DO NOT NEGLECT IT!

CONSUMPTION Can be, and has been cured in thousands of cases by this only and certain remedy. JUDS'S CHEMICAL EXTRACT OF CHERRY AND LUNGWORT. Had no remedy has ever before been discovered that will certainly Cure Consumption.

THE most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, as to have been pronounced by Physicians to be incurable, has been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medicines which are carefully adapted to and essentially necessary for the cure of

COUGHS AND CONSUMPTION. Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this after the prescriptions of the very best medical men, and inventions of kind and sorrowing friends and nurses, are failed to give the smallest relief to the consumptive.

THOUSANDS OF CONSUMPTIVE persons have been cured repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliatives; but this medicine not only palliates but a cure for advanced stages, contains no deleterious drugs, and one trial will give its astonishing efficacy better than any assertions contained in our Circulars, and all diseases of the lungs, such as spitting of blood, Coughs, pain in the side and chest, night sweats, &c.

For this medicine, but the publication of them looks very suspicious. If you wish to be cured, you must find the name of Juds & Co., Proprietors, New York, on the enclosed wrapper around the bottle, and all orders must be addressed to the undersigned proprietor, at this office, Hospital Street.

LONGLEY'S GREAT WESTERN PANACEA. 1. For Colds and Feverish Feelings, and prostrating Fevers. 2. For Asthma, Liver complaint of Bilious affections. 3. For Dropsy, Indigestion and Loss of Appetite. 4. For Costiveness, flatulencies and nervous complaints. For Stomach affections, Dyspepsia, Piles, haemorrhoids, &c. The great points are, it is not ad to take, never gives pain, and never leaves no restive.

Dyspepsia and Liver Complaint cured by the use of this medicine. If the stomach is very weak, it is positively the best medicine to use. It is not ad to take, never gives pain, and never leaves no restive.

DEAFNESS. Use Dr. LARZETT'S ACOUSTIC OIL, for the cure of Deafness. Also, all those disagreeable noises like the buzzing of insects, falling of water, whizzing of steam, which are symptoms of approaching deafness. Many persons who have been deaf for ten, fifteen, or twenty years, and who have used one or two bottles, have, after using one or two bottles, become perfectly well. It has cured cases of ten, fifteen, and even thirty years standing deafness.

OF INTEREST TO ALL. To the Old and Young!! Ho! Ye Red Heads and Grey!!! Phenomenon in Chemistry!! EAST INDIA HAIR DYE

Colours the Hair and will not the Skin. This dye will positively restore the hair to its original color, and by repeating a second night, to a bright jet Black. Any person, may, therefore, with the least possible trouble, keep his hair to any shade, or perfect black; with a positive assurance that the dye, if applied to the skin, will not colour it. By an occasional application, a person's hair will never be known to have a grey hair. Directions complete with the article. There is no coloring in this statement, as one can easily test.

These facts are warranted by the gentleman who manufactures it, who is the celebrated Chemist Dr. COMSTOCK, author of Comstock's Chemistry, Philosophy, and other works, and School Books, well known, and widely celebrated by the public.

Enquire for Comstock's Almanac for 1851; which will be given gratis. Wanted, one agent, in every town in Canada, to sell these articles, by the use of this hair, for 100 per cent. Remember, in Large Bottles, and take no other. Address, COMSTOCK & BROTHER, No. 9, John Street New York.

TO THE LADIES—THE GENUINE BALM OF COLUMBIA FOR RESTORING THE HAIR

"Long hair is a glory to a woman," says Paul, Preserve it then, ladies, your pride and joy. Unless you protect it with this preparation.

If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases of baldness, it will more than exceed our expectations. Many who have lost their hair, twenty years ago, have had it restored to its original perfection by the use of this hair. Age, state, or condition, will be no obstacle whatsoever; it also causes the fluid to flow with which the delicate hair-globes are filled, by which means thousands (whose hair was grey as the Asiatie eagle) have had their hair restored to its natural color by this valuable remedy. In all cases of fever it will be found the most pleasant wash that can be used. A few applications are necessary to keep the hair from falling out. It strengthens the roots, it never fails to impart a rich glossy appearance, and is as a perfume for the hair it is unequalled. It holds three times as much other mis-called hair restoratives, and is more effectual.

CAUTION—Never buy it unless you find the name of Comstock & Co., proprietors, on the wrapper of each bottle, or you are cheated with a counterfeit article.

WHO WANTS MONEY!!! The Subscriber will pay the highest market price in Cash, for any quantity of good Merchantable OATS delivered at their store-house in Port Stanley.

ROUTH & DAVISON. January 1, 1851.

THE FARMER'S PAPER, The Canadian Agriculturist; The best and cheapest Farmer's paper published in Canada, and the only one now published in Upper Canada.

THE second volume of the Agriculturist in its present form commences January, 1851. It is issued monthly, and contains 24 pages, double columns, impvo of octavo. During the present year, the advertising sheet will be dispensed with. It will contain numerous constructions of Machines and Farm Implements, Farm Houses and Cottages, &c.; Plans for School Houses, and Diagrams in explanation of questions in mechanical science and natural philosophy.

Great care will be taken in the selection of matter, whether relating Agriculture, Horticulture, Mechanics, Domestic Economy, Education, or general Science. Several intelligent practical farmers and gardeners have promised correspondence, and the editors will be happy to receive communications from all their subscribers. Such as are of interest will be freely published. Two or three gentlemen of high scientific attainments (one of whom is connected with the University) have agreed to contribute to the columns of the Agriculturist.

Farmers, subscribe and pay for your paper; and then write for it: all parties will thus be pleased and benefited.

The Agriculturist is devoted to the development and advancement of the real interests of Canada. Much good has already been done by this paper and those which preceded it, and of which it is a continuation. During the year, the proprietors of the Cultivator, and the proprietors of the Agriculturist have, so far, been out of pocket, besides the time, labor and anxiety spent in its publication. It is the opinion that the farmers of Canada will not support an agricultural paper of any kind, to continue? We hope not. Let us therefore, love their country, and desire its improvement make a little more effort this year, and the reproach may be wiped out forever.

As an inducement to extra exertion, we offer the following Premiums: ONE HUNDRED DOLLARS! SEVENTY FIVE DOLLARS! FIFTY DOLLARS!

Every person who will procure 200 subscribers for the Agriculturist, at the subscription price of one dollar, and remit the money at the time of ordering the paper will be paid \$100; for 160 subscribers, \$75; for 75 ditto, \$50; for 60 ditto, \$25.

Agricultural Societies, and those persons who obtain the paper through their society, are excluded from the above. As we have no travelling agents, the offers are open, and accessible to all, with the exception just mentioned. No papers will be sent unless the subscription accompanies the order, until the smallest number (60) is realized; after that one-half the price may be retained by the competitor, till the completion of the list which he intends to forward. Who will try? Where is the Township in Canada West; in which no young man can be found willing to spend two or three weeks this winter to win at least the \$25 prize?

Agricultural Societies ordering 25 copies and upwards, will be supplied at half a dollar; twelve copies and upwards, 3s 9d. Single subscriptions, one dollar. Local Agents, who will procure over three subscribers, and remit us the subscription, free of postage, will be allowed 25 per cent.

George Buckland, Secretary Agricultural Association, Principal Editor, assisted by William McDougall, Proprietor.

All letters should be post-paid, and addressed to the Editors of the Agriculturist, Toronto.

FLOUR, OATMEAL, & BARLEY, WHOLESALE & RETAIL.

Coyne, where he will keep constantly on hand and for sale, Oatmeal, and Barley cheaper than can be had in any other establishment in St. Thomas. He has received a large supply of TEAS and other articles in the Grocery line, well worthy of attention.

JOHN FRASER. St. Thomas, Dec. 1850. 44.
