the renegade, whose political record has been false, farce and failure, the outcast of Placentia is again to ask us to vote him into power. Imagine what a splendid pair himself and Woodford would make hitched up together. These twin brothers, whose representation of this shore at least is as barren of results as the South-side Hills is of Edward's two-bladed grass.

Our only permanent token of the four million dollars revenue which Morris boasts of fleeing the country each year, is a solitary wharf built at Kelligrews, for F. McNamara, the defeated Tory candidate for St. John's East. What a splendid showing for Woodford and his re-united prodigal after their many years of office to fight the election into retirement again. Now Mr. Frank let me remind you that the people of this shore among other things are not forgetting your complacency in designating them as a parcel of d—n fools, who would sign their own death warrant when referring to a number of requisitions which you gave in favor of a candidate from the South Shore, who the electors will support with an unanimity of action which will give yourself and Woodford the freight of your lives in November.

In conclusion we would like to get permission to appropriate one of Murphy's sticks (bad as they are), just as a souvenir of the Tory Government, and their promise to enrich us with a harbour here, the non-existence of which is no doubt due to their defective memory.

Yours truly,

VOTER.

## No Old Home Week.

Mr. Payson J. Kinsella, who is Secretary of the L. and A. Committee of the Newfoundland Catholic Association at the Sydney and Whitney Pier, writes to say that there will not be any Old Home Week (as far as the Sydney are concerned) this season. Most of those burned out in the fire of June 10th, which did such destruction at Whitney, were Newfoundlanders, and on this account, as well as others, the Association will not hold the Old Home Week event this year. The Catholic Association, however, are doing something more beneficial in another way, and this is the building of a new Cathedral, Convent and Glebe House to replace the splendid places destroyed in the fire.

Mr. Kinsella wishes to be remembered to all, and hopes to be able to come down with the "Old Home Weekers" next year.
