The Nomenclature Board

MEETING YESTERDAY AFTERNOON.

The Nomenclature Board had a very busy sitting yesterday afternoon. They met in the Postmaster General's office at 2.30 o'clock and did not adjourn till 6. His Grace Archbishop Hovley presided, and there were also present: Hon. H. J. B. Woods and Messrs. E. M. Jackman and A. A. Parsons, Secretary. Revs. Canon Smith and Dr. Curtis were out of town, and Judge Prowse, for obvious reasons, could not attend.

First in order came the unfinished business standing over from the previous meeting. This embraced the following items:—

A communication from Hon. Robert Watson, Colonial Secretary, enclosing a petition from residents of New Harbor, Bonavista Bay, requesting the re-naming of that place, all being as their reason for this request, that confusion in the transmission of mail matter frequently occurred in consequence of there being another place of precisely the same name in Trinity Bay.

Letters from Rev. R. H. Maddock and others, setting forth the desirability of changing the name of Dark Tickle, Twillingate District, to something more appropriate. The settlement, they contend, is a bright and cheery-looking place, and therefore they regard the name "Dark Tickle" as a misnomer.

Other unfinished business of minor importance received due consideration, after which the Board proceeded to give their attention to the new business in hand, namely:—

A request from the Postmaster General to re-name Long Cove, Southwest Arm of Random, Trinity Bay. The name to be chosen by the Board. Petitions from Bay of Islands in favor of dropping the new name "Curling" and reverting to the old one of "Birch Cove," and a large number of counter-petitions from the same place praying that the name "Curling" be retained.

Correspondence in reference to difficulty with mails to the westward, owing to the existence of two places called Burgeo in that direction—one in Placentia Bay, the other in the district of Burgeo & LaPolle. A petition received through the Hon. Donald Morison, Minister of Justice, praying that the name "Salvage Bay" in Bonavista Bay, be changed to "Brighton."

A letter from Magistrate Pearce, of Western Cove, White Bay, asking the Board to drop the names of that settlement and the adjoining one known as Pound Cove, and give to both places the new name of "Westport."

A request from Mr. Isaac Adey and others of Lee Right, Trinity Bay, to have the name of that place altered to "King George's Harbor" or "Adeydale."

All the petitions and letters relating to proposed changes were read by Secretary Parsons and freely and fully discussed by the Board; some of the suggestions and requests contained therein being deferred for further consideration and to give the Administrator the aid of the Board of Newfoundland and other prominent dignitaries in Church and State. The Board decided in favor of the name "Curling" and the Board pursued the usual course in such cases. Then on motion the following resolutions were unanimously adopted:—

(1) That New Harbor, Bonavista Bay, be re-named "Newport."
(2) That Dark Tickle, Twillingate District, be re-named "Brighton."
(3) That Western Cove, White Bay District of St. Barbe, be re-named "Westport."
(4) That Newtown, Sunday Cove Island, Twillingate District, be re-named "Port Anson."
(5) That Northwest Arm, New Bay Twillingate District, be re-named "Camonton."

(6) That the Board see no reason why the name "Curling" should not be retained. "It is not a fanciful appellation, but has a local significance and importance, and the reason which guided the Board in selecting this name should, in the absence of any new circumstance or condition, still hold good. No new circumstance or condition has arisen which renders the name less applicable than when it was formally adopted on the Board's recommendation as the official designation of the place; and, considering the purpose for which the name was given, it is inevitable that its abandonment now would be regarded by others as it is by the petitioners, and while it would prove hurtful to the feelings of many who hold the memory of the Rev. Joseph Curling in affectionate regard, it is by no means likely to recommend itself to the public generally, who for the most part recognize that Mr. Curling, in an exceptional degree, deserved well of the community which has been honored by his name."

VOTE OF CONDOLENCE.—Last night the C. E. Council held a meeting and passed a vote of condolence to the family of the late Sir James Winter. He had been a prominent member of the Club for several years, and was a councillor for ten years. He always gave his services cheerfully and free and the members realize that they have lost a good helper.

MIRNARD'S LINIMENT CURES DANGERS IN COWS.

Street Car Accident.

While street car No. 5 in charge of Conductor Calahan, Mosman Square was going west over Theatre Hill last night at 7.50 when opposite Mr. C. Ryan's grocery store, the car seemed to have got beyond control of the brakes, and running at high speed down the incline to New Gower Street jumped the track at Adelaide Street and crashed into the house of Mr. J. Bellows, near Mr. I. C. Morris's sail loft. The car struck an electric light pole near the sidewalk which checked its impetus and no doubt saved Bellows' house from being demolished. The conductor jumped from the rear of the car and was unhurt. The motorman held to his post and was badly shaken up when the collision occurred. He was not seriously injured and was able to resume work to-day. Fortunately there were no passengers in the car. Several seamen of the Calypso, including Mr. H. J. Hubley, were standing near Bellows' house when the car jumped the track. Hubley was struck in the knee by the wire of the falling pole and was hurt so badly that he had to be taken to Poole's restaurant near the curve. Hubley was struck in the knee by the wire of the falling pole and was hurt so badly that he had to be taken to Poole's restaurant near the curve. Hubley was struck in the knee by the wire of the falling pole and was hurt so badly that he had to be taken to Poole's restaurant near the curve.

THE "OLD GUARD" MEETING.—The ex-members of the C. L. B. will have an important meeting in the Armory to-morrow evening. All are asked to be there. The report of the committee will be submitted.

Psoriasis 'All Over Body'

Most dreaded of skin diseases was cured by Dr. Chase's Ointment. Psoriasis is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and it is usually considered incurable. But this case proves that Dr. Chase's Ointment is a cure, in spite of the doctor's prediction. Mrs. Nettie Massey, Oronoco, Ont., writes:—"For five years I suffered with what three doctors called psoriasis. They could not help me and one of them told me if any one offered to guarantee a cure for \$50.00 to keep my money as I could not bear it. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

TRIPOLI, Oct. 11.
The Turks apparently do not intend to abandon Tripoli to the Italians without a determined resistance. For several days bands of horsemen have reconnoitred in the vicinity of the Italian outposts; and on several times at night have been discovered by the searchlights of the warships, whose shells have driven them back into the hills. The Italian commander, however, had intimation that such attempt would be made, and his men were amply prepared. The Italian guns were placed, and the Turks were met with heavy artillery and rifle fire, to which they replied with equal energy. It was moonlight when the fleet turned their searchlights on the contending forces. When the engagement was at its height, the battleships and cruisers joined in with their smaller batteries, directing their shells to cover the Italian front and flank. For more than an hour the firing on the shore was continuous; then it slackened, and ceased. The Turks retired in good order, although it is reported that they suffered heavy losses. Another body of Turks tried to turn the eastern bank of the Italian force, but without success. The Italian casualties were slight.

Cascarets Insure Inside Cleanliness

The million of Cascarets users never have Headaches, Constipation, Biliousness or Sick Stomach.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction. Are you keeping clean inside with Cascarets—our merely forcing a passage every few days with salts, cathartic pills or castor oil. This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the decomposed waste matter and poison in the intestines and bowels. No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. 10-cent box from your druggist will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Freshwater Notes.

We are glad to report a good shore fishery this year. The energetic firms of J. & W. Moores and A. & F. Parsons have been kept busy buying fish; they have exported something like 5,000 quintals during the past two months, and are still as busy as ever. But we are sorry to report our Labrador folk, some of whom returned today, have not been so successful; we hope, however, that they will see their way clear to provide for the "inner man" and wish them "better luck" next year.

Owing to last week's snow storm whenever a blue patch appears in the sky our farmers make all haste for the potato garden. They report them not very plentiful but of a large kind, the size making up for the deficiency in quantity.

As our beloved pastor is away visiting the various circuits in Carbonate District, and of which he is Chairman, we had the pleasure of hearing on Sunday night a young pastor in whom we are all interested, Rev. J. G. Joyce. He took as his subject the Christian's Watchword, Prayer, and ably dealt with it in all its phases, giving some striking Biblical examples of the results brought by prayer. We hope soon to hear him in another of his able discourses.

On Monday morning, the 7th inst., early, a certain party could be seen going to and from certain houses in an excited manner. Curiously soon overtook some lookers-on and questions began to be asked by them as to what was on the carpet now. After a while the answer came in this amusing form—"Invitations are being issued for a 'Tart in a Pot Party,' which is to be held in Mr. William Clarke's house, in honour of his daughter Lizzy's safe return from Boston. However the 'Tart in the Pot Party' came off as expected and everything worked harmoniously except for the non-appearance of one person whose presence would have made the whole affair much more successful, but as it is rumour has it that a marriage will likely be the outcome of the 'Tart in the Pot Party.' Uncle Walt THE POET PHILOSOPHER.

Full soon the campaign presidential will fill the land with grief and tears; the same old statesmen influential will push hot air into our ears. The same old rickshaws soon will frolic from here to yonder, as of yore; and orators with mental colic will stand on their hind legs and roar. The same expensive gallivanting of candidates in private cars; the same old shrieking, pawing, ranting, the same old fierce Black Hand cigars. The same old era of stagnation, when business men must hold the sack while Windy Jims, with animation their bobbers ride to Troy and back. I'd like to change the constitution so we will have this feast of tears, this Jim-Jam wave of election but once in ten or twenty years. Beneath the present day conditions our country gets a frequent shock; we hand it to the politicians, who use it for a chopping block.

Had Bad Sore Four Years.

ZAM-BUK HAS HEALED IT!
Mrs. Wilson, 110 Wickson Ave., Toronto, says: "About four years ago a sore spot appeared on the right side of my face. This spot increased in size until it became about half an inch in diameter and very painful. I went to a doctor, but the ointment he gave me did not have any good effect. The sore continued to discharge freely, and was most painful. I had it cauterized, tried poultices and all kinds of salves, but it was no good, and I continued to suffer from it for four years!"

"A sample of Zam-Buk was one day given to me, and I used it. Although the quantity was so small, it seemed to do me some good, so I purchased a further supply. "Each box did me more and more good, and, to my delight, before I had been using Zam-Buk three weeks, I saw that it was going to heal the sore. In less than a month it was healed!"

"I know a lady in the east of the city, whose husband suffered for years with an open sore on his leg. On my recommendation, Zam-Buk was tried in that case. The other day, when I saw her, she told me that it had healed the sore completely."

"My daughter, who lives in Lethbridge, Alta., has also used Zam-Buk with the same satisfactory result. I think it is, beyond all doubt, the finest healing balm known."

Such is the opinion of all persons who have really tried Zam-Buk. It is a sure cure for eczema, piles, abscesses, ulcers, burns, scalds, bruises, and all skin injuries and diseases. 50¢ box, all druggists and stores, or post free from Zam-Buk Co., St. John's, Nfld., for price. In case of skin disease use also Zam-Buk Soap, 25¢ tablet.
