Guelph, May 8.

AUCTION SALE
Valuable Mill Property!
There will be offered for sale by Public
Auction, at the Market House, in the Town
of Guelph,
On Saturday, 18th May, 1872,
At the hour of one o'clock, p.m., that excel-
lent steam saw and grist mill, with three
acres land, situated on the front of Lot 6, in
the 2nd concession of the Township of Mary-
borough, County of Wellington, now in pos-
session of Michael Tomlinson.
The saw-mill is capable of cutting from
100 to 1,200 feet per hour with the circular
saw. It is fitted with the best machinery in
the County of Wellington, including a new
steam engine and boiler of 22 horse power.
The mill has only been running about a year,
and that the machinery is as good as new.
The grist mill is in good working order, with
new machinery. This is a good opening for
business, being only a short distance from
the W. G. and B. Railway, and in a direct
line between Guelph and Listowel. Title
good. The above will be sold under mort-
gage. For further particulars apply to
OLIVER & MACDONALD,
Solicitors, Guelph.

NOTICE TO CONTRACTORS.
Tenders will be received at the office of
the Town Clerk, up to SATURDAY, the 11th
day of MAY, for the erection of a "CLOSE BOARD
FENCE" at the High School, such Fence to
be not less than five feet two inches high,
with Cedar Posts 8 feet apart from centre to
centre, inserted three and a half feet in the
ground, with posts at each post where there
is a wet place. Posts not to be less than
six inches diameter at the top. Scantling to
be used, and about equal common lumber, to
be used as follows: 2 1/2 inch board for the
top rail, four by four inch square for the
upright boards 3 feet, with two inch cap at
the top, with wrought nails driven through
from the bottom of cap to prevent climbing
over. Tenders to state price per rod.
W. S. G. KNOWLES,
Guelph, May 1, 1872.

the Company's offices or agents.
A. C. RAMSAY,
Manager.
F. W. STONE, Agent at Guelph.
March 2, 1872.

Guelph Evening Mercury

THURSDAY EVENING, MAY 9, 1872

Local and Other Items.

VAN Amburgh's monster exhibition is
on the move. It shows at Sarnia on the
15th inst.

It is believed that the southern exten-
sion of the W. G. & B. R. R. will be
completed to Listowel before the 1st of
October, and to Wingham before the 1st
of December.

A Whore.—Mr. M. Deady on Wed-
nesday caught a splendid trout in Mr.
Ford's dam near Rockwood. It weighed
2 1/2 lbs. He also caught one weighing
1 1/2 lbs. in the same dam.

Hon. Mr. Leslie, the oldest legislator in
the Dominion, was presented, on com-
pleting the 50th year of his parliamen-
tary labors with a congratulatory address
by his brother members at Ottawa.

The Prince of Wales is reported to be
far from well, having certain bodily in-
firmities which his physicians think may
still carry him to an early grave. They
recommend travel as absolutely essential
to his complete recovery.

Personal.—Messrs. Johnson, Thomp-
son and McMillan, of this town, passed
highly creditable examinations before the
Benchers at Osgoode Hall, Toronto, yester-
day, and were admitted as members of
the Law Society of Ontario.

Synod of Hamilton.—The Synod of
Hamilton in connection with the Canada
Presbyterian Church, met on Thursday.
After sermon by Rev. Mr. McMillan of
Woodstock, the retiring Moderator, the
Rev. Mr. Fraser, of Thorold, was chosen
Moderator for the next term.

Y. M. C. A.—At the regular meeting to-
night of the Young Men's Christian As-
sociation, Rev. W. S. Ball will be pre-
sent, and give some practical remarks
with regard to the workings of the As-
sociation in New York. It is to be hoped
there will be a good attendance of the
members. All are cordially invited.

A cold cold winter has passed by the
time some people have learned to shut
the door after them, and a long hot
summer passes before they learn to
keep from shutting the door when it
ought to be open. Such persons are the
remote cause of half the profanity there
is in the world.

We hear a great deal about the rapid
growth of American cities, and some of
our in Canada can show a marvellous
record in this respect. But is there any
city on this continent that has added
two and a quarter millions to its popu-
lation since the commencement of this cen-
tury? Yet this has been done by the
metropolis of Great Britain, which in
1801 had a population of 958,863, and
in April last, 3,251,200.

Lock-out in the Wanzler Sewing Ma-
chine Factory.
HAMILTON, May 8.
The employees of the Wanzler Sewing
Machine Co. were served with the follow-
ing notice, this afternoon about five
o'clock:—There will be no employment
required in this factory after this date,
until further notice. (Signed B. M. Wan-
zler & Co.) Upon the receipt of which,
the men immediately turned out. From
what we can learn, it appears that at a
meeting of the nine hours' league held
last evening, the employees of the Wanzler
Co. were represented, and that a resolu-
tion was passed to the effect that the
Wanzler Co. should be memorialized to-
day at two o'clock, and that should they
refuse to accede to the nine hours' move,
the shop would immediately strike. The
firm having been informed of this, con-
cluded to shut down for the present.
There were between three and four hun-
dred hands employed. The men after
turning out formed into procession, and
marched to the other sewing machine
factories, after which they went quietly
home.

A special meeting of the stockholders in
the T. G. & B. R. Company for the purpose
of authorizing the Board of Directors to
issue further bonds to the amount of
\$214,000, was held in the offices of the
Company on Wednesday. A motion to
that effect was carried.

Every column of a newspaper contains
from ten to twenty thousand distinct
pieces of type. The displacement of a
single one makes an error. Is it strange
that errors occur?

THIS MORNING'S DESPATCHES

DEMOCRATIC CONVENTION.

DISASTROUS FLOOD IN INDIA.
Reported Loss of Life Contradicted.
New York, May 8.—The Democrat Na-
tional Executive Committee have decided
that the Democratic National Convention
shall be held in Baltimore on the 9th of
July next.

Chicago, May 8.—The adjourned meet-
ing of the Democratic State Central Con-
vention commenced this forenoon. It
was very brief. The general tone of
opinion, as expressed in the conversational
interchange of views, appeared to be in
favour of the endorsement of the Cincin-
nati ticket by the Democratic National
Convention, against any ticket likely to
be nominated at Philadelphia.

London, May 8.—A telegram from
Bombay brings intelligence of a most dis-
astrous flood in the Southern part of British
India. The town of Vellore, in the Presi-
dency of Madras, has suffered terribly,
and many of the inhabitants have been
drowned. The number of lives lost is
given at one thousand. Fifteen thousand
inhabitants of the town have lost every-
thing they possessed, the water having
washed away their houses and left them
in a perfectly destitute condition.

The despatch of yesterday, stating that
there had been a flood in Melbourne,
whereby 400 persons were drowned, is an
error; it undoubtedly referred to the
above mentioned disaster.

The London papers generally in their
articles upon the American Presidential
question, assert that the re-election of
President Grant is doubtful, if he persist
in keeping the claims for indirect damages
before the Geneva Tribunal of Arbitration
for adjudication.

GREAT FIRE IN INGERSOLL.

FURTHER PARTICULARS.
From the Hamilton "Times."
The estimated loss from the fire on
Tuesday is \$260,000. Nearly all the finest
stores in the town have been burned. Said
to relate, two human beings lost their lives
in the fire.

The town presents a strange appear-
ance, goods of all kinds being scattered in
various directions. Many families had
without homes, wandering about amid the
clouds of smoke. This is Ingersoll's
"Chicago." Still the merchants of the
town generally have plenty of vitality and
energy left, for many of the losers are
already preparing plans for rebuilding.

The fire originated in an old frame
house on the corner of Thames and
London streets, and swept with great speed
in both ways, burning everything in its
way to Holcroft's grocery; and in spite of
every exertion the intense heat ignited the
verandahs of the stores opposite,
burning some ten stores on the east side
of Thames street. But for the arrival of
the London firemen, with their engines,
and the fact that a large slate roofed
building, owned by J. McDonald, saved
the flames, at least a dozen more build-
ings would have been added to the list of
destroyed. The people worked valiantly
in rescuing the goods from the devouring
flames, but in many cases after placing
valuable in positions supposed to be safe,
they were ultimately destroyed; thousands
of dollars worth was destroyed in this
way; in fact the goods saved amount to
very little, as the progress of the flames
was so rapid that a unit of goods had
scarcely been placed in the safe, when the
building, but in many cases after placing
valuable in positions supposed to be safe,
they were ultimately destroyed; thousands
of dollars worth was destroyed in this
way; in fact the goods saved amount to
very little, as the progress of the flames
was so rapid that a unit of goods had
scarcely been placed in the safe, when the
building, but in many cases after placing
valuable in positions supposed to be safe,
they were ultimately destroyed; thousands
of dollars worth was destroyed in this
way; in fact the goods saved amount to
very little, as the progress of the flames
was so rapid that a unit of goods had
scarcely been placed in the safe, when the
building, but in many cases after placing
valuable in positions supposed to be safe,
they were ultimately destroyed; thousands
of dollars worth was destroyed in this
way; in fact the goods saved amount to
very little, as the progress of the flames
was so rapid that a unit of goods had
scarcely been placed in the safe, when the
building, but in many cases after placing
valuable in positions supposed to be safe,
