The Presbyterians of New Maryland are to hold a rainbow social at the School House, Charters Settlement, next Monday evening, to raise funds for the completion of their new church.

Mr. Henry Braithwaite reports seven feet of snow in the woods on Taxis and Little South-West Miramichi. He says that the lumber cut in that locality will fall one-third below that of last year.

It is said to be the intention of the Local Government in case a sudden freshet menaces the bridge to break up the ice with dynamite, at the short ferry and between Fredericton and the Douglas booms.

☞ Those who contemplate building operations this spring, can find all materials necessary for every style of building at J. C. Risteen & Co's Sash and Door Factory, at the West End.

The Shaw tanneries in Maine and New Brunswick are still being conducted under trustee. Six of those in Maine are running at full blast, and a new one has been built. The six tanneries make 15 tons of leather per day.

The horsemen of the Fire Department of this city, have adopted a uniform similar to that worn by the New York Fire Department, and will be uniformed in time take part in the Jubilee celebration in honor of our beloved Queen.

Dennis Crowley living at Morrison's Mills, yesterday, while temporarily insane attempted to hang himself with a bed-cord. Life was nearly extinct when he was discovered, and restored by Dr. Currie. He has been sent to the Asylum.

Question by "abstainer ?"—"How many people in Fredericton signed the pledge at the time of the Mackenzie Reform movement in 1877-78." A.—Between 1,200 and 1,300. The publication of the list would now be interesting reading.

The new iron bridge over the St. Croix, at Vanceboro, has been tested by Bridge Inspector Currie. Three heavy locomotives were placed upon the bridge, and afterwards driven across it at high speed; in each case the deflection was only about three-fourths of an inch.

☞ Ladies and gentlemen wishing to purchase boots and shoes, would find it to their advantage to give Nelson Campbell a call. He has one of the largest and best assorted stock of spring and summer goods ever imported to this city.

Mr. L. P. Laforest who has succeeded to his father's tinsmithing business, is a young man who deserves every encouragement from the public. He is an excellent workman, and will do what he undertakes promptly and efficiently. Read his double column advertisement.

How now about the prophetic redman who said last fall that the furbearing animals had no winter wordrobe, that cornhusks were thin and muskrats holes dug shallow, and that we were going to have a fine, warm, open season? Verily, the stately sagamore is decidedly N. G.

The workmen who are covering the Methodist church with a network of staging, have reached the top of the spire. They report that the accommodation train from the South with consignment of spring weather for this point, is off the track somewhere between New Orleans and Oromocto.

The annual meeting of the society for the Prevention of Cruelty to Animals, was held on Wednesday last. The annual report submitted by Sec'y. Sampson, showed that much had been accomplish in the direction of taking care of overloaded and ill-treated horses, and also diseased and badly treated stock of all varieties.

Attention is directed to the advertisement of the York Woollen Mills where 50,000 lbs. of wool is wanted. Tweeds, homespuns, blankets, shirtings, flannels, and dress goods will be exchanged for wool, and highest prices paid for that article. The mills are in charge of Mr. Fred A. Jones who is working up a splendid business.

Mr. D. A. Starr, of the Royal Electric Lighting Co., is at the Queen. He wants to light Fredericton, and will probably submit a proposition to the City Council. Halifax, Truro and Charlottetown, are lighted by Mr. Starr's company, and in these places the citizens experience the greatest satisfaction from the manner in which the service is performed.

In Douglas and Bright, the result of the Easter Monday elections, were as follows: A. Tyler Burt, William Clements, Church Wardens; Delegates to Synod, A. Tyler Burtt and Oscar E. Morehouse—Substitutes, William Clements and Adonijah Morehouse. Delegates to the Diocesad Church Society, John McKean and Henry Burtt—Substitutes, Elisha Morehouse and David Burtt.

Treasurer Brown of the St. John Printers Union, is a defaulter to the extent of $110. Late Street Supt. Lawlor is discovered to have been in the habit of receiving $10 a month from street contractors. In the past five years St. John has produced about a dozen civic and trust fund defaulters. What a glorious haul St. John would make, if it only had the seat of Government!

Mr. Robert Connors the well-known lumberman, of St. Francis, is in town today. He states that his lumber cut this year, is about 5,000.000 feet, scarcely more than half of his last years' operation. Mr. W. F. Fowler, of Grand Falls, cut 3,000,000 feet this winter. Mr. Connors says that the total quantity of lumber to be driven down from the Upper St. John this spring, is about 75,000,000 feet, this including a considerable amount hung up last season.

The men employed in repairing the Methodist church have reached the dizziest height of the spire. When onlookers shuddered for the safety of the men this morning, Mr. William Lemont assured them that he had climbed to four times the height at Strasburg.

"Spring, spring, gentle spring,
Discordant very is the air you sing."

These are the opening lines of our spring poet's contribution to-day. The other stanzas are in the waste basket, and the poet—well he was thrust through the trap door over which the "devil" is mounted guard.

Mr. W. G. Dykeman of Queensbury, is doing a thriving business in maple sugar. Last year he harvested 1700 lbs. of sugar. This season, up to date, he has made 1500 lbs.—the product of 1100 trees. The sugar he sells at 12 cents a pound, and honey at $3 per doz. bottles. About 14 quarts of sap make a pound of sugar. Mr. Byron McNally has made nearly as much sugar as Mr. Dykeman, and Mr. John Murch is also operating extensively. At the upper end of the parish the Parent's and Synnot's are actively engaged in the sugar line. The season has been rather too cold for the sap to run freely.

The examination of Miss Emma Whitlock, Christian Scientist, on a charge preferred by the N. B. Medical Society, of practising physics and surgery without being duly registered, has been in progress the past week. Mr. Vanwart represented the doctors and Mr. Beckwith the defendant. Public sympathy was with the accused, and a large number of ladies were present during the trial. Miss Whitlock's defence was that she used no medicines or drugs, and that it was entirely through the intervention of God in answer to prayer that cures were effected; that she asked no pay from her patients, accepting what was given as a thank-offering to God. The Counsel concluded their arguments yesterday afternoon. Judgment will be given by the P. M., on Friday.

One of the witnesses in the suit of the Medical Society of Hogs, at Fredericton, against Miss Whitlock, the Christian Scientist, for practising the healing art without license, swears that the only treatment received was a kiss, and the only payment made was a pair of hose. The kiss effected a perfect cure. Another witness, who had been treated by prayer, was not healed. The lady ought to take a hint from this and confine her treatment to kissing, more especially with young and good-looking patients. She would be sure of having half the members of the Legislature calling upon her for treatment, and invalids' excursion trains would soon be run into Fredericton from all points.—Bachelor Stewart, in the Chatham *World*.

McLELLAN & BLAIR ASSIGN.

A Report that the Assets will Balance the Liabilities.

ST. JOHN, April 15.—Yesterday afternoon the announcement was authoratively, yet privately made, that A. Q. Blair, private banker, doing business under the style of McLellan & Blair, had assigned. It will be remembered that before the Maritime Bank failed, Thomas McLellan was head of the private banking firm and also president of the bank. There was great confidence in both institutions, as there was in the men at the head of them. Mr. Blair who is a young and smart business man, had a large amount of stock in the Maritime Bank, as also had the bank president, his partner. The morning of the failure of the bank saw the dissolution of MacLellan & Blair announced in the papers, but that did not stop an immense run on the private bank by depositors, and three hours later the management refused to pay checks, claiming their thirty days privilege. Since that time Mr. Blair has made several overtures, it is stated, to depositors, saying he would pay them all if they would wait one year. On that condition other banks offered to help the private institution out, but it appears that no arrangement could be made. Hon. Senator Boyd, Thomas H. McMillan and Andrew Blair are trustees. Mr. Blair states that no business concern will be seriously affected by his assignment. There are no note holders, and no stock holders, and it is said that the assets will about offset the liabilities. The deposits amounted, it is stated, to over $300,000.

MADAWASKA LOCAL ELECTION.

The Grounds upon which Therisult was awarded the Seat.

(From the Woodstock Press.)

A bye election for the local member took place on the 6th April. By returns from all the parishes, Mr. Nadeau had a majority of seven votes over Mr. Theriault, his opponent. On the 9th, (Declaration Day) on the opening of the ballot boxes, Mr. Theriault objected to the returns from St. Francis being received on account of the electors list being illegal. The Sheriff, acting on Mr. Theriault's objections, rejected St. Francis returns, and declared Mr. Theriault elected. The facts of the case are the following:—When Mr. Nadeau or his friends asked to see the list of electors for St. Francis which was to be voted on, they were shown a copy of the Revised List made up in 1885. The Sheriff and Secretary of the County both stated that the Revisors for St Francis had sent in no list for 1886. Mr. Nadeau saw the Revisors, and they positively stated they had mailed a Revised List for 1886 to Mr. Balloch, and gave Mr. Nadeau a certified copy of the same. Mr. Nadeau, or his agent, gave the Sheriff the certified copy, and requested him to give it to his returning officer to use at the poll election day. After some objection, the Sheriff finally agreed to do so, and gave such list signed by himself, and no other, to his returning officer, and such list was voted on. When the Sheriff was asked why he had sent such list to returning officer, he said he was forced to do so by Mr. Nadeau's friends, and they had agreed to take all risks; that he had since taken advice on the subject, and considered that the list voted on was not the proper list, and would therefore reject the returns from St. Francis. The night of the election, after the ballot boxes had been returned to the Sheriff, the box from St. Francis was stolen out of the Sheriff's house and the thief had got away with it three miles when he was overtaken and the box recovered. A peculiar feature of the case is that the reported thief is the sole witness in the bribery prosecution against Mr. Costigan.

JOHNSTON & Co.,

On the first of May, expect to be in occupancy of the Centre Store of Mr. Inches' building, opposite the City Hall. Mr. Inches is going to extend the length of the store thirty feet, so that the lower flat will be one hundred feet long—quite a large room which we intend to make attractive to all good farmers.

On the second flat, in a room, 40x50, we intend keeping a good stock of Carriages, made by the Gananoque Carriage Co., whose factory is the largest and best appointed in the Dominion of Canada.

You will be able to see there, Buggies, with side springs, and Buggies with end springs. Then there will be some with Timken springs, and some with the horse shoe cross spring, making the very stylish American Brewster, with more comfort in riding that the old Brewster gear gave.

Beside all these, which will be made up with piano-box and corning bodies and can be had with or without tops, we will have some of the nicest Phætons, with two, or three springs, with tops, all leather, or part leather and part rubber. We can give them to you with, or without mud fenders and lamps, just as you think best.

Sewing Machine Men will see in the No. 7 Run-about wagon something just right for their work, and farmers who want to come to market often, in comfort, and carry something in to sell every trip, will be fixed up just right with the half-platform spring wagon, which is built to carry 1,200 pounds.

We may not have the New Lawrence Surrey, with two seats, on hand early in May, but when they do come down you will find in our wareroom the very latest and the very nicest two seated vehicle to be bought for money. We can show you a picture of it at any time and guarantee that the Surrey will please you afterwards.

For Livery and Family Use, the No. 20 Jump Seat is a great institution. When only two people wish to ride only one seat is visible. The second seat is tucked away underneath clear out of sight; but when four want to ride the second seat hops up into place and stands as stiffly as the other one, which has moved back at the same time to make room for all. Just call in after the first of May and see how it works.

All of these Carriages are well made, too, out of the very best materials, and the manufacturers guarantee them for one year. You can learn all about it by coming to see us.

Do not imagine from all this that we have given up the Farm Machinery business, for we have not any such idea in mind. Quite the contrary, we intend to push it, if possible, harder than ever. Contracts have been renewed with all the firms we have had goods from since 1879, and with many new ones.

☞ Come and renew acquaintance with us in our new home after May first.

SINGING,

To a limited number of pupils.

Terms made known on application at residence corner of George and Sunbury streets.

FARMERS,

PRESERVE YOUR

SHINGLE ROOFS,

By Fire Proofing and Painting them with

Black Oil Gloss Roofing Composition.

It is durable, and as a preservative is unequalled, penetrating the wood, and is not all exposed surface of shingles. It is water proof, having a heavy body. This Paint fills well and stops leakage, and shows a rich glossy surface. In casks of 40 to 45 Imperial gallons, ready mixed for use, one cask will allow a heavy coat for 15 to 25 thousand shingles.

Price only $8 per Cask, shipped from Moncton; discount for quantity. Extra long-handled Brushes, price $1.25 each, which admits of the Composition being rapidly applied. Cash or money order should accompany orders.
