British Charge and Carry the Boer Position at Elandslaagte Capturing Equipment, Horses and Wagons.

Glencoe Victory Won at Great Cost to British Officers—Loss From Ranks Less Than at First Reported—General Symons Slightly Improved.

Burgers Discouraged by Series of Reverses—Mafeking So Stoutly Contested That Dead Not Secured—The Basutos Excited.

By Associated Press.

London, Oct. 22.—At 2 o'clock this morning the war office posted this to Gen. Sir Archibald Hunter:

"LadySmith, Oct. 21.—8.45 p.m.—Gen. White rode towards Elandslaagte at 2.30 p.m. The force under French left here at 4 a.m. by road and rail to Modder Bridge. By 2 p.m. it has been gradually strengthened to the following total: Fifth Lancers, a squadron of the Fifth Dragoon Guards, two field batteries, the Natal Field Battery, the Devonshire Regiment, half the Manchester Regiment, half the Gordon Highlanders, the Imperial Light Horse and two squadrons of Naval Volunteers.

"I remain here in defense of LadySmith with the Gloucestershire regiment, half the Manchester, half the Gordon Highlanders, a mountain battery and 500 of Natal Volunteers.

"I learn by telephone from an armored train a mile this side of Elandslaagte, that at 5 p.m., the enemy's three guns were silenced and that our infantry were about to charge.

"The enemy this morning was estimated at 3,000 and another 1,000 is expected to arrive in the afternoon.

"General White's intention was to reopen the railway to Dundee and return here with his troops to-night.

"At 7.45 a report was received by telephone saying we had carried the enemy's position, capturing their camp equipment, horses and wagons. The cavalry are in pursuit.

"The operators on the instruments say we have some wounded, but have no details yet. I expect General White will be late, so I will wire for him."

### THE SLAIN AT GLENCOE.

Officers' Lives Sacrificed by Gallantry—Further Details of Soldiers' Brilliant Fighting.

London, Oct. 21.—The war office has issued a list of casualties in the battle between Glencoe and Dundee yesterday, received in a despatch from the general commanding in Natal, Sir Geo. Stewart White, dated LadySmith, Oct. 21, 4.20 a.m.

**Dead.**

Col. John Scheister, deputy staff officer and brigade major.

Second Lieut. A. H. M. Hill, 1st Batt. Royal Irish Fusiliers.

Capt. G. A. Weldon, Royal Dublin Fusiliers.

Lieut. C. O. E. Gene, Royal Dublin Fusiliers.

Lieut. Col. R. H. Gunning, King's Royal Rifles.

Capt. H. K. Pechell, King's Royal Rifles.

Lieut. J. Taylor, King's Royal Rifles.

Lieut. R. C. Barnet, King's Royal Rifles.

Lieut. N. J. Hambrook, King's Royal Rifles.

**Wounded.**

Divisional staff: Gen. Symons, mortally wounded in the stomach; Col. E. Brooke, assistant adjutant-general, seriously wounded in the right shoulder; Major Frederick Hamersley, deputy adjutant-general, seriously wounded in the leg.

Eighteen other officers were wounded. Thirty-one captains and five lieutenants and men were killed and 151 wounded.

The list of officers killed and wounded strikingly shows that the British army silencing the Boer guns and the infantry then simply charging right over the hill. According to the latest advices, however, the Boer guns lasted eight hours, and nearly seven hours elapsed before the last Boer gun was put out of action.

The Irish Fusiliers and the King's Rifles, meanwhile, had advanced to the assault and were shooting their way up the hill, driving the Boer guns to the shelter, until the final rush of the British carried them to the summit. It was a brilliant, clear morning, and the operations to be followed by the staff officers without difficulty.

A curious fact was that at times a hill occurred in the firing on the British side, the British infantry apparently taking a breathing space in the stiff climb, and the Boers also halting back their fire.

The magnificent practice of the British was of immense use, and the success of the assault was greatly due thereto. An enormous quantity of ammunition was expended.

When the British bayonets showed on top of the kopje the Boers retreated, and when on descending the other side, they found a British battery and the British cavalry outflanking them, the retreat became a rout. The British guns followed the assault time to time, the shells among the firing line. The latter did not wait to try conclusions with the Hussars

Canadian Companies Must Be On Way to Quebec by Wednesday Next.

Four Special Staff Officers and Three Pressmen Going With Contingent.

Division of Dominion Troops Still the Prospect—Sardinian's Port Unknown.

From Our Own Correspondent.

Ottawa, Oct. 21.—Orders have gone out to most of the companies of the Canadian contingent for South Africa to leave their headquarters for Quebec on Wednesday next, so that they will arrive there on Thursday or Friday, but it may be some days later before the Western contingent reaches the Ancient Capital. It is not likely that the Sardinian will get away before Saturday, the 4th of November. The Governor-General and staff and possibly some of the ministers will go to Quebec to say good-bye to the Canadian boys. Mr. Tarte is not likely to be there.

Application has been made to the home government for permission to send four special staff officers to South Africa and the authorities of the militia department are acting upon the assumption that it will be granted, as provision is being made for the accommodation of these officers on the Sardinian. It looks this morning as if this action would have the effect of shutting out the newspaper correspondents, as word went forth that no correspondents would be accommodated on board the troopship. Later, however, Dr. Borden had a conversation with the telephone with Mr. H. A. Allan, who stated that he would be glad to furnish accommodation for representatives of the press who had applied, viz., the Mail and Empire, Globe and Star.

No nurses are to go with the Sardinian, but it is understood that the services of a number of nurses who have volunteered will be utilized. They will go to Capetown either from New York or by way of England.

It is definitely settled that no chaplains will be appointed. Col. Otter or the captain of the Sardinian will be able to attend to the spiritual requirements of the men on board ship.

Report is current to-night that the Sardinian will sail under sealed orders, and that it is true no one will know until the vessel is well out to sea whether she is to go to Capetown, Port Elizabeth or Durban.

The department is still working on the unit idea, but should it be definitely settled before the departure of the vessel that the regiment is to remain intact, then it will be necessary to appoint two or three officers to command the units.

A telegram has been received at the militia department from Col. Otter urging that the medical qualifications be raised to a higher standard than that required by the department cannot be met.

Major Symons will proclaim Wednesday afternoon a civic holiday and the boys will be given a grand send-off.

**TORONTO GIVEN TO VOLUNTEERS.**

Grant Out of Municipal Funds—Each Officer Gets Revolver and Field Glass.

Toronto, Oct. 21.—(Special)—The examination of recruits from here proceeded all day, great enthusiasm being displayed. The way volunteers are offering and the various pulling of wires to get the war shows that Ontario could easily raise twenty times the number of men required.

The war office has issued the following: "The Queen has been pleased to approve of the formation of Colonel Symons, commanding the Fourth Division of the Natal Field Force, to be Major-General Sir Buller's command for distinguished service in the field."

Vienna, Oct. 21.—The victory won at Glencoe Camp was a vast surprise to a number of critics of the British army, who asserted that while General Symons might slaughter badly armed barbarians, he was no match for a civilized enemy. The importance of the victory is fully recognized as exerting a decisive influence on the whole campaign.

Montreal, Oct. 21.—Colonel Yale, who commanded the troops at Glencoe Camp, is a Canadian, and a native of Chamby Quebec.

Want Permission to War Upon Their Neighbors of the Free State.

London, Oct. 21.—The permanent chief of the Basutos, according to a despatch from Capetown, has asked permission to assemble the other Basuto chiefs with a view of inviting them to pledge loyalty to the Queen.

This is supposed to be a forerunner of a Basuto movement, and the Orange Free Stateburgers near the Basuto border are said to be in a state of consternation fearing that at any moment the Basutos, despite Imperial instructions to the contrary, will take the field and invade the Free State.

**TRAFALGAR DAY.**

London, Oct. 21.—To-day being the anniversary of the battle of Trafalgar, Lord Nelson's column in Trafalgar Square was richly garlanded while the Victoria, being Portsmouth, for the first time since the battle flew Nelson's famous signal, "England expects that every man will do his duty."

### Rhodesia Yet All Right.

Though Turbulent Boers There Promise to Make the British Sit Up.

Victory at Glencoe Moves Vienna to Pay Tribute to the British Soldier.

By Associated Press.

London, Oct. 21.—The first news for a long time from Rhodesia comes in a telegram from Tuli, dated October 16. The despatch says: "Major Polson from Rhodes Drift, with fifty Boers, passed Pond Drift this morning shouting that they would make the British sit up. Another body of Boers has crossed the river at Bain's Drift, and is marching on Maficutshe, where the postmaster declares that he thinks he will hold the Boers at bay. The garrison is throwing up entrenchments."

This shows that the Boers have thus far achieved nothing in the direction of Rhodesia.

**THE COST OF VICTORY.**

Sad Scenes on Posting of Glencoe Death Roll—Gen. Symons' Condition—Other Nations Impressed.

London, Oct. 21.—The war office is still besieged late to-night by anxious inquirers but the officials have no further news from Glencoe. Some anxiety is beginning to be felt regarding the 18th Hussars, whose return from their pursuit of the Boers has not yet been official in their districts.

Lady Symons had word this afternoon that her husband was slightly better. A late edition of the Pall Mall Gazette regarding the death of General Symons, but this report has not been confirmed, and to a gentleman who on behalf of the Sardinian was inquired at a late hour regarding the Pall Mall Gazette's announcement, a responsible official of the staff stated that no fresh advices had been received since the despatch stating that General Symons' condition was slightly improved.

The list of British losses at Glencoe was posted late this afternoon, and in an incredibly short time the lobby of the parliament was crowded to its utmost capacity. Many a fervent "Thank God" was uttered by those who turned away without finding in the list of names one they dreaded to see, and occasionally a deep sob would escape from some strong man, but otherwise the silence of the impressive scene was unbroken.

The war office has issued the following: "The Queen has been pleased to approve of the promotion of Colonel Symons, commanding the Fourth Division of the Natal Field Force, to be Major-General Sir Buller's command for distinguished service in the field."

Paris, Oct. 21.—The Memorial Diplomatique and the Courier du Soir learn from different sources that immediately after the first fighting in South Africa the great powers will interfere under the terms of The Hague convention.

"Yes," he was replied, "do. Of course we do so, whereupon the house by a vote of 319 to 26 resolved to suspend him, and he left the house, remarking: 'You had better bring up another army corps, unless you want it somewhere else.'"

The house then adjourned.

### SAMOA YET TROUBLED.

Provisional Government in Trying Position and Three Powers Again Appealed to.

San Francisco, Oct. 20.—The steamer Moana arrived to-day from Australian ports via Apla. The correspondent of the Associated Press says under date of October 6:

"The aspect of affairs in Samoa is indeed far from reassuring. There is trouble brewing and it will come soon if the three powers do not come to the aid of the government and the distracted officials."

"The three consuls who were left here as a provisional government by the commissioners, are finding their position by no means a bed of roses. It is a matter of report that the feeling between the members of the provisional government is strained."

**THE VOLUNTEERS INSURED.**

One Thousand Dollars For Dependents in Case of Death or Maiming.

Montreal, Oct. 23.—(Special)—Sir Charles Tupper has concluded arrangements with an accident insurance company to insure to the limit of \$1,000,000 on the men of all ranks in the Canadian contingent going to Africa. One thousand dollars is to be paid on proof of death while engaged with the enemy in Africa, or death within 30 days of engagement, or for loss of both feet, or both hands or both eyes. In case of the loss of one hand or one foot or one eye, \$500 will be paid.

Three trains have been despatched from Klerksdorp to fetch the wounded from Mafeking. It is estimated that there are 700 killed and wounded, and it is stated at Pretoria that the British casualties are only 18."

One of Columbia Incarcerated Severely Sentenced—Perjury in Witness Box.

Kamloops, Oct. 21.—(Special)—The trial of Charles Mullen, charged with complicity in the burning down of the Columbia hotel, Columbia, closed this evening, the jury finding a verdict of "not guilty."

Such evidence as was adduced showed conclusively that witnesses upon whom the crown rested its principal evidence against Mullen were perjurers most unblushing in character. Robt. Cameron, who had been convicted on a similar charge to that preferred against Mullen, admitted in the witness box that he had perjured on more than one occasion during the trial of the principal defendant, and that he had done so at any time to get out of trouble. Cameron was sentenced to six years' penal servitude.

### Boers Shell Glencoe

Joubert's Forces Making Determined Assault on British Entrenched Position.

Dundee Also Under Fire—British Cavalry Engaged While Pursuing.

Investment of Kimberley Continues—No General Move on Bechuanaaland.

By Associated Press.

Glencoe Camp, Oct. 22.—Heavy firing is now in progress north and west of this camp.

London, Oct. 22.—According to a special despatch from Glencoe Camp the British cavalry, while pursuing the defeated Boers, were engaged by a strolling force of the enemy on the main north road. Firing is now in progress.

Capetown, Oct. 22.—It is reported here from Glencoe that the Boer forces under Commandant General Joubert have attacked or are about to attack the British entrenched position at Glencoe.

3 p.m.—It is now known that Glencoe was attacked yesterday by the Boer main northern column. Our forces are entrenched in a good position. The situation there is not truly closed up.

10 p.m.—A despatch has just arrived announcing that the Boers are shelling Dundee as well as Glencoe, at long range, but that their fire is ineffective.

**AT MAKING.**

Capetown, Oct. 22.—A message received from Col. Baden-Powell at Mafeking, dated October 21, says three Boers were killed and a large number wounded in the encounter with his forces.

It is reported that the British at Mafeking fired from the grand stand on the race track upon Boer patrols who were guarding the waterworks. The burghers replied, but the patrols evacuated.

**WHOLE FORCE OUT.**

London, Oct. 22.—Latest despatches received to-day do not indicate any general incursion of Boers as yet into Bechuanaaland. Acting Sergeant-General says seems to be quiet. From Okeburg, Cape Colony, it is reported that all available burghers of the Orange Free State have been sent north and west.

**KIMBERLEY'S INVESTMENT.**

Kimberley, Oct. 20.—(By despatch from Orange river)—This is the sixth day of Kimberley's investment by the enemy. An armored train went out yesterday and found the Boers still in the vicinity of the Orange Free State. Their position is believed to be as follows:

Two detachments of the Orange Free State are reported to be in the vicinity of the Orange river. The Boers are reported to be in the vicinity of the Orange river. The Boers are reported to be in the vicinity of the Orange river.

Assistant Commissioner Scott shot himself at Seluc, broke broken at his feet, and is reported to be in the vicinity of the Orange river. The Boers are reported to be in the vicinity of the Orange river.

Two Englishmen who had been imprisoned by the Boers escaped last evening and have just arrived here.

**VALOR OF ENGLAND'S POES.**

Acknowledgment in the Commons Irish for a Time the Contentious Irish Members.

New York, Oct. 22.—The London correspondent of the World says: "One of the most impressive scenes ever enacted in the House of Commons was witnessed there Friday night. The Irish members, with Dillon and Davitt in the forefront, were offering the staunchest resistance at every step to the government's war policy. Their open avowal of sympathy with the Boers and their reiterated charges that the war had been deliberately provoked, had aroused the fiercest resentment and hostility among the ministerialists, and the proceeding threatened to terminate in some violent outbreak of passion.

Both sides were getting rapidly beyond control when Col. Kenion Slaney, a Tory member with a record of conspicuous bravery on the field of battle, rose in a few brief, simple words, spoken with profound emotion, prayed for a truce to contention for that night out of respect to the dead and dying Englishmen, Irishmen and Scotsmen on the battlefield, as well as their gallant foes.

The effect was instantaneous. The clamor was stilled and Mr. Dillon, acknowledging the manly spirit of Col. Slaney's speech, which recalled the valor of England's foes, appealed to the Irish members to fall in with the suggestion.

"Then Arthur Balfour acknowledged the generous attitude of the Irishmen and read a touching telegram announcing that General Symons, to whose patriotism the British success was due, was mortally wounded. The whole mood of the war was then voted, and without discussion the house adjourned."

**TIRING OF PAUPERS.**

Ottawa, Oct. 20.—The interior department proposes to try to check pauper immigration by withholding from steamship companies all bona fide immigrants who do not possess \$100 each.
