## Yesterday's Functions for The Duke of Connaught.

(Continued from 4th page.)  
IN HONOR OF GRAND MASTER.

At the Masonic Temple last night, the brethren held an enjoyable smoker in honour of the visit of their Grand Master. The affair was one of the most enjoyable of its kind ever held in the building.

As His Royal Highness passed along Duckworth Street to view the brethren assembled outside and cheered their Grand Master lustily, which the Duke graciously acknowledged. His Royal Highness later viewed the illuminations from Cathedral Street.

As the fleet steamed out the harbour the lights from the Masonic Temple flashed in farewell to the first Grand Master of the Masonic Order, who had entered a Lodge Room in Britain's Oldest Colony.

### THE DEPARTURE.

At midnight the Duke went on board H. M. S. Essex which sailed a half an hour later for Quebec.

The Royal visitor had a most pleasant sojourn, though brief, amongst us and he takes with him the heartiest greetings and good wishes of the loyal people of Britain's Oldest Colony beyond the seas.

### MESSAGE FROM HIS ROYAL HIGHNESS.

"The Governor desires to convey to all in Newfoundland a very cordial message of farewell from The Duke of Connaught. His Royal Highness was intensely delighted with his reception while among us. The Duke now realises what we mean by a hearty Newfoundland welcome. From first to last wherever His Royal Highness touched land—at Bay of Islands, Blanc Sablon, St. Anthony, Botwood, Grand Falls and St. John's—the reception accorded by the people of Newfoundland has rung genuine.

"The one real disappointment to His

Royal Highness in the whole trip was his not having been able to land at Bonaville and Trinity. He well knows how keen and loyal and unanimous were the preparations to offer a hearty welcome and let him hear the full-throated cheer of the northern fishermen. But it is the first duty of Officers of the Royal Navy not to imperil the safety of His Majesty's Ships; and it was a wise decision not to risk the cruiser in view of the dense fog last Monday and the number of icebergs adrift in the Bays. The Duke, however, expressed the hope that, as he was unable himself to go ashore at Bonaville and Trinity, the Governor should endeavour to arrange for a special call at these two ports when next an Admiral should visit the coast of Newfoundland with His Majesty's Warships. And we hope that such a call may possibly be made shortly.

"The visit of the Duke of Connaught to our shores was an unqualified success. And the chief reason why we should all be proud of our success in maintaining the old traditions of loyalty and hospitality is that we all worked together. The Governor keenly felt the truth of his words when, at the laying of the foundation stone of the Reid Tuberculosis Sanatorium, he said that for the public good and for the credit of the Old Colony we all work together like a band of brothers.

"It is impossible personally to thank all those who in their several capacities joined in making this Royal visit a memorable occasion. But the Governor gladly seizes this, the earliest occasion of rendering his thanks to all as well as conveying the gracious words of farewell from the Duke. It is through the willing help of the Press that this message of cordial thanks may be most widely carried to the homes of the people."

## A Sad Case.

Yesterday afternoon a representative of The Evening Telegram was told by a young man of 17 or 18 years of age, that from Tuesday evening up to 4 o'clock Thursday afternoon, he had not eaten any food. He also said that he had walked the streets on Tuesday and Wednesday night, with no place for shelter or to lay down. He told us he had come to the city from Holyrood on Tuesday to seek work, and so far had not succeeded in his quest. He was, he said, then very weak from hunger and was afraid he would collapse.

His case is a sad one, and should be attended to by those whose duty it is to do so.

## Thrilling Drama at the Crescent.

### FIVE REELS OF FEATURES.

The week-end programme at the Crescent Picture Palace to-day is without exception the strongest ever presented and visitors are particularly invited to witness a programme that will compare favorably with that of much larger palaces in America. Five reels of pictures by the many of the world's leading artists. The headline is "The Secret of Father Antonio," revealing the work of a noble priest who kept his confidence a frontier drama of much interest. "Honor and the Sword," a society drama of unusual merit is No. 2 and is followed by a two-part story of Russian life, "The White Terror," or by the Command of the Czar, depicting the sufferings endured by convicts on route to Siberia. The comedy of this excellent bill is "Neighbors," a reel of fun. Miss Arkady is making good in popular songs. A marvel in pictures that are all features and music by a first class orchestra. The Crescent is opposite the General Post Office. Special matinee to-morrow afternoon.

## Cable News.

Special to Evening Telegram.  
RICHMOND, N.Y., To-day.  
Americans and friends of Ireland from all parts of the States and Canada attended a meeting of Financial Directors here, at which \$100,000 was subscribed for the Irish Volunteer Fund, for use in the movement led by Redmond of the Irish Parliamentary party.

LONDON, To-day.  
The main body of the Dominions' Royal Commission will sail for Canada to-day by the Albatross. They will land at Rimouski, from whence they will be conveyed to St. John's Newfoundland by the steamer Earl Grey. The chairman, Lord D. Almon, is unable to sail on account of illness, but he hopes to proceed in three weeks. In the meantime Sir Alfred Bateman will preside at the sittings in Newfoundland and the Maritime Provinces.

WASHINGTON, To-day.  
Carranza, successor of Huerta as Provisional President of Mexico, yesterday advised the States Government informally that he intended to retire in favor of General Carranza. Carranza wishes only that a general amnesty be proclaimed. A message from the States Department instructed him to urge upon Carranza, the belief of the States that further fighting was useless on account of Carranza's Government intending to surrender its power. Carranza is urged also to give a guarantee for the protection of lives and property of those who had supported Huerta. Mr. Shillman counselled likewise against the execution of prisoners or any other atrocities, which spite and revenge might arouse in the conquering army. The States makes its position clear with respect to recognition under the terms of a protocol signed at Niagara Falls. Recognition will be extended to the Government resulting from an agreement between the two Mexican factions.

## Cape Report.

## More Fires.

Fires provoke immediate sympathy for the sufferer and also thankfulness for personal escape. Another thought should be whether one is personally and sufficiently protected? ## Where Responsibility Lies.

No matter how large, or how small, a business may be, nobody can deny that its Office is the nerve centre of the firm. Every transaction, important or trivial, must be recorded at the Office. An order is received at the Office—its history is recorded at the Office, and finally payment is received at the Office. If the Office makes an error the firm stands the loss. That's why you must be sure that your office is modern and adequately equipped for the care of all important papers. To do this effectively you need the up-to-date equipment of the "GLOBE-WERNICKE CO." When sixty offices in St. John's have found this necessity this equipment can surely be of use to you. Mr. Percie Johnson represents this world known firm in Newfoundland—April 17, 1914.

## Mount Cashel Garden Party.

The arrangements for this popular event are now being finalized and the affair promises to be the most interesting for many years.

Mr. H. D. Reid, with his usual generosity has donated a silver cup for competition among the baseball teams that are playing a series of games in connection with this festival.

The cup will become the property of the team winning it for three years. The preliminary games are now in progress and the final match will take place on the day of the Garden Party. An interesting road race has been arranged, and the usual football fives by the League teams will add to the attractions of the day.

St. John's Gas Light Company.  
Dear Sir,—I have analyzed a sample of Sulphate of Ammonia made at your Works and I found 20.5 per cent of NITROGEN, Sulphates of Ammonia and Nitrate of Soda are the two principal Nitrogen-manure.

Sulphate of Ammonia is less soluble than Nitrate of Soda, consequently it is a safer manure to use during a wet season.
