FOR MEN ONLY

CIGARS—Our judgment in selecting cigars, the price we pay for them, combined with the reliability of the mfgs with whom we deal has made our cigar trade what it is. We have some of the best 5c cigars made—the "Landon" certainly cannot be beaten for 5c. That is an assured fact. "Landons," however, do not please all of our customers. Some want a milder smoke, like the "White Drug Store Special." For a mild 5c smoke this special is simply unequalled. Sounds like boasting, doesn't it—it's not—it's plain facts in print.

But tastes differ greatly, even these two do not please all. Some of our most particular customers buy the "Doctor's Special," others the "Long Fellow," others "Original," etc. They are all good—you cannot get a poor cigar out of our case. Try any one of them next time you want a good smoke.

Dr. Rijnhart, the returned missionary from Thibet, is honoring the E. L. union of Malahide circuit with an address. The service will be held at Danboyne on Wednesday evening, Aug. 8th. About 200 persons from all parts of the country gathered at the home of Mr. Isaac B. Haney, Glenora, on Monday last, in honor of his 60th birthday, and it is needless to say they had a good time. Each one brought a basket, and cables were spread under the trees on the lawn. Many an acquaintance was renewed, and many old friends enjoyed each others company during the day and evening. They did not all disperse until about 11 o'clock, and all will wish Isaac many more years of happy useful life.

Toronto's All-Canada Exhibition.

"Educational and Entertaining, Aggressive and Progressive," are the very appropriate watch-words adopted by the Toronto Industrial Exhibition this year, which will be held from August 27th to September 8th. This is the twenty-second successive year of Canada's great Exposition at Toronto, and each year has not only seen an improvement in the arrangements as compared with the years that have gone, but the quality of the stock is very far ahead of what it was at the beginning, thus proving the inestimable value of Fairs such as that held annually at Toronto. It is an old story to say that the exhibition immediately approaching will be superior to all predecessors, but it can safely be said that arrangements have been made, and negotiations are pending, that warrant the statement that the Toronto Fair of 1900 will fully maintain the reputation it has gained of being the best of all that are annually held. A good deal of the space has already been taken up, and a number of entries have already been made, but there are so many divisions comprised in the prize list, with its 131 classes and \$35,000 in premiums, that there is ample provision for all; and, talking of those divisions, it is interesting to note that there are no fewer than 55 in class 128, knitting, shirts, quilts, cloths, etc.; 354 in class 54, poultry; and an average of 16 or 17 in each of two dozen classes devoted to horses and cattle. This will give some idea not only of the scope of Toronto's Great Exposition, but also of the opportunities offered to secure a prize. It is a little early to refer to what is promised in the way of entertainment, but when it is stated that \$30,000 is spent annually on this department, visitors have ample guarantee that they will be abundantly provided for, and the admission to the Toronto Exhibition with its myriads of attractions is only 25c. Entries close on Aug. 4th, and prize lists may be had by addressing H. J. Hill, Manager Industrial Exhibition, Toronto. As last year, so this, the exhibition will be inaugurated on Tuesday evening, August 28th, with a brilliant Military Tattoo. Reduced rates will be given and excursions held on all lines of travel.
