

HYMENEAL

SIMON-PORTER

WINDSOR, June 30.—At the Masonic Home last evening the first wedding in the history of the Home was celebrated when Rev. F. S. Kinley, of the Baptist church united in matrimony Miss Mary Inez Porter and George Gordon Simon, of "Annsdale", Grand Pre. The ceremony was performed in the room of the bride's invalid father, I. W. Porter, Masonic Home, formerly of Wolfville. Only the immediate relatives and a few intimate friends were present. The bride was dressed in a blue tricotone suit and wore a becoming hat of corresponding shade, and she carried an arm bouquet of roses.

After the ceremony Mrs. Richardson, Matron of the Home, entertained the guests to an informal reception and afterwards the guests drove to the home of Mrs. C. P. Smith, for a second reception. The bride and groom followed by the best wishes of their friends motored to their home at Grand Pre.

There were many beautiful and useful presents including a handsome cheque from the groom. The bride has for several years been a popular teacher on the staff of the Windsor Academy. At a shower given in her honor last week by Mrs. C. S. Dimock and Mrs. C. P. Smith she was presented with an appreciative address by Principal Smith, and a gift of eighteen pieces of French ivory besides numerous presents of china, linen and silver.

MORSE-SEALEY

KENTVILLE, June 28.—This morning at eight o'clock a pretty wedding was celebrated at the residence of the bride's parents, Mr. and Mrs. James Sealey. Main street west, when their daughter, Susie was united in marriage to Harry R. Morse, son of Mr. and Mrs. J. E. Morse, Kentville. The Rev. A. M. Bent, pastor of St. James' Episcopal church, performed the ceremony in the presence of immediate relatives. The rooms were magnificently banked with flowers and ferns. The bride, who was given in marriage by her father, looked most charming in a graceful gown of brown taffeta and Spanish metallic lace, with hat to correspond. She carried an exquisite shower bouquet of yellow roses. Miss Marion Sealey, B. A., sister of the bride, in a simple gown of brown Canton crepe was a lovely bridesmaid. P. R. Robinson, of Halifax, supported the groom. The wedding march was beautifully rendered by Miss Ethel Sealey, becomingly attired in a charming frock of apricot crepe. The bride's mother wore a superb gown of black Canton crepe. After the ceremony the guests repaired to the dining-room where a dainty breakfast was served.

The happy couple left by motor to entrain for Upper Canadian cities where they will spend their honeymoon. A large collection of beautiful gifts evince the popularity of the young couple, and the high esteem in which they are held. The groom's gift to his bride was a diamond and platinum ring. Among the out-of-town guests were Mr. and Mrs. J. H. Morse, Halifax; and the Misses Foster, St. John, N. B. Mr. and Mrs. Morse, on their return will reside at Crescent Avenue, Kentville.

HOW TO FOOL MOSQUITOES

DETROIT, June 29.—Wear dark clothes if you wish to avoid mosquitoes, says a bulletin issued by the department of health here. This applies only to the night time. Mosquitoes are attracted particularly by light stockings and trousers, according to the bulletin.

MISS MACPHAIL, M. P., HANDS BACK \$1,500

Remains True to Denunciation of Increase in Sessional Indemnity

OTTAWA, June 30.—It was because long before she became a Candidate in the last election she had denounced very strongly the increase in the sessional indemnity that Miss Agnes MacPhail, M. P., yesterday turned over \$1,440 of her sessional indemnity of \$4,000 to Hon. W. S. Fielding, Minister of Finance.

In effect, she was returning \$1,500, the sixty dollars being income tax on the amount. "I am quite convinced that \$2,500 is not enough for a man who devoted himself to serving his country," Miss MacPhail explained. "What I did object to, was the time when the indemnity was increased and the circumstances. Our men were overseas and the great cry was economy."

"That was why I would not accept the \$4,000. If I had known the procedure in time I should have put forward my bill for a decrease in the indemnity. As it was I saw it would never get through, so I withdrew it rather than risk the remarks that I was playing to the gallery. "I am glad the \$1,500 is gone. I did not want to touch it."

"I have no condemnation for any one else, but I do think there is no use of Sir Lomer Gouin, Mr. Fielding or Mr. Crerar, or any other man, no matter how great, preaching economy unless we can give the people a lead in economy and show the sincerity of the idea. Anybody can use \$4,000. A man with a family, away from home and business, probably needs it."

"But the sessional indemnity is not a salary. It is a mark of appreciation given by the country for service."

WHY SHOULD I ADVERTISE?

A press agent, travelling ahead of a circus, called on the owner of a general store, the only merchant in a little town. "Brother," he said, "when the show gets in town we'll have the usual parade. And I want to sell you advertising space during the parade."

"Whereabouts," the storekeeper asked. "On the elephant. He's the greatest thing in the procession. I'll paint your name on each side of the elephant, and there won't be a man, woman or child for miles around who won't see your ad." "There's not one of 'em don't know me already," the merchant replied, "and, what's more, they all trade here. Why should I advertise? I don't need it."

The circus man reflected. He looked up the street and decided that he was stumped. Then, he looked down the street as far as the church. Then he turned to the storekeeper.

"Nice church down there," he said; "how long has it been there." "Forty years, I guess," said the merchant, "most everybody around here is a member."

"That church has been there forty years," said the circus man, "and most everybody in town belongs, and yet they ring the bell every Sunday morning."

The cheapest looking thing at a bargain counter is a man waiting for his wife to get through.

TIP BURN OF POTATOES

This disease is first seen on potato plants about the latter part of July, with the most severe effects from the middle of August to the first week in September. The leaves exhibit a burning at their tips and margins, later the whole top withers and the plant dies prematurely. This condition is most noticeable in hot, dry, windy weather and particularly during period of dry and sunny weather following rain.

With regard to the cause of this disease, there is much difference of opinion, and several agencies have been suggested as responsible for the burning of leaves. The effect of excessive evaporation of water from the surface of leaves in extreme heat and sunshine with the consequent death of certain cells in the leaf, has been suggested as the cause of tip burn. Other authorities claim to have definitely demonstrated that the potato leaf hopper is the cause of tip burn; thus the name "hopper burn", which is also applied to this disease. More recent investigators associate the leaf hopper with the disease, but claim that there is some "specific", either normal or extraneous, which is transmitted by the leaf hopper and is the direct cause of the burning of the potato leaves. This was shown by the fact that tip burn could be produced by inoculating macerated leaf hoppers into potato leaves.

The regular Bordeaux mixture spray has been found to be beneficial in the control of this disease. Those believing in extreme heat and sunshine as the principal causal agency, associate this control with the layer of Bordeaux mixture on the leaf acting as a protection from severe evaporation. Others claim that it destroys the hopper and again the spray is also supposed to act as a deterrent for the hoppers.

In any case the Bordeaux mixture has been demonstrated as capable of arresting the development of the burning and this is but further proof of the importance of careful and systematic spraying of potato plants.

F. L. DRAYTON.

Hawaii is a country of rainbows, believed by the natives of olden days to be omens of good. Scarcely twenty-four hours pass without one or more of the celestial arches appearing above Honolulu. Recently three rainbows in a row linked together at their bases are said to have appeared over Honolulu.
