THE CHARLOTTETOWN HERALD WEDNESDAY, NOVEMBER 11, 1896.

## Our Fereign Trade

The official returns of exports and imports for the fiscal year ending June 30th. show a gratifying increase in the foreign trade of Canada of \$14,600,000. This is a very rapid advance and speaks 000,000, --some 39,000,000 more than our or or or commercial progress. Our well for our commercial progress. Our imports were \$7,200,000 more than in in with their wonderful ideas of "free" the previous year, showing that we are trade, and their still more wonderful ideas of trade, and their still more wonderful ideas of how to "expand" trade by of commodities, while our exports were killing our domestic industry. The re-\$7,300,000, or about enough to enable sult was that in their last fiscal year st to stop av for our enlarged purchases. (1878-9) onr foreign trade had fallen Considering the unfavorable conditions to \$153,455,000, our imports still exthat have existed in other countries this is something to be proud of. A Then came the National Policy.—the this is something to be proud of. A feature of the statement which must cause us to reflect is the comparative sales and purchases to and from Great Britain and the United States respect-ively. Last year Great Britain in-ively. Last year Great Britain in-ively. When that terrible policy was said to the terrible po

reased her purchases of Canadian goods from \$61,856,900 to \$66 689,253. this policy, during which we have more this policy, during which we have more this policy, during which we have more Mr. BRYAN, d On the other hand, the United States than doubled our domostic trade, and On the other hand, the United States bought less from Canada, its imports of our goods declining from \$41,297,676 to \$39,750,201. For every \$39.75 that the United States buys from us England purchases \$66,69, notwithstanding that she is separated from us by three thousand miles of ocean and that her population is only forty millions comsopulation is only forty millions com- over the country at the end of their

from Britain increased by \$1,840,000, those from the United States increased by \$3,940,000, and the total of our imby \$3,940,000, and the total of our im-ports of British goods amounted only of by the ever varying standard of to \$32,979,742, while our imports of United States goods amounted to \$58, 574,024. This discrepancy is due to the what it was in the last year of grit fact that we import from the United
