives" Cured Him

MR. JAMES DOBSON

BRONTE, ONT., MARCH 1st, 1912.
"Fruit-a-tives has made a complete cure in my case of Rheumatism, that had at least five years standing before I commenced the treatment. The trouble was principally in my right hip and shoulder, the pain from it was almost unendurable. Not being able to sleep on that side, I began taking "Fruit-a-tives". I started by taking one or two tablets with a large glass of water, in the morning before breakfast and experienced pronounced relief very shortly. After a continued treatment for about six months, I was cured and am now in fine health. This, I attribute to my persistent use of "Fruit-a-tives" and I heartily recommend your remedy to any Rheumatic sufferer."

50c. a box, 6 for \$2.50—trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Wine Drinking Christians.

Abraham Lincoln had the vision of a seer. On the very day of his assassination, in bidding a friend farewell, he said:

"We have cleared up a colossal job. Slavery is abolished. After reconstruction the next great question will be the overthrow and suppression of the legalized liquor traffic, and you know my head and heart, my hand and purse will go into this contest for victory. In 1842, less than a quarter of a century ago, I predicted that the day would come when there would be neither a slave nor a drunkard in the land. I have lived to see one prediction fulfilled. I hope to live to see the other. Good-by."

Had he lived until to day he would have seen the prophecy on the way to ward fulfillment. There are streaks in the East betokening the breaking of the day. Let every Christian man lend his influence toward banishing the intoxicating cup. Let the wine-glass be banished from the table of every Christian family. Total abstinence for the individual and prohibition for the nation should be the church's battle cry. The wine drinking Christian is a distinct hindrance to the progress of the Kingdom of Christ. The wine-drinking minister is a disgrace to the church of Jesus Christ.

Mr. Smith was a member of the Legislature and owned an automobile. He voted to remove the speed limit on automobiles, because he wanted to be free to drive as fast as he liked. But one day it was Mr. Smith's little girl who was run over by an automobile, and then Mr. Smith was in favor of strict limitations on automobiles.

Chronic Dyspepsia.
The following unalloyed testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellville, N. Y. For sale by all dealers.

Selling to Girls.

The hotel liquor license is often excused as necessary. And unthinking people argue that it is freer from danger than other liquor selling places. As a matter of fact, the hotel and the club are the most dangerous resorts in the whole city. This incident is suggestive.

Two of the largest hotels of Boston and Pittsburg have lately got into difficulty through selling liquor to young girls. Recent one journal itself gets after the trade in the following fashion. It says: "It must be remembered by saloon and hotel men that this practice of selling to girls is one that is bound to bring trouble and

only to the man so violating all the proper ideas of hotel conduct, but on every man in the liquor business." And then the editor asks: "Isn't it about time for the general run of liquor dealers to ask themselves fairly the question, 'Is it worth while for us to endanger our own futures, and the fortunes of the business in which we are all engaged, by catering to the women trade?' What a cleaning up there would be if liquor dealers took this advice!"

But they never say a word except in a case like this, when the notoriety of being found out frightens them.

Safety by Rail.

We are apt to be filled with wonder and admiration when we read the statistics of the records of the railroads of the United Kingdom in carrying in 1908 a total number of passengers amounting to 15,000,000 without killing one person. While the record for the States is much in excess of this, there is one system in the United States where this record is exceeded, and that is in the New York Subways. During the eight years of its operation there have been transported 1,664,516,822 passengers without a single fatality due to train accident. This record is all the more remarkable when it is considered that 70 per cent. of these riders were carried on express trains, which during the latter part of that period were operated at from 40 to 50 miles per hour and under a headway of less than a minute and a half.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." For sale by all dealers.

She—I must. I feel that you are going to kiss me, and I powerless to resist.

Tired-out Kidneys.
Kidney troubles are so frightfully common because the kidneys are so easily upset by overwork or excesses of eating and drinking. Care is effected not by whipping them on to renewed effort, but by softening the action of liver and bowels by the use of Dr. Chase's Kidney-Liver Pills. This retards the kidneys and makes them weak, backache and urinary disorders then disappear.

"And what became of that girl who was such a matchless beauty in our set when I went away?" "She still is. 'What after all these years?' 'Not so much of a beauty, but still matchless. She's an old maid.'"

"Now what should you say after I have given you cake?"
"I dunno, Mrs. Peters."
"You should learn politeness. What would your mother say if your papa gave her \$10 to buy a new bonnet?"
"She'd say nothing. She'd have a fit."

BLUE AND DISCOURAGED
Mrs. Hamilton Tells How She Finally Found Health in Lydia E. Pinkham's Vegetable Compound.

Warren, Ind.—"I was bothered terribly with female weakness. I had pains and was not regular, my head ached all the time, I had bearing down pains and my back hurt me the biggest part of the time. I was dizzy and had weak feelings when I would sleep over, it hurt me to walk any distance and I felt blue and discouraged."

"I began taking Lydia E. Pinkham's Vegetable Compound and am now in good health. If it had not been for that medicine I would have been in my grave a long time ago."—Mrs. ARTIE E. HAMILTON, R. F. D. No. 6, Warren, Ind.

Another Case.
Emmond, R. I.—"I write to tell you how much good your medicine has done me and to let other women know that there is help for them. I suffered with bearing down pains, headache, was irregular and felt blue and depressed all the time. I took Lydia E. Pinkham's Vegetable Compound and commenced to gain in a short time and I am a well woman today. I am on my feet from early morning until late at night running a business home and do all my own work. I hope that many suffering women will try your medicine. It makes happier wives and mothers."—Mrs. ANNA HARRIS, Emmond, Rhode Island.

Concrete is the cheapest building material

Canada Cement

WHETHER for a silo, a mill-house, or a million bushel grain elevator, concrete is the most economical building material in use today. Concrete never requires repairs, and the saving in repair-expense alone makes the greater economy of using concrete more apparent every day. The cost of other building materials is constantly increasing. The cost of concrete is being reduced.

which Canadian farmers use, with their own sand, stone and gravel to make concrete, is the only ingredient you have to buy. We have, by reason of our large output and scientific methods, been able to bring the price of "Canada" Cement so low that it is within the reach of everyone.

An increase in demand results in a greater economy of production, and when conditions have warranted it, we have, from time to time, shared this saving with the consumer by reducing the price of Canada Cement. This demand will continue to increase—as fast as farmers learn of concrete's superiority over other materials.

When you buy cement, see that you get "Canada" Cement, by so doing you will assure the complete success of all your concrete work.

Send a post card for our book "What the Farmer Can do With Concrete." It is free.

There is a Canada Cement dealer in your neighborhood.

The Eternal Feminine.

The South African natives in Boerland still preserve their old customs, and one of the most curious is that of carrying off a girl for a wife. The custom is called 'ukutwala,' and the girl though not indisposed to accept the man, causes every obstacle to be placed in his way.

The suitor watches his opportunity (after first placing so many head of cattle in the kraal of the girl's father) and eventually carries the girl away by main force.

The heartrending cries of the bride, as she is carried away, are something pitiful—a cry that pierces the heart of a Christian, but his pity subsides when he learns that in native language it means: 'Don't take me, but don't let any one help me, because I won't go!'

'Tommy, how is it I have caught you to the jam again?'
'I don't know, ma, unless it is because you came in so quietly.'

Synopsis of Canadian North-West Land Regulations.

ANY person who is the sole head of a family or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother, or sister of intending homesteader.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section along side his homestead. Price \$3.00 per acre. Duties—Must reside upon the homestead for pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead status) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

ASSETS.
The assets of the Company will consist of the proceeds of the sale of sixteen thousand shares of Preferred Stock at \$10.00 per share which will give after deducting per cent for the expenses of underwriting \$144,000, with which to purchase seven pairs of Silver Black Foxes selected by A. T. McConnell and guaranteed by him, the ranch fully equipped with the latest design of pens, and all buildings, including Manager's house to be erected leaving sufficient

cash capital to cover the running expenses of the Company over the first year, and to provide for possible contingencies. Of the Common Stock, after leaving \$40,000 in the treasury, a bonus of 50 p. c. will be given share holders and the balance represents the cost of promotion, incorporation, and all other expenses.

FUTURE PROFITS.
In the face of the enormous profits realized during the past few years and the continually increasing demand for foxes for breeding purposes, it is idle to figure on the profits to be earned in the future. Those best qualified to judge say that not twenty-five years at least will the demand slacken for BREEDING PURPOSES ALONE, but that as it may, were such demands to cease AT ONCE, the high price readily obtainable for first class pets would bring for the owner of the average adult pair of foxes a full return of their purchase price within three years. In this connection it may be mentioned that one of the principal stock holders in the Company is a member of one of the largest wholesale furriers in Canada, Mr. William Waugh, of Boulter, Waugh & Co., Ltd., of Montreal, whose services are anticipated as President of the Company.
