Are the friends you buy worth the price?

And some men are sober only when money is tight.

Any way the fool is apt to be generous with his folly.

Jealousy is but another name for ingrown self-esteem.

Conservatism and rheumatism cause a man to make haste slowly.

Probably a rose by any other name would have just as many thorns.

Any man can darn socks, but it takes a clever woman to mend them.

A woman cares not if her clothes are unbecoming, provided they are stylish.

The woman who has occasion to forgive her husband never allows him to forget it.

When a man is in love with a widow it's a sign she knew it long before he made the discovery.

And there are people who never arrive at a conclusion until the undertaker is ready to take their measure.

The young man who tells a girl during leap year that he could listen to her voice all the rest of his days takes desperate chances.

A RECOGNIZED REGULATOR. — To bring the digestive organs into symmetrical working is the aim of physicians when they find a patient suffering from stomachic irregularities, and for this purpose they can prescribe nothing better than Parmelee's Vegetable Pills, which will be found a pleasant medicine of surprising virtue in bringing the refractory organs into subjection and restoring them to normal action, in which condition only can they perform their duties properly.

A little boy said to his mother the other day: "Ma, am I a descendant of a monkey?" "I don't know," replied the mother. "I never knew any of your father's folks." The father, who was listening, went out in the coal shed and kicked the cat through the roof.

As a matter of fact, most of our troubles amount to very little.

The fellow who gets the reputation as being a ladies' man is seldom anything else.

**HOW OLD PEOPLE**

**May Prolong Their Lives**

At an advanced age waste is more rapid than repair. The organs act more slowly and less effectually than in youth. The circulation is poor, the blood thin and watery, the appetite poor and digestion weak.

We want to say to every aged person in this vicinity that Vinol, our delicious cod liver and iron tonic (without oil) will prolong life. It creates an appetite, aids digestion and makes good blood. In this natural manner Vinol retards waste and replaces weakness with strength, giving new life to the worn system.

If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

**How Disease May Be Communicated.**

A recent outbreak of diphtheria in the west was attributed by the medical authorities to the bad habit school children have of moistening their pencils with the tongue to make them write more smoothly and legibly. The pencils in themselves were found to be harmless when clean and new. But in many of the rural school districts pencils, pens, copybooks and slates are distributed to the children during lessons and collected again when school is dismissed for the day. Consequently no child is sure of getting the same pencil twice in two days.

Johnny Brown gets a nice new pencil to-day and moistens it frequently in his mouth during the writing lesson because he finds it writes easier when the "lead" is wet. To-morrow Mary Hodkins gets that same pencil. She, too, moistens the lead in her mouth to make it write better. And that is how the dread disease is communicated from one child to another.

**Cruelty to Animals in France.**

A society for the prevention of cruelty to animals has been organized in Paris, where no legislation on that subject has been passed since 1860. So long as the beast was not the property of the offender acts of cruelty against dumb animals could not be punished. According to recently published accounts, a man who had purchased a dog and another who had been discharged from service and had taken revenge by tearing his former master's horses' eyes out were discharged by magistrates because the brutal men were not the owners of the tortured animals. The act under which the new society was organized provides that any person shall be punished who maltreats a dumb animal.

**A Round of Gaiety.**

On the occasion of the visit of a traveling circus to a small town the juveniles of the neighborhood were in a whirl of excitement. The young son of a notoriously close-fisted farmer eagerly importuned his father for 25 cents with which to "see the circus." "What?" exclaimed the old man. "Twenty-five cents to see the circus, and here only last month I let you go up to Farmer Jones' field to see the eclipse of the moon! Young man, do you want your life to be one perpetual round of gaiety?"

**Find the Beadle!**

Minister—"Aye, Aiee, I've nae doot after yer long experience ye cood occupy the poopit for an afternunc yer-sef, should there be need." Beadle—"Aye, sir, there'd be nae difficulty aboot that; but where in the whole parish wad ye find onybody able to undertake the duties o' beadle?"

**Six In One Room.**

In London 900,000 persons are living more than two in a room and 26,000 persons are living six or more in a single room.

Much distress and sickness in children is caused by worms. Mother Graves' Worm Exterminator gives relief by removing the cause. Give it a trial and be convinced.

**Doctors Condemn Oily Liniments**

**The Public are Warned to Be Careful of These Strong-Smelling Oily Liniments Containing Harmful Acids, Ammonia, Etc.**

Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best kind. Doctors say not—and they know.

Recently a number of these white, oily liniments were analyzed, and they were found to contain an enormous high percentage of harmful acids, and such irritating chemicals as ammonia, etc. For the moment they may cause a warm sensation when first applied, but their continued use never cures rheumatism, and only deteriorates the skin, sets up inflammation and causes endless trouble.

When a doctor warns you to quit using a white, oily liniment—do so. He knows that a thick liniment can't penetrate, can't sink through the pores and reach the seat of the pain.

When asked his opinion a few days ago, Dr. Roberts stated that he considered a strong, penetrating, pain-subduing liniment such as "Nerviline," to be superior to any of the white, ammonia liniments. In his twenty-five years of practice he had witnessed cases of rheumatism, sciatica, and lumbago that simply would not respond to ordinary treatment—but "Nerviline" cured them. The same physician also spoke of the great advantages of keeping a preparation like "Nerviline" in the house always, because of cramps, diarrhoea, stomach disorders, earache, toothache, headache, and such minor ailments. "Nerviline" is a first-class cure. There is scarcely an ache or a pain, internal or external, that "Nerviline" won't cure. In thousands of homes no other pain-relieving medicine is used. Fifty years' continued success and the endorsement of the profession are proof that "Nerviline" is the liniment for the home.

**CORNS CURED IN 24 HOURS**

You can painlessly remove any corn, either hard, soft, or bleeding, by applying Putnam's Corn Extractor. It never burns, leaves no scar, contains no acids; is harmless, because composed only of healing gums and balsams. Fifty years in use. Cures guaranteed. Sold by all druggists, 25c bottles. Refuse substitutes.

**PUTNAM'S PAINLESS CORN EXTRACTOR**

Charles S. Sheldon, of Leamington, lost a valuable young horse in a cruel manner. He runs a livery barn, and sent out a driver named Campbell with the horse. The animal lost a shoe and the man continued to drive the horse on the very hard and rough roads until the hoof was all worn off and the foot was bare. The foot then began to bleed and the flow could not be stopped, the animal dying from loss of blood.

**Shiloh's Cure**  
quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

**Don't let repairs eat up your profits**

Whether they represent actual cash outlay, or only the time of yourself and your help, repairs are waste just the same. When you make an improvement—no matter how small its cost may be—let it be permanent. Then it is a real investment, something on which you can realize in cash should you decide to sell your property; and something that will pay you constant dividends in convenience, sightliness and comfort as long as the farm remains your own.

**Concrete Improvements Are Permanent**

They last as long as the very hills themselves. They do not require experts to build them. Their first cost, in most cases, is no more than for inferior materials.

Aren't you interested in the subject of permanent, modern farm improvements?

Then write for the book that describes hundreds of them—

**"WHAT THE FARMER CAN DO WITH CONCRETE"**  
It isn't a Catalogue. Every one of its 160 handsomely illustrated pages is interesting and instructive. They tell how to mix concrete, how to place it, what can be done with it. The book was printed to sell for 50 cents, but we have a copy for you, free.
