MADRAS SCHOOL, SAINT ANDREWS.
We understand, that the following persons,
who have been qualified in the Madras School
of this Town, passed their examination on
Monday last before the board of education of
this County, for licence as teachers, and were
unanimously approved.
Mr. Samuel McCartney, Misses Charlotte
Hannah, Agnes Cavan, Aber Thomson.

St. John, April 29.
There are, we believe, a larger number of
Ships in this port, at present, than has ever
before been seen here in the month of April,
the square rigged vessels amounting to near-
ly sixty, and all actively engaged in unload-
ing or taking in cargoes. Such an unprece-
dented influx of shipping, at one time, so
early in the spring, has given quite a spur
to business, and Deals and Timber are look-
ed up in price. The demand for laborers,
thus occasioned, caused them in the begin-
ning of the week, to ask the exorbitant wa-
ges of six shillings per day, or nine pence,
per hour, but from the number of unemploy-
ed mechanics who would be willing to do the
work required, for the wages offered, which
exceeded what they were earning at their
trade, and the fact of their being but little
inducement for seamen to desert their ves-
sels, (as only one or two new ships are fitting
out,) the laborers, we understand, were com-
pelled to accept the ordinary wages, which
range from three shillings upwards.—*Con-
tinue.*

Important Surgical Operation.—There
are but few deformities more distressing than
that which is commonly called *Club Feet*;
and, we believe, there are few which modern
improvement in Surgery has so completely
succeeded in removing. We were much
gratified at seeing an interesting case of six-
teen years' continuance, which had been re-
cently operated on by Dr. William Bayard,
of this City, and which is now in progress
of recovery. Both feet were originally affect-
ed—the soles and heels turned quite up-
wards—and the young man was compelled
to walk on the upper part of the feet. One
foot only has as yet been operated on, and he
can now walk on the sole of it,—and the
vast improvement which has already been
effected, proves that this most disagreeable,
as well as inconvenient deformity, can by
this operation, be effectually removed.—*16*

New Rates of Postage on Cheap Litera-
ture.—Instructions were received at the New
York post office, on Saturday, from Wash-
ington, to change pamphlet postage on all
the cheap publications of the day, issued as
extras.—For the future, therefore, the pos-
tage on the extras of the *Brother Jonathan*,
and *New World*, will be 21 cents a sheet.
These publications are also to be shut out
from Canada on the first of July next.

YARMOUTH, N. S. April 21.—*Singular
Phenomenon*.—At low water, a little before
dusk, on Tuesday evening, the tide sudden-
ly rushed in, in a few minutes, to the height
of from five to seven feet, and immediately
receded with equal rapidity, dragging some
small craft from their moorings, and leaving
the flags again bare. The whole took place
in about twenty minutes.
At Banker's Island, and the Cove, we un-
derstand the water rose ten feet.—*Herald.*

GREAT FRESHET.—In consequence of the
continued rains during the past week, and
sudden melting of the snow the Seaside River
has risen to an unprecedented height.
The lower Toll Bridge between the two
villages of Mill Town (St. Stephen and Ca-
lais) was carried away on Wednesday last,
and on Friday the Boom on the American
side of the Union Mills gave way, with a tre-
mendous crash; but fortunately for the Mill
owners no further damage was done than the
loss of what few logs might run past the
"weckers." For some days the River was
literally alive with "men women and chil-
dren" busily engaged in securing "drift stuff"
or picking up Logs for the owners. We
have seldom witnessed a more animating
scene than was presented on Friday after-
noon in the "Cove" by the activity and dar-
ing of the persons engaged in securing the
Lumber. During the Evening of Friday the
River continued to rise, and the Toll House,
and one or two other Houses were swept a-
way, and during the Evening of Saturday the
inmate of those Houses which are situated
on the Banks of the River, found it neces-
sary to remove from them. One or two of the
Mills were slightly started. But it is likely
no further damage will occur (unless we have
rain) as the River has fallen since Saturday
upwards of six inches. *Continued.*

Later from Camperchy.—By an arrival at
New Orleans, Camperchy dates to the 3d
inst. have been received.
The Mexicans are still in possession of the
heights. No engagement of any consequence
had taken place since last accounts. The
Mexican fleet had not returned.

Capt. Boylan has been appointed to the
command of the gun-boats. He had heard
that a schooner from New Orleans had been
captured by the Mexican fleet, and sent into
Lerma under charge of an officer and a few
men.
He immediately proceeded there with three
gun-boats and captured her without any loss,
the officer in charge being ashore at the time.
—He also captured a Spanish schooner
from Havana which had anchored near Cam-
perchy.
They are looking out anxiously for Com-
modore Moore at Camperchy.

The cross recently seen on the moon at
Port Evenworth, and in Lincoln county in

Maine, as noticed in this paper is thus hy-
pothetically accounted for by the N. Y. Com-
mercial Advertiser:

We suppose that the cross was nothing
more than a fortuitous arrangement of the
electric fluid, or magnetic fluid, or whatever
it is that forms the aurora borealis. Such
appearances—that is to say, appearances of
bands across the moon's face, and the sun's
also—are not uncommon in high Northern
latitudes. Accounts of several may be found,
if we remember right, in Capt. Perry's nar-
rative of his arctic expedition; and it is our
impression that they were accompanied, or
followed, as in this instance, by parhelia.

JAMAICA.—The Standard of the 25th says:
—A report was promulgated about a day
or two since, that Boyer had rented, the late
residence of a gentleman who has recently left
the Island, and agreed to purchase the plate,
furniture, &c., at a valuation. Upon exami-
nation, however, we are told, that Boyer con-
sidered the establishment far too luxurious
and expensive, to be in accordance with his
republican habits; he merely required a few
beds, chairs and tables, to the value, perhaps
of some 50 or £60, and therefore declined that
expense; it is also understood, that in taking
up his residence in Jamaica, the Ex-Presi-
dent "has an eye" to coming events in Hay-
ti, and it is even asserted he does not entire-
ly despair of being able to return there, and
assume the sceptre.
It is rumoured that Mr. John Mulholland,
has been appointed agent to Ex-President
Boyer.
