Very Commendable.

Editor Evening Telegram.

Dear Sir,—Permit me to say a few words in favor of the gentlemen who refused to join the combine re the price of coal. The action of these gentlemen, namely, Messrs. Zovine, Murray, Campbell and Hynes, is without doubt very commendable, and ought not to be lost sight of without due consideration. All right thinking citizens should bear this favor in mind and return the compliment by patronizing these gentlemen in future when coal assumes its normal price. In conclusion I might say that the Telegram and Mail are deserving of the very highest praise for their editorial comment on the subject which has and will surely bring these coal dealers to their senses.

With many thanks, gentlemen, for your thoughtfulness of our poor people, as also that of the average workman.

Yours sincerely, TRADESMAN.

ESSENCE OF GINGER WINE.

Having had considerable correspondence with parties in the Old Country, I have at last succeeded in obtaining the genuine and original recipe for the "Essence of Ginger Wine," which I now offer at 15 cents per bottle. This recipe has been carefully guarded for a great many years. It was originally prepared by an old Squire in Lancashire, A.D. 1575. It is made from the purest ingredients, and is strictly non-alcoholic. It makes an ideal Christmas drink for the young and the old. The contents of one fifteen-cent bottle, mixed with three quarts of hot water, in which there has been previously dissolved one and a quarter pounds of sugar, makes the Ginger Wine ready for use. I have much pleasure in introducing this old (but still new) preparation.

FROM LIEUT. JACKSON.—Mr. J. Jackson is in receipt of a cable from his son, Lieut. Alec Jackson, of the Royal Engineers, who is now in London on seven days' leave. Lieut. Jackson has been in the trenches in France since the early part of the war, and was in London on leave in October last. His cable states that hard fighting and, despite his experience, is in splendid health.

Annual Meeting of Nfld Marine Insurance.

The annual meeting of the shareholders of the above company, took place yesterday at the Board of Trade Rooms and was largely attended. The report of the Directors, which was considered highly satisfactory, was as follows:—

Directors Fifth Annual Report of the Nfld. Marine Insurance Co., Ltd.

In presenting to-day the fifth annual report we are glad to be able to state that the business of the past year has been the best in volume of business done, and in the amount of profits earned as shown by our statements. While we have met some heavy losses it is a pleasure to your directors to be able to report that upon all classes of risks accepted by the Company the results of the year's operations have been satisfactory. A very gratifying result is the increased volume of business done, the advance being over sixty per cent upon the figures of the previous year but there are various ways in which the business can be largely increased. Your directors feel that confidence in the Company is growing, and that the promptness and fairness shown by the Company in all cases when particulars of claims are presented, should induce all stockholders to place as much of their insurance business as possible with the Newfoundland Marine Insurance Co., especially as it is found to be more and more difficult to place Marine Insurance elsewhere, and there is sufficient evidence to show that but for the existence of this Company rates upon all Newfoundland business would be higher.

During the past year we have made further connections for reinsurance and are now working with the largest and strongest Marine Insurance Co. in the British Empire. We can now handle at lowest rates, steamship business up to any amount. We are also accepting War Risk Insurance upon Steamship or Sailing vessels at lowest current rates. The policy of the Company has been made to the shareholders a fair return upon their invested capital in way of yearly dividend and to build up as quickly as possible a substantial reserve in anticipation of reverses, which are met at intervals by all insurance concerns. The year's statement shows, after providing for outstanding claims and risks not yet run off, a profit balance of \$13,327.15.

Out of the profits they proposed paying a cash dividend, the same as last year and also giving each shareholder Script for (15%) fifteen per cent. paid up stock in the Company. Needless to say, the shareholders were perfectly satisfied and confirmed this in a manner that was a surprise to the directors, but showed them that their efforts to keep a very substantial capital and under the control of the directors who were all re-elected for another year we look forward to even more glowing reports in the future. The Directors are:—Hon. R. K. Bishop, President; Hon. A. P. O'Rourke, Vice-President; Hon. M. G. Winter, Messrs. John Browning, W. S. Monroe, Chas. P. Ayre, John S. Munn, A. H. Murray, W. A. Munn, Managing Director.

Our Volunteers.

The total number of volunteers enrolled to-date is 2,735, the following having enlisted since Saturday last:—

- Nathan French, Bay Roberts. George White, Bay Roberts. Edward Sparks, Bay Roberts. Chas. Giles, New Hr., T.B. Samuel G. Whelan, Cupids. Jackson Baker, Harry's Hr., N.D.B. Walter Oldford, Green Bay. Dyon Gallop, Codroy. John Sexton, St. John's. Leo Layman, St. John's. Michael Foley, St. John's. Wm. Lambert, St. John's. Stanley Skinner, St. John's. Hubert Fisher, St. John's. Frank Milley, St. John's.

During the day the men were engaged at indoor exercises.

Hockey Notes.

The Feildians and St. Bon's each had their first practice for the season last night at 6.30 and 10, respectively. Apparently the new material that both teams have admitted to their ranks, is likely to prove valuable acquisitions. Sid Pearce will play rover for the Feildians and Jack Higgins will act in a similar capacity for the St. Bon's. It is being talked of to get a team here from Grand Falls to play the locals.

I. G. Sullivan in Hospital

Inspector General Sullivan, who is at present undergoing treatment at the General Hospital, may not have to be operated on, as the ailment from which he suffers is not as serious as at first thought, and his many friends will be glad to learn this.

ST. THOMAS'S BIBLE CLASS.—Rev. H. Uphill, Rector of St. Mary's, will address the members of St. Thomas's Men's Bible Class at tomorrow night's meeting.

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.

EXPLOITS OF ELAINE AT NICKEL THEATRE.

The most sensational of all serials, "The Exploits of Elaine," will be continued at the Nickel Theatre to-day. Thousands of citizens are interested in this remarkable story and pronounce it the most thrilling they have ever seen. The indomitable Craig Kennedy again battles with defeat and is again the victor. The Essanay Co. will be seen in the brilliant three-part drama, entitled "The Awakening Hour." This is a most impressive subject especially for the young ladies. "His Superficial Wife" is a social drama, and there is also a very funny comedy, which will see the Nickel to-day, it is one of the best yet.

BRITISH THEATRE.

An excellent bill is promised at this popular house to-night. The second episode of "The Black Box" is on, and is sure to attract large audiences. The story is thrilling, fascinating, interesting and amusing. A powerful three-reel feature by the celebrated Mary Fuller in "Circus Mary" is a splendid drama pictured and will afford much pleasure. Madame Timmons this afternoon will sing "A Perfect Day" in her usual good style. A duet for the night, in which she appears with Prof. McCarthy, will be a choice musical treat. Mr. Gordon Christian accompanies and it is safe to say that this part of the programme will be in keeping with the high standard of excellence which the British maintains.

S.S. Newfoundland's Repairs.

As soon as she finishes discharging her cargo she brought from Tilt Cove, the S. S. Newfoundland will be docked for extensive repairs. She will be re-fitted and re-classed. The work will occupy over a month. The ship will then get ready for the seal-fishery. She will prosecute to the northward in charge of Capt. Wm. Winsor.

WEATHER.—It is calm and dull along the line of railway to-day with the temperature ranging from 10 to 30 above.
